To whom it may concern: I RodgerLGamble I am appealing this motion. I'm asking for more time due to harassment.I have been served with eviction papers twice while my case was still in processing. I'm asking for more time to relocate because the whole process is very overwhelming, having to pay court fees and finding some where to move to. I'm asking for more time to get things together so I can proceed.Also asking for more time to pay the court fees.
