APPELLANT'S WRITTEN OBJECTION

Appellant, Terence L. Rush, files a written objection with this Honorable Court and states the following:

1. Appellant was not provided the candor of a copy of Respondent's Motion to allow late filing of Respondent's initial brief and designation of matter.
2. Appellant was notified that Respondent had a set amount of days to file these documents and upon not receiving a copy, as Appellant has provided copies of every document filed to Respondent, presumed Respondents chose to waive this right thereby forfeiting the inclusion of their initial brief and designation of matter by not filing one.
3. Respondent is not hampered or hindered as Appellant is by incarceration with control of his access to mail, supplies, electronic filing, or the ability to procur records and legal precedent thru electronic devices or by their appearance in person.

WHEREFORE, Appellant Objects in writing as to substance. The brief and any designated material would have not been included due to Respondent's waiver by not complying with first order.

Respectfully submitted,
