MOTION TO EXTEND TIME

In these consolidated cases, Appellants each request an extension of up to an additional 15 days, if needed, in which to file Appellants' initial brief and designation of matter. Respondent's counsel has consented to this request. This is the third extension request. In accordance with present rule, Appellants will send the \$50 filing fee within five days, along with a copy of this electronically filed motion to:

The Honorable Jenny Abbott Kitchings
Clerk, South Carolina Court of Appeals
P. O. Box 11629
Columbia, SC 2920211

The original extended deadline was July 1, 2022, making the extension until July 18, 2022.

In lieu of separate affidavit, the undersigned hereby affirms the following:

The grounds for this motion are that more time is needed in that Appellants' counsel's schedule and workload necessitate same and that counsel has had a huge load of work, some of which took unexpected turns, and has had a shortage of assistance. A large portion of the materials are completed, but counsel has had unexpected difficulties including a vision problem in one eye and some health issues that have been aggravated by the work, and which have cut into counsel's work time, and counsel has plans to be out of town next week. Counsel expects to be alright, but needs to follow up with a full-fledged eye doctor sometime soon, and counsel's assistant, who got a concussion in an accident, seems to be getting better.

Although the availability of measures in lieu of notarial services described in S.C. Sup. Ct. Orders relating to pandemic and post-pandemic procedures have expired, for the same reasons set forth in this motion, in lieu of having this document notarized, I certify that the foregoing statements made by me are true and request that the motion be accepted in its present form. I am aware that if any of the foregoing statements made by me are willfully false, I am subject to punishment by contempt.
