Re: Oak Forest Homeowners Association v. Paul Dennison
Appellate Case No.: 23022-000708

Dear Clerk:

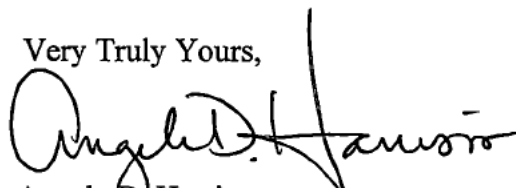

In response to your letter dated June 21, 2022, regarding the above referenced matter, enclosed please find a copy of the transcript request letter sent to the trial court reporter, Sunni Fry on May 23, 2022. I apologize that a copy of this letter was not provided to the Court or to opposing counsel at the time of the request. That was an oversight on my part.

Your letter requests that I file a Motion Requesting Permission to Order the transcript outside of the filing deadlines; however, I am not sure that such a motion is necessary provided that the transcript has already been requested. Please let me know if a Motion or other formal filing is required.

As an additional matter, to date the Court Reporter has not acknowledged our request for the transcript as required pursuant to Rule 207(a)(1). I contacted Court Administration, but they were unable to assist me because this case was heard in Master-in-Equity Court; therefore, I have also reached out to our local Master-in-Equity office to see if they are able to access the Court Reporter or her files. I will provide updates as to the status of my communication with the court reporter as they are available.

Should you need anything else, please do not hesitate to call me or my paralegal, Jordan. With kindest regards, I remain

Very Truly Yours,

Angela D. Harrison
