Appellate Case No. 2022-000839

RECEIVED

S.C. SUPREME COURT

To whom it may concern,

I, Rodger Gamble am writing this letter today to petition a request to an extension to review my case. I believe I have new forthcoming evidence in my favor which will be provided alongside this document. Just to briefly I live on 2710 S Ocean Blvd North Myrtle Beach SC 29582. My family & I originally moved in November 2019 with a previous landlord. When the COVID pandemic a few months later in January 2021 I was informed the landlord sold to Priscilla Calvo and John. In February 2021 I was served with my first eviction notice due to the new landlord wanting all old tenants out. By March 2021 he would not accept my rent & just wanted us gone but due to lack of employment and resources my family & I would have nowhere to go. I tried explaining this to the landlord but he still wanted to proceed further and I was served with a 30 day notice. In April 21 I went before the judge for my first hearing which I then requested a jury trial where it was determined by Judge Livingston I would need to pay \$650.00 every month. I complied & continued to pay the rent in full each month. In September 21 Mrs. Calvo falsely stated she didn't receive her money on the 15th but instead got it on the 27th causing a breach of lease leading to my failure to contempt conviction. In October 21 I was served a 15 day notice which I then appealed at Majesty Court. From there I appealed my case in the Circuit Court with Judge Benjamin. The previous judge recommended Judge Benjamin to rule in his favor with his decision in which the judge complied. In January 22 my case was dismissed. I then tried to appeal again by which this time I was given a 24 hour notice to evict by the sheriff's department. I am currently still looking for places to rent but with studio apartments starting at \$1,200.00 a month it's very hard to find a home big enough for my family still in a price range I can afford. I am asking today for a chance to be heard. I would like my case to be reopened & reviewed by another judge. I am willing to provide all necessary documents needed for this hearing. I'm hoping you will give me the chance to tell my story.

Best regards,

Rodger Gamble
