**RE: Extension Request for Initial Brief**  
**Case: The State v. Michael B. Erickson, 2022-000868**

Dear Ms. Kitchings,

I hope this letter finds you well. I am writing to request a 30-day extension for filing of Appellant's initial brief in this case. The brief is currently due on August 20, 2022. My current caseload has delayed completion of this brief. No prior extensions have been requested. I appreciate your consideration.
