Re: The State v. Talliferro S. Butler, II.
Appellate Case No. 2021-001499

Please allow this letter to serve as my response to the Court's letter dated August 15th, 2022. I acknowledge that the transcript has been received by my office. The transcript was received via email on Saturday, August 6th, 2022. The email was addressed to my paralegal, and I was not copied on the email. This occurred during a time when some of my staff was out of work due to Covid-19. We did not realize that we had in fact received the transcript until August 16th, 2023, at which time, my paralegal responded to the Court Reporter that we were in receipt of the transcript.

Due to my delay in getting to the transcript, I respectfully request a 30-day extension of time to file the Appellant's initial brief.

Respectfully,

Angela Lane
