Honorable Jenny Abbott Kitchings, If it pleases the court would like to inform the Court of Being out of commission due to sickness (able to send medical records) and apologize for any inconvenience. I was not able to obtain a \$30,000 loan to finish Paying Attorney James Carpenter. My house has been on the market for two years in the biggest real estate boom in history. It will not sell due to the "easment" I was forced to agree to with the "original Brown property" I want the facts to be reviewed.

1. The Man in my yard doing "a survey" did not identify himself, he did not have identification or tools to do a survey not even a tape measure. The police made him leave because he would not show them ID or identify who he worked for. Records for that were recorded at PCPD and obtained and were in file in every Attorney I have hired and not admitted in to evidence at trial.

2. The Meares auction company list my home at 548 Concord Church Rd, Pickens, SC 29671 for sale and Arial photos of my property and sign were put on my property by Brittany Hendricks Reams who now works for Blue realty group. It caused a riff in the family due to this mistake. Arial photos also show the other two ways to access in to "Browns original property" one sold to the Browns by my husband on record at court house which would eliminate any perscriptive over my property as he owned the road access no longer "land locked"

3.I was forced into an agreement with a letter from my own attorney Dan Hunt given to me the day of mediation(proof has been sent) of impending "\$850,000 lawsuit" if I don't sign the agreement. I had no idea how unethical and against the Oath an Attorney takes when becoming one.

These three facts alone should be reviewed and I should be relieved of the judgment incurred by Court. Thank you for your consideration and patience.

Sincerely,
Teresa Lynne Smith Williams Waldrop
