ORDER

---

These appeals were dismissed by order dated August 31, 2022. Appellant has now filed a petition for rehearing in each of these appeals.

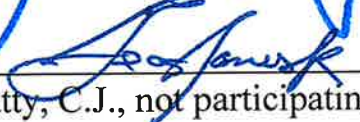

In her petitions, Appellant alleges she did not have access to the full Court record in the public access version of the appellate case management system ("C-Track public access"), and she specifically lacked access to the circuit court record and Appellant's April 11, 2022 filing. After reviewing the petitions, this Court has verified that the documents are currently available for viewing on C-Track public access.

Accordingly, the Court finds it appropriate to allow Appellant the opportunity to supplement her petitions for rehearing, to the extent that she chooses to do so. Any supplemental petitions must be served and filed within fifteen (15) days of the date of this order.
