Dear Ms. Howard:

I am in receipt of your correspondence dated September 27, 2022 advising me that the Court has received "Notice of Appeal" in the above indicated case and further advising that, in order for this matter to proceed I will need to provide this Court with an explanation as to why the determination of the circuit court barring this

'action as being successive and/or as being untimely under the statute of limitations was improper.

Apparently, there has been an innocuous oversight, in reference to, the documents that I submitted with my notice of appeal, as is, required by Rule 243(c), SCACR. Along with my "Notice of Appeal", I also submitted the required Explanation with attached Certificate of Service and Proof of Service that Respondent has previously been served all dated September 20, 2022, however, I am resubmitting pursuant to Rule 243 (c), ^{SCACR,} my written explanation as to why the circuit court's determination was improper, along with attached certificate of service and proof of service that Respondent has been served.

cc:

Zachary William Jones, Esquire

Sincerely,

Ronald D. Dingle
