Re: Michel D. Haynes v. Saverne Haynes  
Appellate Case No. 2022-000699

Dear Ms. Haynes:

Upon reviewing your respondent's initial brief and designation of matter, the following deficiency or deficiencies have been noted under the South Carolina Appellate Court Rules (SCACR), and any deficiency must be corrected within ten (10) days of the date of this letter or your brief will not be considered:

- A proof of service for the respondent's initial brief and designation of matter has not been provided. You must serve and file a proof of service substantially in the format shown by Form 7 in Appendix C to part II of the SCACR.
- Upon filing the final brief, you must correct the title to indicate it is the brief of the respondent, and not the brief of the appellant.
- Additionally, you must file a \$50 filing fee and proof of service for the motion to file the respondent's initial brief and designation of matter out of time, as requested by the Court's letter dated September 19, 2022.

Very truly yours,

  
CLERK
