RE: Kadrin Singleton, 335449 v. State, App. Case No.: 2022-001121

Dear Madam Clerk:

For the above referenced PCR appeal, the Petition for Writ of Certiorari and Appendix is due to be served today. I am writing to request my second thirty-day extension. This request is needed due to a heavy workload to include filings and appearances in both circuit and appellate courts in the last thirty days. This request is also needed because I have experienced complications in compiling the Appendix. Please know that this request is not being made for the purposes of delay, but it is necessary.

Thank you for your consideration in this matter. Please contact me if any additional information is needed.

Yours truly,  
  
Tricia A. Blanchette  
Attorney at Law
