Hello,

Attached are two motions:

- Motion for Final Brief Extension - Requesting an extension to the Final Brief deadline
- Abeyance Request - Requesting abeyance of the Final Brief until the Judge rules on the present and previous motions which was a request to receive accurate trial and hearing transcripts. On the last pages of the attachment is Rule 607 from the SC Judicial Branch website, where the ASCII Disks I've been requesting is highlighted

Thank you.
