Attached you will find another copy of the Petition to Reinstate the above captioned PCR Appeal as filed electronically on Monday, October 31, 2022. I apologize that the petition itself did not contain my digital signature. I understand that the Court staff was also unable to open the Certificate of Service filed with my petition. I am attaching another copy of that as well. Thank you very much for your assistance in refiling these documents. I have still been home sick with COVID all week or I would have gotten these replacement documents to the Court sooner. Thanks again. Have a nice weekend.
