S.C. SUPREME COURT

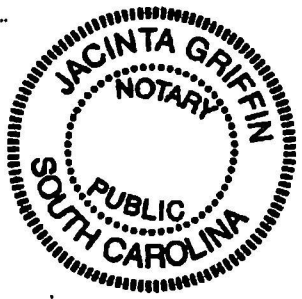

Hello. My name is Patricia Annette Powers, and my current address is 610 Goldmine Rd 307 SC 29 307. I recently learned that there may have been an issue at a murder trial back in 1995. I was about 17 or so years old and I was in a relationship with Woodrow Boowee Smith Sr. back then. He was maybe 25 years older than me then. He was going through some marital issues with his wife then. I first met him at a club in Kelton and we began a relationship then. One particular day, he must have been in court that day, because he took me to an old 2 story house in Kelton and we sat out in the yard drinking a few beers and him and another guy, Mike was talking. They kept talking about this guy named Tony Moore. That's when I learned that Boowee had been on a murder trial that day. I didn't know Tony Moore but I did see him around at baseball games and at the clubs. Boowee kept saying that that boy is guilty and that he was going to make sure that he paid with his life for murdering that girl in cold blood. I remember Mike asking him, how did he get on the jury anyway because he and Boowee are related. They kept talking about how Tony's daddy killed some man years ago and that boy is just like his daddy. I told them that anybody who kills a girl doesn't deserve any mercy and should pay with their life. I remember asking them what if it was one of their daughters. We stayed out there talking for about 2 hours or so, then me and Boowee went and spent some time together before he took me back home around 9 or so. Boowee said that he have to get up the next day and go waist his time with that trial the next day and that he hope to get it over with soon. Boowee said that that boy is guilty as hell.
