

To Sarah Shipe / Ashley McMahon

I have tried calling 1-803-734-1330 everyday several times a day, is there a certain time?

Here is a copy of the Brady Motion i sent to the Kershaw county clerks office. I have been requesting to see most of the items listed for 10 years now and have been denied 10 years. I'm in Prison for a crime that never happened. I do not have access to the internet. I asked Ola Johnson for some of these items and he said my attorney given to me for the supreme court would have to address this before we even went to court on April 1, 2022.

① I want to see everything the judge was given on April 1, 2022 to come to his decision.

② I want to see everything you have been given before I start mailing you what I have that you need to read before submitting

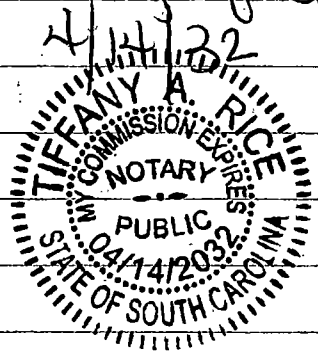

your case. This is important.

- ③ I want to see this record of proceedings asap also
- ④ How do I file a motion for fraud on the court? Who do I talk to?
- ⑤ I need to be allowed to read this so called Discovery, Anna denied me this, Neil Riley and Ola Johnson has denied me this!
- ⑥ Please file and Submit this Brady motion, Clerk of Court said give it to my lawyer so here it is.
- ⑦ Ola Johnson would not answer any of my questions that are listed in my per that was filed, I asked him in the court room one last time and he said again the attorney that you get next will have to help you, this was said before the judge gave her opinion. ???

- ⑧ Please send me a copy of this letter back so I know you got it and have helped with each issue and request. Also all other papers enclosed.
- ⑨ I am being tortured and told to drop my PCR by SeDC staff members and inmates. I need to know how to file a motion or what type of motion to speak with a honest judge.
- ⑩ I'm still being denied medical help. They said if i drop my PCR they will give me my spine surgery. I had my surgery scheduled and it fell the same week of court and the judge and anna and lady prosecutor conspired and denied me this. I'm still in wheelchair and can only sit up for a few minutes at a time.
- ⑪ I had to give all of this legal work to another inmate named Austin Harriss to get copies to mail you because I can't sit up long enough to go to mail room and staff members say they will bill me

① - if I come out of the room.
