

Dear SC court of Appeals,

I am writing regarding the reasoning on why I feel I need a direct appeal. My lawyer promised me a plea deal before I went to court and it didn't go the way it should've. The judge denied my plea and raised it because solicitor brought up charges I was never convicted of. I have no violent history at all, and I was young whenever I made a bad decision. My lawyer didn't do his job at all, ineffective assistance of counseling is another reason. I'm filing for appeal. 45 years is a very long time, I came for a plea and it resulted like I went to trial. I just please ask can I get a direct appeal
