S.C. SUPREME COURT

1-29-23

Re: # 2022-001769 / Appellate # 2021-000386

Judge Beatty, (Note: **I AM ABRAHAM'S Grandson**)

Please be advised that I was prior to your 6-15-21 order I've had an 29b motion for a new trial pending. This motion pending consists of newly discovered evidence that clearly requires a new trial. My attorney appointed by the court has already admitted that the newly discovered evidence requires a new trial and acquittal of my sentence due to the abundance of new evidence. My court appointed attorney is focused on this court's order. An order that is unconstitutional and is hindering and obstructing justice.

Due to this 29b motion pending I was prior to your 6-15-21 order rejected this problem because this court must've not known about the 29b pending motion. Will this court remove this order so my attorney can prepare and get the newly discovered evidence heard. Anything else would be considered full 5 judges beating me  
1 of 4

which probably encouraged Memphis TN.  
Cops to conduct A Tik-Tok Challenge where  
5 Cops beat 29 yr old Tyne Nichols to  
death. Hearing the video suggests they're  
copying my being assaulted verbatim. How  
they kept saying "I hope they stump his ---"

This is people on the soap program I've  
heard wishing the courts stump me. Beat me  
up.

Clearly its illegal to prohibit me from chall-  
enging my conviction via Rule 243(c) permits  
the court to be given an explanation before  
filing another Appeal or writ of cert.

It does not allow this court to prohibit  
any US citizen. Please, Apply the law as its  
written. As you've said on National T.V. saying  
you would follow the law as its written... The  
law does not allow any court to prohibit any  
U.S. citizen from filing a petition to the Gov.  
for Redress A.k.a Challenge their illegal conviction.

Its been 13 yrs since my 29b motion has been  
Pending since 2010 where evidence discovered exculpates  
me. Its An obstruction of Justice to allow this  
unconstitutional order to keep me in prison illegally.

P.S. "MILLIONS see my Const. Rights being violated in <sup>1-29-23</sup> <sup># Appellate</sup> <sup># 2021-000386</sup> <sup>tett</sup>

For Historic evidence of ME... Its approx 2:30-3:30 p.m 1-29-23. Hours prior to the 6:30 p.m Final Four Football games. I have not called anyone today to order anything. This mail will be placed in the mail prior to the 6:30 game.

I've not even spoken out loud what I've sent this court today.

Although MIC is only a by-product of ME. Else it could not exist within ME. So it wouldn't matter.

This is to say <sup>in</sup> <sup>prac.</sup> If this is done MILLIONS see my Const. Rights being violated

As usual the Creme will reflect reflections in its plays ordered by coaches based off my legal arguments that no one has seen but ME. How does that happen

As there's no ME or I'm delusional???

By the time this letter is taken up tomorrow

history will be written. However, the timeline will show my evidence that I Am and I do exist. How else can hundreds of thousands of people adhere to my letter to the Courts complaining of Police brutality, Sic. Supreme Courts encouraging Police Brutality etc...

By the time this mail is taken out the mailbox on 1-30-23 these 1-29-23 Football games will be history. Proof I'm not delusional. And not one officer of the Government contacted these Coaches, <sup>to call plays.</sup> However, Referees and some Good law enforcement will be in turn also. How? I'm in search of ME myself also. How? What connects us? Yet I'm beaten <sup>4 of 4</sup> by the SAME Courts, inmates, laws etc?

S.C. SUPREME COURT

Re: Appellate No. 2021-000386 <sup>1st</sup> 2022-001769

Dear Judge Beatty,

I'm writing in regards to a unconstitutional order given in the above referenced cases where 5 judges issued a unconstitutional order stating that they prohibit me from challenging my conviction which is a violation of the 1st Amendment that states: Congress shall pass no law that prohibits us - citizens from filing a petition to Government for Redress.

Also, my 29b motion has been filed 11/15/21 prior to the 6-15-21 Appellate case # 2021-000386 (unconstitutional order). Inmates claimed the 2022-001769 prior to it coming to me in the mail. Claiming the S.C. Supreme Court Beatty Me.

This letter is to alert the court that they encouraged a Tik-Tok challenge on 29 yr old Tyree Nichols that was beaten to death on 1-17-23 by 5 police officers... This is why President Biden Banned Tik-Tok challenges from Government websites...

Remember, 5 judges issued an unconstitutional order on my pending 29b motion that has been pending since 2020. I wrote Governor McMaster on 1-9-23 about this issue. I see this is a Tik-Tok challenge

and its reflective of past assaults on me on 3-10-22... The footage from Tyne Nichols Assault and murder gives me flashbacks of this 3-10-22 assault that's on camera but no one got charged. The chief of police looks similar to A Lt. Banks at Broad River Prison... Its definitely A Tik-Tok challenge! In fact the past 10-15 yrs I've heard been replicating Tik-Tok challenges of my complaints, lawsuits and assaults periodically. I'm certain Tyne Nichols life was taken due to A Tik-Tok challenge that this court encouraged with its unconstitutional order.. Replicating my Complaint to Governor Henry McMaster on 11-23 about this unconstitutional order.. Exactly what I've been complaining about since Sept 2022 A unconstitutional order.

The timeline is at (8:24)p.m on (1-7-23) Tyne Nichols gets pulled over for driving reckless.. Allegedly, If you let the cellphone program tell it this court is violating my constitutional rights in 6-15-21 due to my saying and doing certain things. Basically driving reckless.. Tyne Ran from the initial location until 8 minutes later where he was caught and received fatal wounds. Left without medical Attention for too long cost him his life At the hospital, I almost bled to death on 3-10-22 due to hospital Prisma health negligence. This is why President Biden Banned Tik-Tok off Gov. websites.

2024

And the Government is supposed to remove Tik-Tok from Governmental websites according to news reports. This 1-7-23 murder is a Tik-Tok challenge. ~~its wrong~~

This unconstitutional order set in motion a Tik-Tok challenge that cost this man his life. A Replication of this counts Gross behavior. In Memphis TN. A man was killed. This is to bring to this courts Attn that its unconstitutional order encouraged 5 police to conduct a Tik-Tok challenge bragging on how the S.C. Supreme Court is a part of their #5 network. SCDC has a communication program labeled #5. which is ALL the SAME but categorized by #1, #2, #3, #4, #5, #6, #10, etc.

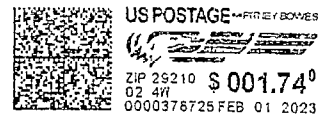

SCDC have been conducting Replications / Tik-Tok challenges for yrs. Apparently 50 have other states. we ~~just~~ <sup>only</sup> hearing about this one because someone died. They never expected he would die probably.

This request/letter is to show this court that its behavior like doing things with kids watching these officers copied it. They never thought he would die. Its wrong to take someone's life on a Tik-Tok challenge. Listening to the footage from 1-7-23 I can hear reflections of inmates beating me... saying things verbatim like "Lay down man! Sit up bro!" Grossly

Verbatim what inmates say while assaulting  
and harassing me. A Replication of the inmates  
<sup>SCDC</sup>  
~~program~~ called "officers" by SCDC personnel.  
This communication cellphone program that SCDC  
condones with inmates IN SCDC. It gives me  
flashbacks. The TN. SCORPION police in Memphis  
are A Replication of SCDC inmate officers...

Lastly, evidence that this 1-7-23 incident was  
A Tik-Tok challenge is the fact that 5 police beat  
29 yr old Tyree Nichols. The Chief of Police looks  
similar to Lt. Banks At Broad River Prison that  
was on the scene on 3-10-22... And the scorpion  
police in Memphis TN is A legalized version of  
inmates at SCDC on cellphone program called officers.  
These similarities in this ~~murder~~ / murder is deliberate  
to cause me flashbacks, causing me to Relive being Assaulted  
by inmate officers And S.C. Supreme Court all at once.  
The Supreme Court gave the impression that they  
were against #5 cellphone program via 6-15-21  
unconstitutional order... Beating me up on 6-15-21 order.  
This #5 consists of Gangs aka officers on the  
cellphone program. Believe it or not this court  
encouraged this type behavior because if the S.C.  
Supreme Court is secretly supporting #5 program  
by illegally signing (5 judges) An order beating me up  
on 6-15-21 for something I said on 5-25-21... This  
encouraged this #5 program to believe they have LEADERS  
in the S.C. Supreme Court... Sadly, this program is All over the  
U.S. And these 5 police copied this court costing somones life...
