Good Morning:

Our briefs and Record on Appeal are due next Tuesday in the above-referenced matter, but opposing counsel has filed a Motion for inclusion of additional exhibits.

We're reaching out to you for guidance as to our filing our brief and ROA while this motion is pending.... We'd like to know how the Court rules on this motion, before filing our brief and ROA. Would it be acceptable for us to wait until the Court has ruled on this motion? If so, may we have confirmation from you on that?

Thank you very much,

Reba C. Weston
