

Supreme Court of South Carolina

I (Samuel Jeter[#]242979) am writing on my behalf about the Pro Se response. I'm not charged with the elements of the burglary first. Based on the facts that I read, burglary first is a charge that got to have at least one element in order for it to be a burglary first. I was acquitted of the alleged crimes committed during the burglary. I was also charged with assault and battery first and attempted common law robbery. Both charges are elements of burglary first. I was offered a 15 year plea deal verbally. I never seen it on paper. Because if I did, I wouldn't be in here with a life sentence now! By law I only committed trespassing. I'm actual innocent of all charges including burglary first. I'm willing to take the 15 year plea deal if I see it on paper, I will also take the 15 year plea deal if the burglary first be reduced to burglary second or burglary third. That's my Pro Se response of what I want for the 15 year plea deal.
