To whom it may concern;

I was recently denied unemployment benefits after fighting relentlessly for a year and half. I jumped through every hoop, filed every appeal on time and was denied due to the fact that I did not have legal representation!!

This is utterly appalling. The justice system has failed me and probably many others in the same situation. I was wrongfully denied simply because I could not afford an attorney.

Sincerely,  
Dawn Pica  
Case # 11550015  
Defendant:  
Walmart Associates Inc.
