Motion to Stay

RECEIVED

Feb 21 2023

SC Court of Appeals

We did not seek a delay on the foreclosure sale.

We were seeking legal help from the court system in the severe attempt to show all the illegal activity in the very beginning of buying our home.

This past Friday we went Greenville County Courthouse to get the required paperwork to file our Appeal and other required Motions. When we got to the Courthouse we walked in and the officers asked for our last name, we told them Norris and they about (6) six told us to turn around and leave the building.

We can prove Holly Webster from SC
Legal Services fired herself from us when
we refused to accept Mountainside LLC
offer because of the illegal activity,
we can be proven. Holly Webster and
her manager laughed at us, told us to
shut up and raise our hands. This put us
in default.

Mountside LLC stopped taking our
payments in Dec. 2021, and refused to
accept any help from the CARES Act.
Forced us to stay with the Insurance
Company with Jeremy "Drew" Scott

Our home was bought thru Fannie Mae
we are 1st time home buyers and never
went thru and required classes.
At closings and all paperwork with
agent Mary Younger, Mountainside LLC / Janet
Masters, Tammy and Alex Norris,
