SC Court of Appeals

To Whom It May Concern I Shenika McIntyre an appeal and I sent a copy to you and I sent a letter to request to waive the filing fee. I also sent a copy of the petition I have against my landlord and I have also sent over a letter from Steven boss stating he didn't work on the day my landlord claim he did. I feel this case is false and I feel I am being wrongly accused and harassed. I have a little daughter I take care of and I go to church every Sunday and there I serve as a secretary on the Usher board and I go to bible study every Thursday and I work every day so when my landlord says she sees Steven Smith come out my back door that's a lie because he haven't even been to my house in I don't know how long. When my landlord told me they didn't accept him on the lease I had to evict him from my residence. He haven't been to my house since. My landlord has picks and she keep going on and on about the same thing. I feel she is working against me in wrongful doings. I pay my rent like I'm supposed to and I make sure my baby girl goes to school and make sure she's taken care of. Please I would like to plea my case because I feel like I have tell my side and the truth and I shouldn't get evicted over something I didn't do. I have nowhere else to go.

Thank you, Shenika McIntyre
