I may have unintentionally misled you on this. Looking at the Rule, it states the reporter must request an extension from the Office of Court Administration. I will inform them of the situation, but it is probably insufficient for me to make a request on your behalf. I believe Tammie Holmes is the person to whom you should direct your request. I have copied her on this email.

Good afternoon, Mr. Thompson.

I have received your e-mail wherein you request the Transcript of Record in the case of Hess vs. Morphis. Upon review of my notes, I estimate the transcript will be approximately 65 pages long for

an estimated cost of \$284.25, which includes postage and handling. An electronic copy can also be furnished with any official transcript order for an additional \$40.00, which would total \$324.25. I will waive the electronic copy fee and, of course, postage and handling, if you would like only an electronic copy, making the total \$276.25.

If the transcript is smaller than estimated, I will certainly refund your money. Likewise, if it is larger than my estimation, I will either call or write you to let you know of the balance owed before providing you with the transcript.

It is necessary that I receive payment before producing the transcript in the form of a cashier's check, money order, or law firm check made payable to Bethanie Creppon. I cannot accept a personal check. Upon receipt of the funds, I will place your transcript in line for production. By statute, I am allowed 60 days to complete the transcript. If a longer period is needed, I will request an extension and you will be informed by Court Administration.

Thank you in advance for your prepayment, and I look forward to hearing back from you.

Ms. Soapes. Are we still on Judge Benjamin's calendar for next Thursday, May 19, starting at 10:00 a.m. to hear the post-trial motions in the Hess case? I acknowledge that the Morphis Defendants would be entitled to a set-off of a portion of the settlement with the accounting Defendants, but only to the extent of the actual damages (not the punitive damages), and provided that any set-off would occur after any trebling of damages under the SC Payment of Wages Act. I am fine with Mr. Wilson's request from April 6, 2022

to keep the amount of the settlement out of the public record in the case. Thank you.

Mr. Rothstein,

The judges have a conference during the chambers week in that first week of May. She does not believe she can hear the post trial motions any sooner than the week of 5/16. She was thinking Thursday, 5/19 around 10:00 am. Does that work for everyone's schedules?

Chandler. I know that you guys are busy, but is there any way that Judge Benjamin could hear the motions sooner, perhaps during a chambers week or before or after her regular court proceedings for a particular day? I think it would be much better to have the post-trial motions heard while the trial is still fairly fresh in everyone's mind. Thanks, Dave.

Scheduling Post Trial Motions with Judge
Benjamin

Good morning,

Judge Benjamin is already scheduled to hear post-trial motions from an earlier trial during her non-jury week. I will be in touch with other dates that work for Judge Benjamin soon.

Thank you.

Best,
