RE: Jeffery Rush Appellant v. Shady Moss Apartments Respondent
Magistrate Court No: 2021CV261070730
Circuit Court Case No: 2021CP2602492
SC Court of Appeals No: 2022-001353

Dear Ms. Long,

On October 6, 2022, our office sent a request for a transcript in the above referenced case. You provided my office with a CD copy of the recording on January 10, 2023. We were able to find a transcriber through Legal Eagle to translate the recording and sent out a flash drive on February 17, 2023. When she received the recording, the recording was not on there. We checked our online files where we saved the recording, and the original CD, but the recording was completely deleted from all devices. We contacted our IT department, and have not able to locate the recordings.

Therefore, I ask that you be so kind as to provide another copy of the recording to our office so we may forward it to Legal Eagle. If you are able to send it directly to Legal Eagle, please let me know so I may provide you with the address. If there are any questions, please contact with me.

Sincerely,

South Carolina Legal Services
