Re: *Rosen Hagood, LLC v. Albert T. Henson, Jr.*
Appellate Case No.: 2022-001070

Dear Ms. Kitchings:

We are writing to request clarification on the Court's order dated March 14, 2023. Respondent/Appellant has filed two motions to strike in this matter. The Court's most recent order grant's Respondent/Appellant's motion to strike Mr. Henson's designation of matter and initial respondent's brief, filed January 3, 2023. The order requires Mr. Henson to file an amended designation of matter and initial respondent's brief that "includes and/or references only the portions of his deposition transcript which were presented to the lower court." However, there were no references to Mr. Henson's deposition transcript in the designation of matter and initial respondent's brief filed on January 3, 2023. The only references made to the deposition transcript were contained in Mr. Henson's designation of matter and initial appellant's brief filed on January 27, 2023. Therefore, we are requesting clarification on which motion to strike the Court is addressing in its most recent order. If you have any questions, please do not hesitate to contact our office. With warm personal regards, I am,

Sincerely yours,

s/Haley Hubbard
