Good morning Ms Green, hey this is Joe Clemons again ma'am I know the court reporters manual have in their you have WebEx unedited uncut rough draft email transcripts that have not been altered, or skipped words and when you record it from the recording I want you to record every word and ma'am I know there's time when you guys edit, leave out things maybe because you may think it's not needed. So I don't want the edit version where you skip things, I want every word, exact replica of what's is on the recording can, you please get me that? This thing has happened to me before and I don't need it to happen again.

Mr. Clemons,

Court reporters are sent the audio to type the transcript from. We listen to the audio and put what is on the audio on paper. Audios are not allowed to be given out to parties. That is the way a transcript is prepared. If this is not what you want, please let me know and I will consider this request canceled.

This is for a hearing on 1/31/23. I don't know what you mean by uncut, unedited version.

Is this transcript is for both, or is it only one and which one?

Yes, please proceed. But I only want the uncut unedited version, I do not want the edited version, if you only have edited I do not want it.
