I'm out of town for a couple days. So I don't remember off the top of my head. I think I was thinking about 25 pages but I could be wrong about that.

So here are the rates.

7.00 per page for same day delivery.
6.00 per page for overnight delivery.
5.00 per page for seven day delivery
4.25 per page for delivery within 60 days.

Back in September of 2022 I was sent the request you made for a hearing on 7/19/22. I sent you an email about it and never heard anything back from you. I don't know if you ever received that email or not. It was on 9/8/2022.

I don't have any information about a hearing on 1/11/2021. You would need to follow up with Court Administration about that one.

Great, thank you so much! Miss Miss green I don't know if you have ever done any transcript for me before but certainly I have had problems in the past and I'm okay with what you are saying if you do what you say you will do that's fine and also which one of these hearing that you are going to transcribe and the second thing what about the others that I requesting the one on January 11th 2021 and the one that took place on July 18th 2022 who going to see that I get those the accurate uncut unedited version because I certainly never got that before. Also can you just please give me a call and I can pay for it with a credit card over the phone can you just please give me a call and we can go through all the details and all this back and forth on the email?

Mr. Clemons,

When I do a transcript, I put in every word. I do not leave anything out. When I prepare it, and if you did feel that I had left something out, all you would need to do is contact me and I am happy to check it again and also change it if I did make a mistake. Court reporters are only human. We do make mistakes but I do try very hard not to.

So if you wish to receive this transcript, you would need to send payment and I will prepare it for you.

Good morning Ms Green, hey this is Joe Clemons again ma'am I know the court reporters manual have in their you have WebEx unedited uncut rough draft email transcripts that have not been altered, or skipped words and when you record it from the recording I want you to record every word and ma'am I know there's time when you guys edit, leave out things maybe because you may think it's not needed. So I don't want the edit version where you skip things, I want every word, exact replica of what's is on the recording can, you please get me that? This thing has happened to me before and I don't need it to happen again.

Mr. Clemons,

Court reporters are sent the audio to type the transcript from. We listen to the audio and put what is on the audio on paper. Audios are not allowed to be given out to parties. That is the way a transcript is prepared. If this is not what you want, please let me know and I will consider this request canceled.
