Mr. Threatt, On 10/27/2020, you issued a permit to construct a wastewater system onsite at 410 Palmetto Blvd. Project No. RD-20-63.

The permitted site has since become located on an active beach and is illegal. I hereby request that you re-visit the site and determine if the system is now illegal and if the permit should be null and void.

I offer that I can visit the site with you and your associates to re-evaluate the conditions.

Thanks, Steve Mueller 585-766-0808
