I want I'm file for a motion of return. I no longer want William McCellar on my case representing. I have several reason and my family also getting me a paid lawyer, but I can take a public Defender or a pro bono for now. I file for this the first time and I kept him cause he was talking different, like he gone advocate for me the best of his ability. He told me he was cheating on his wife, with another woman, while her husband was not home and he's a drunk. So I feel like he would want justice done if it happen to him. He lied to me saying everything ok, I'm going home. His investigator also told me the same. He told me he talk to the victim family, and they said, they understand my situation, when he lied and never talk to them. He told me, I'm getting 6 to 5 or time serve. when he lied about that. I told him I want my mother letter read out loud and he never did it. He lied and said he gave the Judge my mother letter, when he never did. My mother watch him in court the whole time. He told my mother she can speak on my behave. He ignore her the whole time in court. He never spoke up for me, when they said, I had a pr bond. Because the solicitor made it seem like I bounce from spot to spot. when it's very clear 560 Shiloh church Heights Rd, address I use to get a pr bond. Me and Tesheta Davis where staying together. we left 1184 peter Rd address the end 2015 going into 2016. I told him in court to let the court know this is a crime of passion and he said no need for that. long as I know, He know, the Judge know, that all matters. I also told him to let the court know that this man was coming to my house, every night I go to work and have when I get off. He's not innocent either, And William McCellar said no it make it seem

like gov not taking the blame. He also said Bryson Washington was and innocent man and I'm not. When clear as day this man in my house, where I pay bills and take care my family. I also had bills in my name. Get him off my case for good. I hate him. He was out to get me this whole time, I had him remove off my case the first time. He never sat down and went over my case with me at all. Plus his secretary work for him. Told Leshoka Davis, she don't need to come to court and speak on my behave nor sign papers saying she don't want to go forth with this case and everything OK, just stay out the way. When I was sentence and she found out about Leshoka Davis call the public Defender office and talk to his secretary, asking why did they charge me with her charge and sentence me like that. They told her you could have come to court and we didn't charge him with your charge. Leshoka Davis had a dispute between them two saying, yall told me not to come to court and everything was good. Mr. William McKellar and his secretary lied to me and Leshoka Davis stopping her from coming to court speaking on my behave. He sold me out. I was over sentence.
