Ms. Green will I get a physical copy of that, can you

put a physical copy of that transcript in the mail also.

Today is Sunday 4-9-23, I have just finished reading that uncut unedited WebEx transcript that you sent on 4-7-23, that transcript is so bad and no one could make get a sense of or understand what that is saying especially when I'm talking. So, if there, is not a better clearer, more accurate uncut unedited version of that hearing, then you need to get the audio recording or whatever is available so the court of appeal can have a clear understanding of what took place at that hearing. Also, in line 103 where the lawyer (Robert Kneece) stated that he and I were at that first hearing is not true, because he was not there. Also again from lines 57 to 69 Judge Coble is speaking but when you get to line 70 and on throughout the rest of that transcript Judge Coble Law Clerk is speaking, why is that? Can you please look into these things for me?

Miss green thank you for that unedited transcript, when I get back home I will have a chance to read through all that and make sure I got everything I need and also what about those other transcripts that I was referring to that I need? January 11th 2021 and the one on July 18th 2022 what about those other two transcripts I'd apply for it and I want the same unedited version so I have tried and you told me that you were can or don't have access to that so can you get in touch with the Court administration and ask them what they going to do, because I have applied for it and Court administration will not respond to me. Matter of fact they got my number blocked I can't call, I send email they don't respond so can you check with your Superior and see who going to do concerning those situation.

Ok. Please don't kill the messenger.

Transcripts need to be edited. Even a WebEx recording needs to be edited. Edited only means making the transcript the same as what's on the recording.

I've attached it.

Do you still want me to send it to you or would you like your money back?

Since you have told Court Admin you want the uncut, unedited WebEx version, they have sent that to me. That is \$2.00 per page and it is 18 pages. This is a version that comes straight off of the recording.

If you wish this one please send that amount to me.

Back in September of 2022 I was sent the request you made for a hearing on 7/19/22. I sent you an email about it and never heard anything back from you. I don't know if you ever received that email or not. It was on 9/8/2022.

I don't have any information about a hearing on 1/11/2021. You would need to follow up with Court Administration about that one.

Mr. Clemons,

When I do a transcript, I put in every word. I do not leave anything out. When I prepare it, and if you did feel that I had left something out, all you would need to do is contact me and I am happy to check it again and also change it if I did make a mistake. Court reporters are only human. We do make mistakes but I do try very hard not to.

So if you wish to receive this transcript, you would need to send payment and I will prepare it for you.

Good morning Ms Green, hey this is Joe Clemons again ma'am I know the court reporters manual have in their you have WebEx unedited uncut rough draft email transcripts that have not been altered, or skipped words and when you record it from the recording I want you to record every

word and ma'am I know there's time when you guys edit, leave out things maybe because you may think it's not needed. So I don't want the edit version where you skip things, I want every word, exact replica of what's is on the recording can, you please get me that? This thing has happened to me before and I don't need it to happen again.

Mr. Clemons,

Court reporters are sent the audio to type the transcript from. We listen to the audio and put what is on the audio on paper. Audios are not allowed to be given out to parties. That is the way a transcript is prepared. If this is not what you want, please let me know and I will consider this request canceled.
