Petition For Oral Argument SCACR 218 (d)

Petition For Hearing En Banc SCACR 219 (b)

Motion To Amend Monetary Relief Requested In P.C.R to 25 Million Dollars SCACR 240

Testimony 210(c) SCACR

I, William Theoplas Coleman do hereby certify this info to be true and correct. This appeal needs to be heard expeditiously because I'm still enduring the damages thereof and justice is needed. I have a family depending on us to make right what has been done wrong by the Rock Hill City Courts. I have been routinely false imprisoned by Rock Hill City Courts and while I know I'm not the only one, I know I am the only one still on this journey for justice for us all. May this testimony clear up a matter on the record where the respondents attempted to say that I didn't

want nor sought legal representation when being unlawfully tried, convicted, and sentenced to time in the lower courts without legal representation. That is emphatically incorrect! When I was initially unlawfully incarcerated for those false allegations I was originally appointed a public defender in the beginning of the case her name is Ms. Anne Timothies who was also my attorney in a family court matter when I was a fifteen year old kid. My father had passed away when I was only four years old and my mother was on drugs throughout my childhood and didn't earn her sobriety and freedom from that vice until I was an adult so we did have some family court issues. When Ms. Anne Timothies represented me in family court she grew a heart for me. Seventeen years later she was appointed as my public defender on the false allegations of duress 3rd and shoplifting 1st. Solicitor Paula Brown had her recused from my case because she had represented me in those family court matters. I didn't miss any court dates I was just always late because when I asked for another public defender the courts refused to assign me another one. I had sufficient evidence to prove my innocence and voiced to them that I would be suing for my unlawful arrest once a lawyer got me an acquittal. So, to clear up that matter on the Record, it was not by choice that I didn't have an attorney , nor did I voluntarily waive my rights to one. The attorney I had was forced to recuse herself and I was never appointed another even at my request. Because I knew they were attempting to kidnap me I was always late for Court I was never absent only late because I felt in my spirit they were trying to false imprison Me. Even when late though I still communicated with the courts via telephone on what time it would be when I arrived. So to let the facts be known that I was unlawfully arrested , tried, convicted , and sentenced to time in Rock Hill City Courts without an attorney. Does the Supreme Court realize that it's extremely dangerous and suspicious that Rock Hill Never has

any record or transcripts of their court proceedings so the Supreme Court can place their actions under microscopic review? Rock Hill City Court is going to always say that they inadvertently deleted the court transcript or recordings of the court proceedings. This is a complex case and I request to be present at my oral argument to assist my appellate defender in obtaining a fair reversal of the p.c.r. order denying relief. I request to have this hearing within the next ten days preferably the next immediate court date because the Rock Hill City Court is actively attempting to kidnap me again and these types of actions must be brought to the light of Justice. The amended change in the monetary damages is for the extent of time I have endured hardships behind this Constitutional violation as well as to give back to the people whom have helped me stay alive And seek justice. So please split the twenty five million into four checks. A five million dollar check for Mr. Taylor Gilliam And Ms. Joanna K. Delaney of the department of indigent defense for diligently helping me in the preparation of my appellant briefs and throughout the appeal process. A five million dollar check for Ms. Anne Timothies who refused to try and pressure me into taking a guilty plea because of my innocence even to the effect of her losing the opportunity to have me judged righteously and fairly, a five million dollar check for Matt Burgess who was diligent in getting my P.C.R. into court and heard before Judge McIntosh. And a ten million dollar check for me because I endured so much hardship and setbacks in my music career, education, and spent so much valuable time falsely imprisoned away from my three daughters and the rest of my family. Time, words, and opportunity is something you can never get back and based on the things I am capable of that's a small amount of money for what I have been through and can do. I owe everybody whom supported me through that struggle with phone Calls, visits, bond money, and court appearances. I also have a sworn duty to God

to lead his sheep to him and this is the only way I know how to do it. I ask the Chief Justice and the Justices of this state to grant the motion to amend the relief requested and do the most fair and righteous thing that can be done for us and grant the state of South Carolina this writ of Certiorari so that no other man alive in the City of Rock Hill can be tried, unlawfully convicted, and sentenced to jail time without an attorney. That is the only fair and righteous decision that can be made in this appeal
