Reply To Ruling

With my observation and entire experience with this case, this court has only took money and gave false information to me. This court only sent me paperwork for probol. Some of my paperwork wasn't ever put on file until I mentioned it. This court had no intentions on being equal or fair to me and my part of this appeal. This court seen Mr. Dumbor is a dishonest person but allowed him to instruct me how to correct my fault paper order and form of paperwork. This court knew all I zells missing from my paperwork was the correct numbering of pages. This court is dishonest and bias to me on this appeal. Don't instruct people to call if they need help if you're going to misinform them. Nothing fair or equal about this case or decision.
