RE: 2023-000242 See, Rule 8.4. RPZ, 407 SCARC

Dear Hon. Clerk:

I've in receipt of the letter your office send Attorney Jonathan D. Waller on April 28, 2023. Appellant received it on May 18, 2023. I could be wrong but Appellant do not believe Counsel ordered the transcript based on facts Counsel was employed under Warren Barney Giese Law Firm, LLC, The same person that signed indictment No. 2005-GS-40-3548, 3935, 3940, 3477, 3478, 4169 therefore, it's my belief he intentionally default because Counsel owed Warren Barney Giese this BIG FAVOR. "Let the Record reflect Appellant is innocent of this offense in S.C. Code Ann. § 17-28-30 (A) (15). Per order by Judge

Dear Mr. Adams:

This letter is to inform you that I have been appointed under Rule 608 of the South Carolina Appellate Court Rules to you in your DNA review and challenge from the above referenced cases. First and foremost, you **must** notify me immediately if you are moved to a new correctional facility or even moved within the population. Please include a dorm assignment and room number with any updates. Also, if you should max out your sentence or are released on parole or supervised release, you **must** notify me with a new mailing address and phone number as soon as possible.

I am not in control of the court docket and those dockets are set by the Solicitor's Office so there may be a significant amount of time before your hearing is set. I will be coming to visit with you to discuss your case prior to your evidentiary hearing but may not be able to come until significantly closer to your hearing date. I do not have a copy of your trial or plea transcript and do not expect to be provided one until the State prepares its Return to your Review and challenge.

I want to give you the opportunity to set up **one** contact person outside of SCDC. Please provide me with a name, address, phone numbers and an email address (if possible) for that contact person. I am letting SCDC know that I am representing you in this matter.

Sincerely,

Jonathan D. Waller
