I sent this for a friend, Roland Green. I sent in pdf format. This info is vital to his future and his life. His attorney presented Zero evidence proving his innocence. Lir Derieg alcohol problem and mental issues or something caused him to do nothing 5o represent him and his case. It should have never happened and it is unfounded.

If you can please add to his appeal and reason to fire Lir. Please if he needs to attach a cover page as we did before please advise. This was left out and Roland's life is at stake. Please make sure court and Judge has this vital information.

Thank you very much. Have a great Memorial Day.
