**SC Court of Appeals**

Re:

Lower court has notified Appellants in the attached email that a transcript of the October 13, 2023, hearing cannot be provided because the court's recorder failed and the tape is blank.

Appellants asks this Court's indulgence in letting us present their argument showing compliance with Court rules in their forced sale filing in appealing the Magistrates Order denying Appellants' Request for Reconsideration.

Appellants would subsequently file a motion to have Magistrate's order overturned and Appellants forced sale filing reinstated.

Appellants:

Porter Bankhead  
4201 Massachusetts Avenue, NW

Sarah Dennis
