RE: James W. Miller. #367454 v. State of
South Carolina

Dear Mrs. Howard

This Pro Se response is to be
served by June 14, 2023. However
this is to respectfully request a
2 week extension to serve and
file the Pro se response.

This extension request is not intended
for the purpose of delay. Rather, this
extension request is necessitated by
a heavy work load and all the
things that involve life. My
family is helping me because no
one will respond to my request,
I'm in severe pain because of
my spine damage, kidney stones
in both kidney's. Everything I
do is from my bed, if I
come out of my room SCDC
staff members say they will
have inmates wet me up
and then kill my family

because im supposed to drop
my PCR case and then commit
suicide. They physically and
literally say this to me along
with many other evil things
because all they want is my
wheelchair. They are trying to make
it seem like im delusional and
hearing things. They will deny
all of my allegations but I
have affidavits and times that
can prove all im saying.

I'm in Pain and in fear for
my family's life and mine because
of this PCR case.

I'm innocent

James W Miller
