Dear Ms. Kitchings:

I am writing regarding the deficiency letter issued June 12, 2023.

For the first item, the notice of appeal was accompanied by the order denying the pending Rule 59 motion. Judge Dukes titled the Order "Amended Order." Please advise if anything further is needed.

For the second item, the Notice of Appeal has been filed with the lower court. Attached is the filed Notice of Appeal with the lower court.

Please advise if anything further is needed. Thank you for your assistance.

Very truly yours,
