Dear Ms. Coit,

I appreciate the reminder. I apologize for missing the deadline on the 15th. My dental issues have continued to plague me. I have still been on antibiotics and I am scheduled to have my second oral surgery Wednesday, June 22nd.

Somehow the due day of June 15th was misread and was not properly calendared. I was at the doctor this morning and just saw your email. I have been having an adverse reaction to the antibiotic I was given for infection as a pre-op precaution. I am at home now, but plan to be back at the office tomorrow,

I am asking that the Court allow me to file the Amended Petition out of time and grant me a 30 day extension of time in which to file the Amended Certiorari Petition with a new due date of July 15, 2023.

I will format this request in a formal petition tomorrow. I would go to my office and do that now, but I need to stay off my right leg. I have been experiencing severe cramping in that leg from a reaction to the antibiotics I have been taking. These severe cramps make it dangerous for me to drive. I will have an assistant back here tomorrow to drive me to the office and pick me back up later in the day.

I thank you very much for noting this request. I am sorry that my lap top is not charged or else I could do the continuance request from here.
