EMERGENCY MOTION TO STAY

I, Anita Doreen Smith, Authorized Representative, of Little River, in Horry County, South Carolina, I submit this emergency stay and supersedeas in civil actions pending the SC Court of Appeals in case no. 2023-001008. The UNA-USA, SPSC/17 SDGs Executive Council, Inc. moves for an Emergency Motion to Stay pending the completion of the appeal process. Respectfully to this Appellate court, the UNA-USA, SPSC, and the 17 SDGs Executive Council, Inc. prays this court will grant the Emergency Motion To Stay of the Writ of Ejectment under the civil case number 2023CP2601042 and 2023CP260150. The Writ of Ejectment is immediately enforced with a 24-hour notice to vacate. This imminent enforcement will continue to exacerbate two already overburdened nonprofit organizations to divert resources currently needed to serve the community with emergency housing, employment training, and workforce opportunities.

The UNA-USA, SPSC, and the 17 SDGs Executive Council, Inc. respectfully request a stay under these extremely stressed circumstances involving community service organizations and local youth, students, and families seeking emergency assistance.

The organizations have endured false police reports, health compromise by environmental hazards as it relates to black mold and HVAC and ventilation systems, delayed business establishment, loss of revenue and funding, defamation of the organizations character and or character
