Good afternoon:

Just received a letter to Roland that to me appears Lir did not send in the requested information on time? If so, that does not surprise me.. as an attorney, he has been so unorganized, losing things, lying, forgetting things, careless, threatening.... Is that what it is saying? Also I emailed a copy of a text a few days ago Roland found clearly showing the only decision on Feb. 14th was a hearing to see if he would stop being Rolands attorney. He sent that text on Jan. 30th.. and he had also told him it was just a roll call. all these things as you can see happened during the times of his 2 arrests for public drunk, leaving the scene of an accident also while drunk.. He has not been in a stable mindset for a long time which made it impossible to get any fair representation.

If you could call or let me know if that is what the recent letter dated July 7, 2023 is stating, we'd very much appreciate it. Thank you for your promptness and kindness in this matter. Have a blest day.  
With a song in my heart
