Good evening Catherine:

I sent you an email a couple of days ago about the letter just received to be sure we understand it.

I also just got a voicemail that I think was sent on July 7th but just heard it last night... from someone else, not in regards to the letter....I don't think she was aware that Roland signed a statement saying I could talk to you as I'm the one having to send all this in on his behalf.. She was very polite..

You've been very kind, Catherine. Could you please let us know if we are understanding the letter correctly? God bless.. 803 439 7807 Thank you so much.
With a song in my heart

Ms. Brooks and Roland Green
