I received the attached letter of deficiency regarding The State v. Mickey T. Smith 2023-001081. I am writing because I have not personally filed a notice of intent to appeal and was not instructed to do so by my client. Further, I have not received a copy of any notice of intent to appeal which was filed by any party. I do not want to default on any filing deadline which would prejudice my client; however, I am not aware of any request to submit these filings.
