

RECEIVED**Jul 26 2023****SC Court of Appeals**

So lastly, I'm here and for someone to take a look at this situation. I have called and applied to several assistance programs, but all are exhausted. I'm still currently working, and is able to make my rent. I got behind because of my health in May 2023. I have chronic diabetes. Unexpected health issue arrived, I'm truly asking for help. My kids and I will be homeless, and I don't want that for my kids and I.
