RESPONDENTS' MOTION TO FILE SUPPLEMENTAL RECORD ON APPEAL

Respondents moves, pursuant to Rule 212(b), SCACR, to file a Supplemental Record on Appeal and Supplemental Designation of Matter. The documents to be included are comprised of documents that were included on Respondents' original Designation of Matter but were left out of the Appellant's Record on Appeal, as well as a few additional documents that were referenced in

Respondents' initial brief, but inadvertently left off the Designation of Matter. The additional documents to be included in the Supplemental Record on Appeal are as follows:

- 1. **Statement of Issues on Appeal filed February 21, 2022** – On Respondents' original Designation of Matter and should have been included by Appellant
- 2. **Transcript from Judge Jennings hearing on September 15, 2021** – On Respondents' original Designation of Matter and should have been included by Appellant
- 3. **Sloan Shoemaker Deposition** – Inadvertently not included on Respondents' original Designation of Matter
- 4. **Lesley Moore Deposition** – Inadvertently not included on Respondents' original Designation of Matter
- 5. **James Marshall Shoemaker Deposition** – Inadvertently not included on Respondents' original Designation of Matter
- 6. **Civil Summons and Petition** – Inadvertently not included on Respondents' original Designation of Matter - Only the Summons was listed but Respondents intended for both the Summon and Petition to be included

Respondents' counsel prays this Court grant their motion as this additional matter to be designation contains no matter which is irrelevant to the appeal and should be included in the Record on Appeal.
