SC Court of Appeals

Case # 2022-001737

I Sylvia Hutchins would like to
reinststate my appeal of the case
2022-001737. I made a mistake
when I ask for a motion to dismiss
~~my~~ case. I thought dismiss meant
the same as appeal. Please reinststate
this case number 22-001737 for me.
I was not notified of this time that
the case was heard and therefore was not
there to defend myself. I was told there
was not transcript or copy of this
hearing made. I am 80 years old and
not very smart about this term of dismiss
or appeal. I do not owe this company
American Express. This account was sold to
the a law firm that collects money and
cannot proof that I owed anything. So I
cancelled my card with them (American Express)

On December 2019 owing them - 0 - money.
I have already paid an attorney \$2300⁰⁰
and he did not even ~~attempt~~ attempt to help
me resolve it with American Express. So I am

indigent and receive food stamps, disabled
and have kidney, ^{stage 3} back surgery, low blood platelets
and heart a fib. So I have no reason to ever

file about owing them money. They never sent
me bills for four years that I owed them
until 2022 and filed summons on me. They have not
shown me the items list that I ever missed a payment

I always paid all money I owed them and never
owed a late fee. Have the statements to show where
they changed amounts from one statement and
put down wrong balance forwarded. Also my
card ^{was} lost and someone put ¹⁰ charges on my
card and they never gave me credit for those

Please reinstate my appeal.

Thank you
