Good morning,

I got a letter last week saying that because the Proof of Service was September 1, 2023, that the appeal was dismissed. But I was within the 10 days from the August 24, 2023, letter that was sent asking for the deficiencies to be cured.

I am confused since September 1st was within in the 10 days of August 24th.

Just looking for some clarification. Thanks!
