

Exhibit A (Affidavit of Justin McGee)

STATE OF SOUTH CAROLINA
COUNTY OF CHARLESTON

JUSTIN MCGEE,

Plaintiff,

v.

LINDSAY FOREBACK MCGEE,

Defendant.

IN THE FAMILY COURT FOR THE
NINTH JUDICIAL CIRCUIT
CASE NO.: 2022-DR-10-3072

**AFFIDAVIT OF PLAINTIFF FILED IN
SUPPORT OF MOTION FOR
TEMPORARY RELIEF**

PERSONALLY appeared before me, Justin McGee, who, being first duly sworn, deposes and states as follows:

1. I am the Plaintiff in this action, over 18, and reside in Charleston County, South Carolina.

Background

2. Lindsay and I met in law school. We graduated law school in December 2009 and started a law firm in 2011. We were married on March 10, 2012. We have three children together: an eight-year-old son, CHM; a six-year-old son, HMM; and a three-year-old daughter, AJM.¹

3. Lindsay and I separated on May 29, 2022, though we spent two nights together after that (on July 6th and 29th, 2022).

Fatherhood

4. From the time our children were born, I have been involved in every aspect of parenting and their day-to-day life. My entire life is dedicated to being a parent and serving my family. I work, I do projects around the house, and I am a father. From January 2020 up until May 12, 2023, my children have not spent more than a week apart from me. Until Christmas II visitation last year, the children had not gone more than two days without seeing me in three years (almost all of AJM's life).

5. Historically, I handled the vast majority of the nighttime feedings for all three kids when they were infants and young toddlers. I picked up and dropped off our kids to school and daycare

¹ See photographs of our children attached hereto as Exhibit A.

significantly more than half the time. I found and selected the children's daycare providers. I potty trained all three kids. I was primarily responsible for kids' baths. I've found, vetted, and hired more than 20 babysitters (Lindsay hired about three). I found and hired CHM's nanny. I've participated in every parent-teacher conference. When additional involvement was necessary with a school, I handled that too, often by myself. I was always the primary parent and Lindsay acknowledged that to me when things were good between us.

6. My entire house, where the children were raised, is set up for the kids.²

7. Since January 1, 2021, I've been even more involved with the kids (I've had to be as Lindsay was even less involved and distracted). I handled CHM's 2nd grade orientation alone. I registered the boys for school and AJM to attend O'Quinn School. I filled out the extended day paperwork and handled Kaleidoscope. I potty trained AJM. I attended and scheduled the kids' medical and dental appointments (other than urgent care visits during Lindsay's time). I attended more than half of the boys' therapy appointments. I did all this while working full-time and managing a law firm. Lindsay failed to do these things while being unemployed.

8. In 2022, I had the kids with me for Spring Break, Mother's Day, Memorial Day, Fourth of July, Labor Day, Halloween, Thanksgiving, and Christmas (every major holiday). In 2023, I've had the kids with me for MLK Day, Easter, and all of Spring Break. Taking care of three children by myself with this age gap is hard, but I do it, I've done it, and I've done it well.

9. I planned and took the kids on the following vacations or excursions: Charleston harbor sailing cruise, N.C. Zoo, Bee City Zoo, Sepentarium, a kids Pirate Cruise, the Aquarium, Jellystone Campground in Asheboro, N.C., camper trip to Myrtle Beach, Kiawah for Father's Day and Mother's Day, Great Wolf Lodge, the Children's Museum, Charleston RiverDogs, and many more.

² There is a full Lego room. We've built Lego cities that span more than 70 square feet. There are swings and a fort. There is a trampoline, and fishing ponds, and a dock. I built the kids a two-story fort. The kids have an entire floor just for them. I designed the boys' bedroom to have a cool loft in the peak of the house. We have tabletop games like bowling, checkers, chess, and ring toss. AJM has her own room with bunk beds and a giant doll house. There are electric four wheelers and ride-on toys for them. We have over twenty-five NERF guns and we engage in large scale simulated battles. I've been working, almost daily, with CHM throwing a football. HMM and I practice throwing, catching, and batting regularly. We play "the guessing game" in the car when we commute. We have a basketball hoop, many soccer balls, football, baseball gloves, etc. We have squirt guns and water balloon fights. We do "pizza popcorn movie night" on Fridays. We have a puppy, Oliver.

10. Even when it's been Lindsay's time or her weekend over the past few years, I have taken the boys to a movie, the kids to the beach, the kids to Splashzone or the arcade, CHM to watch the Jaguars game, etc. I have constantly assisted with the kids during her time at her request and with her consent. I've been involved with the kids during almost all of her weekends this whole time.

11. I have handled virtually every aspect of our children's extracurricular activities for their entire lives, from registration to taking them, to being involved. Until May 17, 2023, Lindsay had not taken any of our children to an extracurricular event or activity by herself.

12. I registered CHM for Cub Scouts and attended every event with him, including three weekend camping trips and the Pinewood Derby (he and I built his Pinewood Derby car). I purchased his uniforms and gear for camping. I did all of the tasks with him to ensure he progressed from Wolf to Bear.³ I registered HMM for Cub Scouts this year as well and he's excited about it. I registered HMM for baseball and was a coach on his team. I took him to every practice and game during my time and her time. I registered CHM for SAIL Camp this Summer (a camp for gifted and talented students) and AJM for preschool and Summer Camp at O'Quinn.

13. This Court will not receive a credible affidavit from anyone with actual knowledge that states I am anything less than an excellent father to my children.

Mental Health

14. I attend regular therapy with the same provider.⁴ I've read more than thirty 30 self-help books over the past two years. I've also supplemented therapy by seeing a spiritual advisor. I address issues I have directly and I am always striving for self-improvement.

15. Lindsay has struggled with mental health issues for years and isn't motivated to change.

16. Lindsay reports having a difficult childhood marred by significant physical abuse of her, her older sister, and her mother by her father. Both her father and mother were alcoholics. Her mother died in an alcohol-related car accident on May 21, 2006. Her father's alcoholism worsened

³ I sent Lindsay the information and workbook requesting her assistance with completing the tasks CHM missed when he missed Den Meetings during her time and she never did anything to help or even talk to CHM about the missed tasks.

⁴ See Affidavits of Rodney Andrews filed contemporaneously herewith.

after her mother's death, Lindsay and he were estranged, and he died of alcohol-related disease on May 30, 2021. Lindsay's older sister is an alcoholic and heroin addict who has been in and out of jail and rehabilitation facilities. I believe she is homeless and her in-laws have custody of her six-year-old daughter (Lindsay's niece).

17. Lindsay's most significant family member while I've known her was her maternal grandmother ("Nan"). Nan was diagnosed with cancer in October 2014 (right after CHM's birth). Nan came to live with us and died in our home on June 6, 2015.

18. Lindsay had significant postpartum depression that got significantly worse after Nan's death and Lindsay hasn't ever really recovered.

19. Lindsay reported to me, on December 29, 2020, that she'd been having flashbacks, dreams, and intrusive thoughts about being sexually abused by her father at the age of 14. This explained a lot to me – she'd been saying she was suicidal in November 2020. I assumed it was situational (it was COVID, we were remodeling the house, and living in a camper while that was happening, and I was working a lot in an attempt to cover the remodel costs). After these sexual abuse disclosures, her entire demeanor changed. She started acting like a teenager and that immature behavior has continued and even worsened.

20. Lindsay then quit going to see her longtime therapist, Julie, and ceased all therapeutic treatment. From February 2021 to September 2022, Lindsay did no therapy other than sporadic and inconsistent attendance at marital counseling. In September 2022, she signed up for online therapy from an Instagram ad, but that ended in a month. She also attended two therapy sessions with my doctor and therapist, Rodney Andrews, and then quit.

21. For years she and her doctors tried various different anti-depressants, with varied results. She stabilized somewhat when she started taking Viibryd (I believe around 2017) and she used this medication until she stopped in March 2022. Lindsay was taking no medication from March 2022 until at least October 2022, when she started taking Prozac from October 2022 to May 2023, and then she switched to Wellbutrin.

22. Lindsay has a very limited ability to emotionally regulate. Her moods and emotions swing violently. She quite simply loses control. I've witnessed her screaming, wailing, lying on the ground, kicking her feet, out-of-control on many occasions.

23. Lindsay has difficulty perceiving reality – her perception is that everyone and everything is out to get her, she creates a narrative consistent with her perception, and is unable to see the truth. I've had significant concerns that Lindsay suffers from an undiagnosed mental illness for years and believe a psychiatric evaluation is important.

24. These issues present themselves as problems to Lindsay's parenting and I have significant concerns regarding Lindsay's stability and decision-making. She has made, and continues to make, very poor decisions and demonstrates a frightening degree of instability. My concerns are based upon the following, all of which occurred in the last two years:

a. She's been unemployed since July 2022 and spends the day napping, going to lunches, smoking marijuana, day drinking, shopping, and generally being unproductive.⁵ She will say she's diligently sought employment, but her LinkedIn profile is full of marijuana and toxic work environment references, to the extent she isn't appealing to potential employers.⁶

b. On December 16, 2022, Lindsay was in a car accident with the kids in the car and HMM wasn't wearing a seat belt. Lindsay didn't even tell me about this – the kids did.

c. On August 20, 2022, Lindsay left CHM (age 7 at the time) home alone while she ran errands. She didn't give him an iPad, lock the doors, leave a phone, notify the neighbors, or have any talk with him about that to do if there was an emergency.

d. Lindsay and two members of her new friend group created a fictional and imaginary band called "White Noise" (for which they schedule practices, made t-shirts, purchased cow bells, etc.) and these text messages, on their face, are extremely disturbing.⁷

e. On September 8, 2022, Lindsay and a man she'd met the week before went out drinking and, after the bars closed, the two of them got inside Lindsay's vehicle parked alongside Highway 17 and remained in there together for over an hour, though he exited

⁵ See Affidavit of Private Investigator John Clayton filed contemporaneously herewith.

the vehicle several times to urinate on the wall and throw his arms up in the air yelling “yeeehaaah!”⁸ I think she was either engaging in sexual activity or doing illegal drugs in her car, in public, while parked alongside a busy road.

f. Lindsay sent CHM home on the bus from school without telling him directions for how to get home from the bus stop.

g. On October 24, 2022, Lindsay entered the law firm and my office, specifically, after being asked not to, and reviewed both attorney-client privileged communications and work product about this case.⁹

h. Her boyfriend is a guy who she has called a “sex addict” and “alcoholic” and is a lifelong bartender with a significant history involving cocaine.¹⁰

i. She listed Karen Keys as an emergency contact for our children while Karen had supervised visitation with her own children pursuant to a Family Court Order.

j. She was a named paramour in the Keys’ divorce case in Charleston County and it was alleged that she participated in group sex.¹¹

k. Lindsay was selling marijuana from her home at McCutchen Street.¹²

l. Lindsay allows CHM to sleep on the couch in front of the TV on school nights.

m. Lindsay lets our kids to have significantly too much screentime, at times in excess of 10 hours per day.

n. Lindsay lied to the Probate Court about her father’s estate last year as the personal representative and forged her sister’s name on a filed document.

o. She skipped CHM’s birthday dinner on September 7, 2022 to go to a bar instead.¹³

p. She and Karen had an overlapping sexual relationship with the same man.¹⁴

⁸ See Affidavit of Private Investigator John Clayton filed contemporaneously herewith.

⁹ Lindsay admitted doing this and made specific comments about certain work product documents and draft affidavits.

¹⁰ This boyfriend, Stephen Daniel Fowler, was arrested for cocaine multiple times, including one for cocaine trafficking, as well as a charge for possession of an unlawful firearm. He had further issues regarding cocaine during his own Family Court case as well. See Affidavit of Private Investigator John Clayton filed contemporaneously herewith and excerpts from filed documents in Charleston County Family Court, Case Number 2018-DR-10-2940 captioned Fowler v. Carr attached hereto as Exhibit D.

q. On September 3, 2022, she invited a man she didn't know to her home and engaged in unprotected sex with him. She contracted a sexually transmitted infection and admitted it was from having sex with this person.

r. She repeatedly participated in virtual sex with a man who she knew had previously used or attempted to use nude photographs to extort a different female.¹⁵

25. These are objectively terrible decisions. Lindsay would never have done these things before. She changed and I believe the change is related to mental health and affects her parenting.

26. I have a video of CHM crying on my porch asking me questions about Lindsay, such as "does mom even want us." I want a Guardian to review this video and so much more.

27. HMM is a strong-willed and outspoken child – he always has been. At times, he does not like to be told what to do. He has red hair and I affectionately dubbed his angry episodes of defiance as "ginger snaps." HMM started having a different level of temper tantrums with Lindsay during Summer 2022 (within weeks of our separation). These temper tantrums have been extreme. HMM has thrown rocks and silverware at Lindsay, hit her, broken things, screamed, and run away.

a. On or about March 25, 2022, HMM (age 4 at the time) had a tantrum with Lindsay and reportedly ran away (more than two blocks to Clearview Drive) and Lindsay had to put the other two kids in the car to go retrieve him.

b. In July 2022, approximately, the boys were home with Lindsay all day because school was out.¹⁶ HMM had a temper tantrum with Lindsay who called me to come over and help her. She said she couldn't handle it. I immediately left work and went there. HMM had torn apart the whole house and was actively in the middle of the worst tantrum I've personally witnessed him having. Lindsay had locked CHM in a room by himself to "protect him." I had to pick HMM up and firmly hug him while whispering reassurances in his ear to calm him down – that took more than five minutes. I kept the kids that night because Lindsay said she couldn't deal with them anymore.

¹⁵ Exhibit C, at pg.14.

¹⁶ This was, upon information and belief, after Lindsay quit her job at NCGS but before school resumed.

- c. HMM had “a major meltdown” and was reportedly throwing silverware at Lindsay. Lindsay said she didn’t “recall the silverware” but that “maybe [she] took from him so he would t throw. Yeah... it was like the old tantrums.”¹⁷
- d. HMM reportedly has his worst meltdown/tantrum ever with Lindsay on January 8, 2023. HMM has small bruises on his face (several in a row that appeared like they could be from fingertips grabbing his face) the next day.¹⁸ I sent Lindsay a picture of the bruises and inquired. She denied touching HMM or his face.
- e. As I understand it, Lindsay switched CHM’s therapy appointment to HMM on May 25 because HMM was again having temper tantrums with her.

28. I have other concerns regarding Lindsay’s parenting too. She is unable to get HMM to do his homework. HMM is struggling academically. I have gone to her house multiple times at her request just to help HMM with his homework during her time.

29. Lindsay does not take care of the kids’ hygiene. She doesn’t have the kids brush their teeth regularly – both boys have had multiple cavities and have had to get fillings and crowns. HMM came back to me wearing the same pair of underwear, unwashed, that I put on him three days prior. She doesn’t cut the kids’ fingernails and toenails. She doesn’t bathe the kids often enough and I frequently covered for her by going to her house and bathing the kids on her days. CHM is at the age where he needs to bathe or shower daily. He showers every weekday with me (starting October 2022). As of February 2023, he still wasn’t doing that with Lindsay.

30. I have concerns about Lindsay handling the children’s medical needs. She cannot figure out the right dosage for antibiotics and regularly fails to administer appropriately. She also fails to exchange medication, which results in frustration or, worse, missed doses.

31. Lindsay consistently gets confused about the visitation schedule, as well as the children’s events, extracurricular activities, appointments, and struggles to “keep up” with what is going on. I’ve tried to supplement and help her by diligently maintaining a Shared iCloud Calendar and sending reminder emails and text messages – Lindsay still consistently struggles. She forgot to

¹⁷ See text messages dated December 3, 2022 attached hereto as Exhibit F.

¹⁸ Ex. F.

send HMM in pajamas and with a teddy bear for Pajama Teddy Bear Day at school (after I sent pajamas and reminded her via text). She constantly fails to exchange school folders, reading lists, and clothes. On February 13, 2023, Lindsay forgot to send CHM's lunchbox for his field trip. Our boys lost their spot in Kaleidoscope Summer Camp last year when Lindsay failed to return the director's calls and emails over a period of weeks.¹⁹ Examples of Lindsay's organizational failures related to the children are too numerous to detail here – it's a constant issue.

32. Lindsay does not prioritize the children. As an example, AJM had a Muffins with Mom event as her school and Lindsay was supposed to go. The morning of she said she wasn't going. When I dropped AJM off at school, I was heartbroken that AJM wouldn't have her mom there so I called Lindsay and said it was important and she needed to go. Her response was "fuuuuck."

33. The children were concerned about Lindsay during Hurricane Ian because she wasn't with us. She did not respond to their FaceTime calls or my texts, to the point the children were asking if she was dead. I later learned she was with a paramour.

34. AJM needed a crown on her front tooth because she fell into a pool and broke it while Lindsay was watching her. Her dentist tried, unsuccessfully, to place a crown on it several times. It was causing AJM pain and there was a chance it would have to be extracted. Lindsay was supposed to be at the appointment but didn't come. AJM had to be held down to place the crown and was screaming and crying – it was a serious event. Lindsay was with a paramour.²⁰

Substance Abuse Allegations

35. I submitted to three 10-panel hair tests, one 17-panel hair test, three CDT alcohol tests, two PeTH alcohol tests, and a urine test. All the results received have been negative.²¹ I'm waiting for

¹⁹ I received a voicemail from Dr. Pepper (head of Kaleidoscope James Island) on May 16, 2022 saying that she had been trying to reach Lindsay for weeks, without response, and that the deposit was due by close of business that day or the boys' spots were going to be given away. I was in Court all day and received that voicemail after business hours. That evening, I told Lindsay she had to call and take care of that or we'd have no childcare for the boys for summer. She said she would. I was in Court from 10:30 – 11:30 the following day (May 17, 2022) and called her when I got out to ensure she'd called Kaleidoscope. She said she forgot. I called and was informed that the boys' spots were no longer available.

²⁰ See Affidavit of Private Investigator John Clayton filed contemporaneously herewith.

²¹ See Affidavit of Dr. Robert Bennett filed contemporaneously herewith and the PEth test results from Arcpoint Labs attached hereto as Exhibit G.

results for the 17-panel hair test and one of the CDT tests²² These tests will also be negative. I do not use illegal drugs, abuse prescription medication, or drink heavily.

36. I submitted to all these tests to disprove false allegations Lindsay levied against me, have spent \$1,911.00 on such tests, and request that Lindsay be ordered to reimburse this cost.

37. Lindsay's marijuana use rose to the extent she was not functional, which became especially evident in the Summer of 2021. I consumed marijuana with Lindsay on occasion. I have not consumed any since Lindsay and I went on a trip to Outer Banks with her family in May 2022.

38. Lindsay was smoking marijuana all day, every day. I tried to set boundaries, like "no smoking marijuana until after dark" or not when home alone with the kids, but she disregarded those. Lindsay smoked out of a bong first thing in the morning and that would continue for the rest of the day. She also consumed marijuana edibles on an almost daily basis. She was in a fog all day and genuinely couldn't function. She didn't screen or shelter the children from this.

39. Lindsay was ordered to submit to fingernail or toenail testing on May 31, 2023. She did not submit to the testing and claimed the testing facility said her fingernails were too short.²³ She was informed of a testing option that would do the test regardless of the length of her nails.²⁴ She did not submit to that testing. I believe she challenged the credibility of Dr. Bennett because she did not want to submit to the fingernail testing and he was ready and willing to conduct that test.

40. I am attaching pictures of Lindsay that include enlarged images of her fingernails from the past and some that were taken on June 4 showing that she routinely had much longer fingernails she did on June 4.²⁵ I also have concerns she dyed her hair to "beat" that test.

41. Lindsay refused to provide test results from the tests she was ordered to take on May 31, 2023 prior to this hearing. As of the time of this affidavit, I do not know those results.

²² Lindsay waited to request testing and to challenge the provider I was using until it was too late to obtain results prior to this hearing. I believe that, coupled with a novel allegation that I abuse prescription medication, was intentional.

²³ See emails and correspondence attached hereto as Exhibit H.

²⁴ Ex H.

²⁵ See images attached as Exhibit I.

42. More importantly, I recently discovered evidence that she purchased marijuana on May 16, 2023 that led me to believe she's been smoking marijuana this whole time and that her boyfriend (Stephen Daniel Fowler) has been providing it to her. On May 16, 2023, at 12:03 p.m., Lindsay sent Fowler \$500.00 via Zelle with the message, "Monthly friend fee."²⁶ Lindsay later went to Juanita Greenberg's in Mount Pleasant to meet Fowler.²⁷ This is an amount consistent with a monthly marijuana purchase for Lindsay and I cannot imagine any other reason for this transaction.

43. Lindsay promised me, repeatedly, that she stopped using marijuana in September 2022. I tried to believe her and I noticed that she did not appear to be making trips to procure marijuana when a GPS tracker was in place, which seemed to support her assurances. However, she was seeing Fowler regularly and him providing marijuana to her now makes sense.

44. Lindsay says I didn't take any action after she failed her October 18, 2022 hair test. Lindsay said she'd stopped using marijuana repeatedly and I believed her. She agreed to take tests to show declining levels. Then she refused to submit to subsequent testing, but continued saying she wasn't using. When I obtained a picture of her using at a bar on March 28, 2023, she said that was the first time she'd used since mid-September 2022. Her affidavit contradicts her prior statements.²⁸

45. Lindsay said I was the person supplying her with her marijuana before we separated. This is not true. Lindsay obtained edibles and marijuana from several sources, including using the law firm's Fed Ex account, without my consent and over my repeated objections, to send and receive illegal drugs from friends in other states, including Oregon and New York. Upon information and belief, this continued after we separated.

46. Lindsay also regularly purchased marijuana from Taylor Calcote and would pick it up from his residence. He would leave marijuana inside a grill or in boots outside his house and she would retrieve and replace it with money or Venmo him. Lindsay and Taylor started hanging out in his

²⁶ See screenshot attached hereto as Exhibit J.

home and I believe he was a paramour.²⁹ Lindsay admitted nude photographs were sent and received. They communicated via Snapchat and those communications were not preserved.

47. Lindsay asked me to courier marijuana to her from a high school friend of hers (N.R.) around Mother's Day 2022 (said she couldn't deal with Taylor anymore because he was "hitting on her"). That was the last time I had anything to do with procuring marijuana for her.

48. Lindsay also consumed, or consumes, many other substances, including Adderall, Vyvanse, Klonopin, Ativan, Xanax, Valium, and numerous over the counter supplements, all in addition to her various anti-depressants. She drinks 4-5 cups of coffee and 5-6 cans of Coke per day. In August 2021, Lindsay started consuming psychedelic mushrooms on a daily basis and called it "micro-dosing" as a mental health treatment.³⁰

49. Lindsay stores her medications in small zip-loc bags or weekly pill boxes instead of in childproof bottles. This has been a source of contention between us because I worried the children would find her medication or take it. To address this, I purchased numerous safes and lock boxes to try to get her to secure items I wanted to shelter the children from.³¹

50. Historically, Lindsay did not drink alcohol or drink heavily. Given her family history she viewed alcohol consumption as dangerous. She asked me not to binge or frequently drink when we were dating and I agreed. She and I consumed alcohol very, very rarely during our marriage.

51. I do not regularly consume alcohol, period. I have consumed no alcohol since the weekend of May 12 – none, zero. I submitted to alcohol testing, multiple times, and provided those results.³²

52. In the summer of 2022, Lindsay started drinking alone and frequently consuming a large amount of alcohol.³³ This has continued since.³⁴

²⁹ All three of the men with whom Lindsay had an affair with (Calcote, Fowler, and Forino), upon information and belief, supplied her with illegal drugs.

³⁰ Upon information and belief, Lindsay and her friends also consumed psychedelic mushrooms on Labor Day weekend 2022. *See* Ex. C.

³² *See* Affidavit of Dr. Robert Bennett filed contemporaneously herewith and Ex. G.

53. Lindsay consumed alcohol during the day prior to when she was supposed to or did pick up our children on at least the following occasions: August 5, 2022,³⁵ March 28, 2023 (also smoked marijuana on this day), and April 28, 2023. I believe this occurred other times as well.

54. On March 28, 2023, Lindsay went to a bar and was drinking and smoking marijuana from a vape pen within hours of when she was supposed to pick the kids up from school.³⁶ She was at the bar for almost two hours and then went back to her house with a paramour (Jay Forino).³⁷ This was alarming. I went and picked the kids up.

55. On April 28, 2023, she and a paramour (Fowler) went to a bar in the afternoon.³⁸ Lindsay arrived home at 3:05 p.m. and was supposed to pick the children up from school within an hour and a half. I called Lindsay at 4:05 p.m. and asked whether she'd been drinking – she did not respond and hung up. She immediately went to pick the boys up from school.³⁹ I sent her a text asking if she'd been drinking. She did not respond. I went to pick up AJM. I texted her and informed her that I was going to call the police if she was drinking and now driving the boys. She called me around 4:30 p.m. and said she and the boys were at the office – I told her again that I was going to call the police if she was drinking and driving with the boys. She then rushed the boys out of her car and into the back door of the office before she ran out and drove away.⁴⁰ Lindsay never responded and confirmed or denied that she'd been drinking that day.⁴¹

56. Days later, Lindsay said she wasn't drinking on April 28. She said her paramour was drinking heavily but she only had "mocktails." I suspect she assumes there are pictures of her at the bar. There aren't. I believe that was a lie and she was drinking, especially given how she acted that day. She also refused to submit to alcohol testing when asked repeatedly on April 28 and 29.⁴²

57. This incident was the catalyst for me filing the motion for temporary relief on May 1.

58. Here are additional examples for why Lindsay's substance abuse/behavior are concerning:
- a. Lindsay regularly drives home after drinking.
 - b. Lindsay regularly goes to bars and restaurants and she drinks alone.⁴³
 - c. Lindsay pays cash for alcohol while paying simultaneously paying for food with a credit card and I believe she does so to disguise her alcohol consumption.⁴⁴
 - d. Lindsay created a whole new friend group that consists of food and beverage employees and people whose lives appear to revolve around partying and substance abuse.
 - e. Lindsay illegally shares/exchanges Adderall with friend.⁴⁵
 - f. Lindsay also smoked marijuana with a friend during playdates with the kids.⁴⁶
 - g. Lindsay sold marijuana from the house at McCutchen Street.⁴⁷
 - h. Lindsay and a friend (Karen Keys) drank to excess and then went to hotel room at Charleston Place, smoked marijuana, set off the smoke detector, which prompted Lindsay to stand on a table to fan smoke away from the detector. She fell down and broke the end table and a lamp. She had a massive bruise on her leg and believed she sustained a concussion (hotel security came but did not report the incident to police).
 - i. She gave up her entire week of visitation with the kids over Thanksgiving 2022 in favor of partying and going out with friends and got so drunk one night that she was too hungover to do anything at all the following day.⁴⁸
59. Much of this evidence came from production that occurred last Fall. Lindsay has not produced communications or other evidence case since then, despite requests.⁴⁹ In fact, she has intentionally deleted evidence after she was sent a Spoliation Letter instructing her not to do so.⁵⁰

⁴³ See Affidavit of Private Investigator John Clayton filed contemporaneously herewith.

⁴⁴ See photographs of point-of-sale system evidencing Lindsay paying for food via credit card and purchasing wine with cash on attached hereto as Exhibit N. Lindsay has also had a paramour pay for alcohol and then reimbursed him through peer-to-peer payment apps.

⁴⁶ Ex E.

⁴⁷ See Lindsay's text messages with Karen Keys, Ex. E at page 7 ("Yes. I'll leave it in porch this am in a bag for you. It was 60"). Also, Lindsay denied a Request to Admit despite the very clear evidence in text messages that she was selling marijuana to Karen Keys, which she produced in response to a subpoena. 60. It's also important to understand that Lindsay engaged in all this behavior while knowing she was being investigated and that a GPS tracker was used to track her vehicle – meaning, this is her “best behavior.” I'm concerned that Lindsay either cannot control herself or sees nothing wrong with her decisions – either scenario is scary.

61. I avoided litigating this case and filing motions against Lindsay because I never wanted to say all of these things about her. I care about her and I know this will be hurtful. I was able to cover for her deficiencies and shelter the kids from them. I didn't believe that a Family Court hearing was the best avenue for her to get better. I gave her chance after chance. I believed her when she made promises. I did not want this for my family. I tried to avoid it.

Lindsay's Credibility

62. Lindsay's Answer and Counterclaim lists the date of our separation as February 21, 2021 and she stated it again in this verified motion.⁵¹ This is false. I lived at the McCutchen house from June 2021 until May 30, 2022. During that time, Lindsay and I went on trips together and spent the night in multiple hotels together (just the two of us). Lindsay and I went to Outer Banks for a trip with her extended family for a week in May 2022 and slept in the same bed. Lindsay and I spent the night together at the McCutchen house on July 6, 2022, after going to a concert together, and again on July 29, 2022 after the Van Gogh Experience and then Hall's Chop House together.

63. Lindsay said I abuse prescription medication.⁵² This is the first time, ever, she's made this allegation. This is false.⁵³

64. Lindsay said that I have not paid for Kaleidoscope since January 2023 and only paid \$530.00 total this year.⁵⁴ This is false.⁵⁵

65. Lindsay said that I enrolled AJM at O'Quinn without telling her.⁵⁶ This is false.⁵⁷

66. Lindsay said I assured her that I would be “100% responsible” for the cost of O’Quinn.⁵⁸ This is false. Lindsay objected to the cost, but I never assured her I would be responsible for it.⁵⁹
67. Lindsay said that she is not spoliating evidence.⁶⁰ This is false.⁶¹
68. Lindsay said that she has paid the boys’ lunch account and kept it current.⁶² This is false.⁶³
69. Lindsay said that sharing custody of our children is “no longer workable in the best interests of the children.”⁶⁴ This is completely contradictory to and inconsistent with her other statements.⁶⁵
70. Lindsay said I purchased a book about how to “control people using shame.”⁶⁶ This is false. I bought a book “Emotional Blackmail” and was reading it to learn how to better deal with her.⁶⁷
71. Lindsay said I came to her home unannounced on May 12, 2023.⁶⁸ This is false.⁶⁹
72. Lindsay said I “punish” her by picking the kids up from school early or keeping them for several weekends consecutively.⁷⁰ This is false. The times I have picked them up early or kept them on her days were due to her instability and substance abuse or by agreement.
73. Lindsay said that I am mad that she did not assist with reducing or dismissing the pending criminal charges and my filing this motion is retaliatory.⁷¹ This is false. I filed a motion seeking the same relief on May 1, 2023, before the incident on May 12, 2023.⁷² Further, it is Lindsay who is using the pending criminal charges and ODC suspension in an attempt to force me concede to

her demands in the family court case.⁷³ I did not concede to what she wants – primary custody and no substance abuse testing for her – because it endangers our children.

74. Lindsay said I have “a very long history of using cannabis, abusing alcohol, in combination with prescription medication.”⁷⁴ This is false.

75. Lindsay has claimed I was abusive by purchasing sex toys for her. This is false. They were purchased during our marriage, jointly, when we were attempting to reconcile, for the purpose of helping her overcome what she described as an inability to be sexually intimate after the repressed memories of sexual abuse and she appreciated them.⁷⁵

76. Lindsay said I told the children she “would be homeless and on the street if it wasn’t for me.” This is false. CHM asked me how mom pays for everything at her house because she doesn’t work. I reassured him and said that I would always make sure everything gets paid and that his mom would always have a house. I did not disparage her.

77. Lindsay said that she is concerned about me “continuing to expose our children to [my] paramour overnight.”⁷⁶ I’ve never exposed our children to any paramour overnight. This is false.

78. Lindsay presents that she has concerns are about the children’s wellbeing if exposed to a woman I was dating (Grace). This is false. I discussed having Grace around the kids before doing so and she said, “I don’t know of a reason she needs to be restrained. If you are serious about her then its ultimately your call whether to have her meet the kids.”⁷⁷ She also sent a separate text saying she thinks Grace is better with the kids than I am.⁷⁸

79. Lindsay said I told her I’ve been drinking regularly.⁷⁹ This is false. I did not say that and have not been drinking regularly or heavily.⁸⁰

80. Lindsay said I “never had an issue with her parenting” and that I have “never questioned [her] care of the children, until a month ago.”⁸¹ This is false.⁸²

81. Lindsay accuses me of stealing her golf cart. This is false. The golf cart was with me at Eddy Farm after she moved to McCutchen. I didn’t bring it to McCutchen until after I’d been living there for months, while Eddy Farm was a short-term rental property and I was concerned about short-term tenants using it. She wanted to keep it and I wanted it back at Eddy Farm and took it back there. I did not “steal” anything.

82. Lindsay said I submitted to drug testing under an alias and that my hair test was not accurate because it was not positive for Adderall (a medication I’m prescribed). This is false.⁸³

83. Lindsay accused me of “mirroring” her cell phone, illegally hacking into her iCloud, tracking her through her Air Pods, and placing a listening device or “bugging her vehicle.” These are all false.

84. Lindsay said I sent the firm’s law clerks into O’Brien’s Bar & Grill to get them to seduce her boyfriend.⁸⁴ This is false.⁸⁵

85. Lindsay claims I told the children that her “paramour was a criminal and that he could be coming to the house and they needed to be worried.” This is false.

86. Lindsay said I told her that her using marijuana “did not matter.”⁸⁶ This is false.

87. Lindsay accused me of having a woman spend the night with me at my house and driving her home by boat the following day.⁸⁷ This is false.

present.”⁸⁸ Then, on June 2, Lindsay said I could have visitation so long as it was supervised by my mother.⁸⁹ This is an example of the extreme inconsistencies that reveal Lindsay is not credible.

89. Lindsay said that she wanted me with the children “from day one” after the May 12 incident, and that me being able to see and talk to them is in their best interest. This is not true. She did initially want me to continue having unsupervised visitation without interruption, but that changed. I haven’t seen them in a month and Lindsay found numerous ways to block that.⁹⁰

90. On May 26, 2023, Lindsay’s lawyer sent a letter denying a visitation request over Memorial Day weekend stating that Lindsay “questions Mr. McGee’s beach house rental since this is her weekend with the children.”⁹¹ Lindsay and I communicated about that beach house rental and that we should do it over Memorial Day weekend and not Mother’s Day weekend (which was our tradition with the kids).⁹² It was rented on May 8, 2023. This is another example of dishonesty.

91. I believe Lindsay will say I have a history of being physically abusive to her. This is false. I was not physically abusive to her during our marriage.

92. Lindsay accuses me of being financially abusive to her.⁹³ This is false.⁹⁴

93. Lindsay accused me of “tracking her every movement” and sending my mom to church on June 4, 2023 to “mess with” the children.⁹⁵ This is false.⁹⁶

⁹⁴ Based upon the firm’s bookkeeping Lindsay’s billable hours for each year from 2012-2021 are as follows: 2012: 364; 2013: 316; 2014: 264; 2015: 0; 2016: 0; 2017: 0; 2018: 0; 2019: 3.5; 2020: 142; 2021: 42. Lindsay and I have the same education and have been licensed to practice law for the same amount of time. I did not have student loans, but we aggressively paid off almost \$200,000 of Lindsay’s student loans during our ten-year marriage (a large portion of which was paid from my nonmarital funds and the remainder almost solely from income generated by my efforts). During our marriage, Lindsay and I were both paid a salary and approximately \$120,000 per year of W2 wages was deposited into our joint checking account. I did not access or spend those funds, Lindsay did. Additionally, we each had draws from the law firm each year that were relatively equal We paid off almost \$200,000 of Lindsay’s premarital student loans during the marriage. Lindsay also, inconsistently, claimed that me working long hours was also abusive to her and CHM.

⁹⁵ See Affidavit of Rebecca Walden filed contemporaneously herewith at Ex. B.

⁹⁶ See Affidavit of Rebecca Walden filed contemporaneously herewith.

94. I believe Lindsay is going to attack my reputation or ethics as a lawyer. These attacks will be false.⁹⁷ Lindsay, on the other hand, has engaged in bizarre unethical conduct as a lawyer.⁹⁸
95. Lindsay falsely accused me of physical abuse on two occasions:
- a. On December 8, 2015, Lindsay took the cash from a secured location at the office and left a post-it note saying “FUCK YOU! And your buddy [client name] too!”⁹⁹ She put the cash in her car. I was informed she did this by an employee and went to her car and retrieved it. Lindsay confronted me as I was walking back inside and tried to grab the cash. She called the police and claimed I assaulted her. I did not. I didn’t even touch her. Police responded and determined I had not, based upon the statements of employees who were present.
 - b. On October 5, 2022, Lindsay was at the office after being asked not to be there because she had taken numerous items of furniture, art, and personal property from the office. I confronted her. She said she was a partner and was entitled to be there, so I called the police. While on the call, the dispatcher asked if I wanted an officer to come out. I walked up to Lindsay and asked her, “are you going to leave?” Lindsay responded and said, “you just assaulted me!” So, I asked the dispatcher to send someone. I did not assault her. Lindsay claimed that I tried to or did push her down and used my vehicle to block her in so she couldn’t leave. This is false.¹⁰⁰
96. Yesterday, June 12, 2023, in an attempt to deflect her failure to pick up CHM from his summer SAIL camp, Lindsay falsely accused me of failing to provide the camp with her contact information. This is false.¹⁰¹ I received a call from two phone calls from camp logistical employees notifying me that CHM had not been picked up. Due to my bond conditions, I cannot communicate directly with Lindsay; therefore, I provided them again

with Lindsay's cell phone number and asked that they call her directly. Additionally, I immediately notified my counsel to reach out to her counsel to inform Lindsay. Based upon my knowledge of Lindsay's organizational failures, I anticipated that she would not handle managing CHM's requirements for camp including the issue of transportation. Therefore, I proactively provided this information to her through counsel repeatedly. Unfortunately, despite my efforts and the fact that Lindsay presumably handled his drop off to camp today, still failed to pick him up and he was stuck at camp after it ended for more than 30 minutes.

Events Leading up to May 12, 2023

97. An incident occurred on May 12 that led to my arrest being charged with serious crimes and having my law license suspended. To explain, some background information is necessary.

98. After Lindsay was drinking during the day on April 28 before picking up the children, Lindsay and I were argumentative verbally and in text messages until Saturday evening (April 29), when we had a genuine, heartfelt conversation and made promises about how we would proceed going forward in a manner that would be best for our children. Lindsay promised to change her lifestyle, prioritize the children, stop abusing substances, start doing contract work for our law firm, and stop associating with certain undesirable people.

99. Thereafter, from April 30 to May 12, for the most part, Lindsay and I were communicating better than we had been and were attempting to co-parent. We attended the Lowcountry Boil Festival on May 7 with the kids. She started doing contract work (she'd been unemployed for approximately ten months previously). We ate breakfast together with AJM several times. She also asked me to purchase concert tickets for her and the kids so we could all attend together.¹⁰²

May 12, 2023

100. On May 12, I dropped the boys off at school at 7:00 a.m. and proceeded to take AJM to the office where we routinely stop for a "potty break" before going to Bagel Nation (AJM calls it "the

¹⁰² See text messages between parties attached hereto as Exhibit LL.

Pancake Store”). AJM asked to do a FaceTime call to Lindsay and I facilitated. Lindsay asked to come to breakfast with us and I agreed. We all ate and then I took AJM to school.

101. Lindsay and I exchanged numerous texts and phone calls that day about work and the kids. Importantly, we talked right before I went to lunch and seriously discussed settling this case. We both agreed we wanted to settle and avoid litigation and would continue the recent positive trend (and we both were happy with how things had gone between us since April 29).

102. I noticed during this phone call that Lindsay had not taken the bag of stuff related to our kids from my truck at the Pancake Store. I informed her of this and she asked me if I could drop it off to her later, either at her house or by leaving it on the porch of the office.

103. May 12 was the Friday before Mother’s Day and Lindsay was scheduled to have the kids for that entire weekend. I’d had all or some portion of the kids during the weekend for twelve out of the preceding fourteen weekends.¹⁰³

104. I then went to lunch and after that went to Rutledge Cab Company and I consumed alcohol at both of those locations. My iPhone location is shared with Lindsay and she knew where I was that afternoon. At 3:38 p.m., Lindsay texted me and asked if I was back at the office yet. I responded and said I wasn’t and asked if I needed to be. She said she wanted to get the kids’ stuff and asked me to call her when I went to the office. I said “Ok.”

105. At approximately 4:20 p.m., Lindsay and I talked on the phone for four minutes.

106. At 5:50 p.m., texted me, *“You were unavailable from 11-1 and then went to lunch right after. You’ve been drinking ever since and sound more drunk each time I speak with you. You said you were coming back to the office with the kids stuff. You acted like you didn’t know what I meant. I mean [HMM]’s baseball uniform and pillow. I mean [CHM]’s buddy. It’s unreal your level of hypocrisy.”*

107. At 5:53 p.m., Lindsay texted me, *“I don’t think we have an agreement any longer. I’m not to a friends bachelorette (known since middle school!!) when I had a fucking free plane ticket*

¹⁰³ See calendar setting forth the days I’ve had the kids overnight attached hereto as [Exhibit MM](#).

and hotel room. Why? BC of your allegations about me drinking. Yet you do the same as me and it's ok when you do it... but not me. Just like it was during the marriage."

108. I responded immediately when I saw the texts and said, *"What are you talking about?"*

She replied at 6:01 p.m. and said, *"Uh which part? You've been at Rutledge cab company since like 1:20-2."* She then sent me a screenshot of my location.

109. She sent the following texts at 6:02 p.m., *"You going to un-share your location now? Per usual 🙄"* and *"Or me trying to get the kids stuff for hours."* I responded at 6:02 p.m. and said, *"No. I'm an open book."* She replied immediately with a *"HAHA"* emoji. I did not stop sharing my location with Lindsay until May 13, 2023.

110. Then, at 6:03 p.m., she sent a screenshot of our text messages from 3:38 and said, *"So which part was your open book self confused about?"* and I immediately responded that *"It's the law clerks graduation party."* At 6:04 p.m., she replied directly to my text about being an open book with this: *"If the book was full of lies... yes. Agree."* and then texted *"Ha. Not surprised."* and *"Well I'll send you my bill for MLF and then we're going back as it was."*

111. At 6:05 p.m., she texted *"Hope you had fun. 🥰 I very much look forward to seeing Dan again soon. 🤗🤗🤗"* At 6:06 p.m. she texted *"I was fucking craving him."* "Dan" is a reference to Fowler, who is one of Lindsay's paramours and, upon information and belief, her drug dealer.

112. At 6:07 p.m., she texted me a picture of a project HMM did for Mother's Day.

113. At 6:08 p.m., she texted, *"I look forward to having my name cleared in the family court and people getting to see you for the lying POS you are. JK most know and the others ... whatever ... like poor Grace... you'll chew them up (read: use them) and spit them out"*

114. I responded at 6:09 p.m. and said, *"Are you serious right now?"* and I immediately decided to acquiesce to her demand, even though I thought it was unnecessary, and I got up to leave and bring her the kids' stuff because it was obviously becoming a huge issue and I didn't want that.

115. She responded at 6:10 p.m. she sent two text messages saying, *"If you intend to bring the kids' stuff to my house please leave it on the porch and send a text"* and *"Never been more serious."*

116. I arrived at 664 McCutchen Street sometime after 6:29 p.m. and I left before 6:34 p.m. – this is based upon attempted phone calls and text messages to Lindsay before my arrival and after my departure. Meaning, I was present at that house for less than five minutes that evening. My intention was to say goodnight to the kids and drop the stuff off.

117. When I arrived, I parked, exited my vehicle, approached her door, knocked and entered the unlocked front door in the same manner I'd entered that home many, many times since we'd separated, including on three occasions in the previous two weeks.¹⁰⁴

118. Lindsay greeted me in the entry way with her phone out, chest high, recording me. Lindsay could see my location, so she knew I was both on the way and when I would arrive.

119. When I stepped into the entry way, Lindsay attempted to physically block me. I do not deny that Lindsay and I argued that evening or that the altercation escalated more than we should have allowed. Lindsay was screaming at me. I believe she was recording throughout our tussle in which Lindsay fell to the ground causing her to scrape her hand.

120. After this happened, I turned around towards the interior of the house and saw CHM and he was crying. He looked scared and I tried to comfort him. I believe Lindsay's screaming was exacerbating CHM's fear, if not the primary source of it. At the same time, Lindsay got up and ran to the neighbor's house, screaming the whole way. I realized immediately that our interaction was terrible, so I left.

121. The video recording that Lindsay provided to the Court minutes before our hearing on Friday, June 10, 2023 shows me leaving the home and is approximately four seconds long. I believe this video is a modified and/or shortened clip from the original recording that Lindsay took that evening and is not a full depiction of our interaction. However, the video does accurately

¹⁰⁴ I genuinely did not see the text about the porch because of the rapid-fire texting that was happening right as I was trying to leave.

depict the entry way to the home. It also shows that I left the home without objection, visibly in tears, and concerned for our children.¹⁰⁵

122. At 6:34 p.m., after leaving, I texted her, “*You’re unbelievable.*” I texted her again at 6:39 p.m. and said, “*Wtf, man. You’re terrible. You’re going to traumatize the kids because what? I went to a graduation party...*” I reference these text messages because they establish a temporal boundary to my presence there of approximately four minutes, demonstrate that I contemporaneously realized the seriousness of the situation, and that I believed Lindsay had some degree of culpability for what occurred.

123. I accept responsibility for my role in what transpired. I am deeply remorseful. Our children should never bear witness to anything even remotely close to what they saw and experienced. I still picture CHM’s face and tears and cannot believe I did anything to cause such feelings. I am ashamed and extremely disappointed in myself. I should not have gone to that house, especially after drinking. I should not have engaged with Lindsay in any manner. I should have left the second I saw her video recording me. In hindsight I see that Lindsay’s and my actions were reprehensible.

124. While I accept responsibility, I do hope to be treated fairly considering all of the circumstances.

125. To assist in evaluating my credibility, I ask the Court to carefully review the text messages between Lindsay and I leading up to it, including the ones she carefully omitted in her affidavit, and ascertain which of us was angry, acting irrationally, and/or escalating the conflict, and which of us was acquiescing and attempting to deescalate the conflict prior to the incident.

126. After I left, CCSD was called and responded to the house. The officers issued a report and affidavits for the issuance of warrants for my arrest on charges of Burglary 2nd Degree and Domestic Violence 1st Degree. These affidavits are based upon information Lindsay provided and claim that I “threw [my] wife ... down the stairs” and that I “did willfully and unlawfully enter the

¹⁰⁵ See video recording provided by Defendant’s counsel to the Court via email at 1:44pm on June 9, 2023 one minute prior to our hearing before Judge Wall related to Defendant’s Motion for Emergency/Expedited Temporary Relief filed on June 6, 2023.

residence, committing the crime of burglary.” The affidavits also state that I “pushed her down the front porch steps into the bushes causing a road-rash injury to her right hand.”¹⁰⁶

127. I accept responsibility for my part in causing that situation. Yet, Lindsay has culpability in what transpired and its aftermath too and I don’t believe she’s accepted any responsibility. Instead, she appears to be perceiving and presenting herself as an unsuspecting and righteous victim.¹⁰⁷

128. Lindsay made multiple false statements to law enforcement about what occurred. Lindsay reported that we’d been separated since February 21, 2021 and that and I “never had access” to the McCutchen house, which was demonstrably false and directly lead to me being charged with Burglary.¹⁰⁸ These are two absolute lies.

129. I accessed that house almost daily from February 21, 2021 until June 2021. I lived at the McCutchen house for a year (June 2021 – May 30, 2022, which is when we actually separated). I paid the rent at the McCutchen house and all the utilities from February 2021 until at least January 2022. I accessed that house regularly until October 2022 when I filed this action. I replaced the hot water heater, painted, organized cabinets, fixed cabinets, hung string lights, hung shelves in the garage, hung peg board in the garage, replaced two shower heads, replaced bathroom fixtures, purchased and assembled bunk beds for the boys, purchased and installed wall-mounted TVs, hung pictures and mirrors, and many, many more things at that house. I refinanced the property at Eddy Farm Road to purchase that house and it is marital property. I was it that house three times in the previous two weeks. Lindsay asked me to fix a broken drawer at that house on or about May 1, and I purchased the part necessary to fix her drawer on May 2.

130. Lindsay also apparently reported to law enforcement that I attempted to take her phone with the intention of preventing her from being able to call for help (which is an exacerbating factor that increased the charge against me). I did not attempt to take her phone away from her or

¹⁰⁶ See Officer M. Foster’s Affidavit dated May 13, 2023 attached hereto as Exhibit OO.

¹⁰⁸ Ex. OO.

prevent her from calling for help. My actions were only in an attempt to prevent her from video recording.

131. To assist in evaluating my credibility, I ask the Court to consider the misrepresentations made to law enforcement when assessing credibility. I also ask the Court to review the motion I filed on May 1 as well as the remainder of this Affidavit when assessing credibility and determining how to address this incident and the weight it should carry.

Events After May 12, 2023

132. I learned that law enforcement was involved and there were warrants out for my arrest via text messages with Lindsay the following morning about HMM's baseball game. Lindsay told me and informed me of the charges. I immediately contacted my lawyer.

133. On Sunday night, AJM called me via FaceTime and immediately reported that she was coming over for a sleepover. Lindsay explained that she wanted me to have AJM overnight on Monday (May 15). She also said the plan was for me to have all three kids that weekend.

134. On Monday morning (May 14th), Lindsay called me and we talked about work and the day. She confirmed that I would be getting AJM that night. After that call, at 7:13 a.m., she then shared a song titled "Homesick" via Spotify. This song belongs to the artist she asked me to get concert tickets for the whole family to attend on June 17, 2023 (presumably indicating she intended we were all still going to that concert together).¹⁰⁹

135. I found out that the arrest warrants were issued on Monday afternoon (May 14th). I texted Lindsay that I would be turning myself in the next day and didn't think I should get AJM with everything going on (and that I was still in mediation). She responded and told me CHM wanted to be with me for the weekend and then, later, that he asked to come by the office and see me.¹¹⁰

¹⁰⁹ See text messages with Lindsay attached hereto as Exhibit PP.

¹¹⁰ See text messages attached hereto as Exhibit QQ.

136. At 3:11 p.m., she texted me and said that she was “going to be flexible” with me, that “this isn’t a final thing,” and “I fully expect (hope) we will be back where we were when we finalize an agreement.” This was the first time I’d heard of any proposed change to anything about the kids.¹¹¹

137. Lindsay’s counsel sent a proposed Consent Order that reduced my time to every other weekend, had no testing for her, required that I be on Soberlink, and gave Lindsay primary custody.

138. On Tuesday, May 15, at 9:47 a.m., Lindsay indicated via email her intention that we would be doing a week on/week off visitation schedule this Summer.¹¹²

139. Lindsay and I spoke at approximately 10:30 a.m. on May 15 and she said, “you didn’t mean to knock me down the steps” and, instead branded me as “a bull in a china shop bouncing off everything.” However, she then said, “if you don’t sign the Consent Order, I am going to prosecute you to the fullest extent of my ability,” that she “is going to testify against me,” and that she was going to “come after [me] for criminal and civil stalking.”¹¹³

140. Lindsay and I texted later that day about HMM’s baseball water balloon party that night. I coached his team and expected to attend. Lindsay told me, multiple times, that I could not attend unless I signed the proposed Consent Order, even though we’d discussed me attending earlier.¹¹⁴

141. I later talked to Lindsay again on the phone (and recorded the call). I asked if we could talk about the bond hearing and she replied, “no, because I haven’t talked to Pete. But honestly, let’s get this Consent Order signed and it’s a different story.”¹¹⁵

142. These communications are important because it was made clear to everyone involved that the criminal charges needed to be dismissed and/or reduced or I would be facing an interim suspension from the practice of law. She and her counsel initially indicated she would assist, but then refused to do so unless I signed her proposed Consent Order.

¹¹¹ Ex. QQ.

¹¹² Ex. Y.

¹¹³ This constitutes a clear violation of Rule 4.5 of the SCRPC, and Lindsay is a lawyer, but I did not report her conduct.

¹¹⁴ See text messages between parties attached hereto as Exhibit RR.

¹¹⁵ Ex. BB.

143. To be clear, I was not seeking any assistance from Lindsay in reducing the criminal charges that would be unfair. I did not commit Burglary Second Degree or CDV First Degree under any version of what happened. If these serious charges were reduced, I would not have been suspended from the practice of law. There's no rational reason for Lindsay not to assist in that.

144. Instead, Lindsay appeared at the bond hearing and gave a victim impact statement that was wholly contradictory to what she'd been saying and indicated that I was a danger to her and the children, which resulted in a bond order allowing me no contact with either her or the kids.¹¹⁶

145. Lindsay's lawyer sent a letter on May 18 that said "I only learned yesterday morning about the 10:00 a.m. bond hearing yesterday which Ms. McGee attended. It was fortunate that she did attend since we had not yet agreed upon the terms of a Consent Order."¹¹⁷ This is clear evidence Lindsay testified at the bond hearing because I had not agreed to her proposed Consent Order.

146. Both Lindsay and her attorney absolutely, unquestionably, and clearly threatened criminal prosecution for the purpose of gaining an advantage in a civil court matter. They are both attorneys and this is unethical conduct under Rule 4.5 of the South Carolina Rules of Professional Conduct.

147. I don't think Lindsay understands the gravity of the criminal allegations she's made. The potential consequence if I'm convicted is a sentence of twenty years – meaning I would not see our children grow up or be present in their lives during the remainder of their childhood.

148. On June 1, I was suspended from the practice of law. I lost the ability to earn the income I've used for 13 years to support Lindsay and our children. I don't know how we'll pay our financial obligations.

149. Both of the boys discussed the May 12 incident with David Kalergis, who is a mandated reporter, and he did not make any report about what was disclosed to him. AJM didn't even witness the incident. Regardless, Lindsay has not allowed me to see the kids for a month – I haven't even

¹¹⁶ See Affidavit of Plaintiff in Support of Request for Emergency/Expedited Hearing filed on May 31, 2023 at Ex. A.

¹¹⁷ Ex. AA.

been able to FaceTime. Lindsay admits this is not in the children's best interest and that they are not doing well.¹¹⁸

150. Lindsay told the children that I cannot see them because I have not agreed to any rules.¹¹⁹ I'm very concerned about what she's told them about why I haven't seen them.

151. This situation has deviated from any sense of reason and hurt me, Lindsay, our children, my staff, my clients, the firm's vendors, our families, or friends, and countless others. It makes no sense and it's unjust. Lindsay is perpetuating it because she wants to use it as leverage in this case.

Spoliation of Evidence

152. Lindsay is destroying evidence. She deleted events on our Shared Calendar on iCloud on May 20, 2023 and then deleted the calendar in its entirety on June 3, 2023.¹²⁰ She did this while I needed access to the Shared Calendar to set forth dates in this affidavit.

153. Lindsay also deleted emails on May 10, 2023, including emails (i) memorializing financial transactions between her and paramours, which were almost certainly for the purchase of illegal drugs; (ii) demonstrating her work efforts with the firm, or lack thereof; (iii) regarding the refinancing and purchase of the McCutchen house, and more that have not yet been processed.¹²¹

154. Lindsay has also refused to provide any documents, formally or informally, in response to discovery requests served upon her on December 5, 2022.¹²²

155. Lindsay told me she "accidentally" deleted text messages between her and Fowler.

156. Lindsay also intentionally used Snapchat (an ephemeral messaging app) and multiple Snapchat accounts to communicate in a way that is not recoverable.¹²³

157. Stephen Daniel Fowler, Jay Forino, and Karen Keys have all three failed to appropriately respond to subpoenas, which forced me to file a Motions to Compel and Rules to Show Cause against them that have not yet been heard.

¹¹⁸ See Affidavit of Rebecca Walden filed contemporaneously herewith at Ex. B, pg. 17.

¹¹⁹ See Affidavit of Rebecca Walden filed contemporaneously herewith at Ex. B, pg. 15:19.

¹²⁰ Ex. V.

¹²¹ See Affidavit of Sean Leonard filed contemporaneously herewith.

¹²² Ex. Q.

¹²³ See Ex. E, wherein Lindsay admits to moving certain text message conversations to Snapchat in an effort to avoid discovery.

Lindsay's Misconduct Post-Filing

158. Upon information and belief, Lindsay withdrew the cash value from her universal New York Life Insurance policy in an amount up to \$42,000 in December 2022. She did this over my objection and after the date of filing. She has refused to answer questions I've asked about it.

159. Lindsay refused to categorize her credit card charges on a law firm credit card or provide the statements so our accountant could prepare the tax return.

160. Lindsay entered the office after being asked not to on (i) September 21, 2022, (ii) November 9, 2022, (iii) November 28, 2022, (iv) December 3, 2022, (v) December 14, 2022, and (vi) April 20, 2023. She removed items of personal and client property. She accessed attorney-client privileged communications and work product. The office is marital property and there is no Order restraining her from accessing it – which is the exact same situation as McCutchen for me.

161. Lindsay withdrew sums of money from the law firm's operating account for her personal expenses after the date of filing, without notice, and over my repeated objections. At times, this significantly impacted the firm's finances. In total, Lindsay withdrew or otherwise accessed no less than \$23,000 of funds from my account or the law firm's operating account between September 1, 2022 to the January 30, 2023, when I was able to remove her as a signatory.

Other Allegations Expected by Lindsay

162. Lindsay says I have harassed her or engaged in adverse communications. I have, at times, said things out of anger or that I wish I hadn't, but I have not done this to the extent she has.¹²⁴

163. Lindsay claimed that I don't support her relationship with the children or denigrate her to them. This is false. I am constantly supporting her relationship with the children and building her up. I have even tried to equalize things between our households for the kids by buying things for the kids at her house: a bunk bed for AJM, a trampoline, little kid couches like the ones I got for my house, a football for CHM, etc. There's a painting of Lindsay and AJM in AJM's room at my house. I've invited Lindsay to numerous activities with the kids during my time.

¹²⁴ See harassing text messages from Lindsay attached hereto as Exhibit SS.

164. Lindsay has also accused me of stealing from her. Lindsay deposited \$20,369.39 from her father's estate in our firm trust account on July 29, 2021. She subsequently transferred \$20,081.62 to our operating account on August 31, 2021, which she said was part of her distribution. We agreed to use those funds to carry firm expenses until we issued invoices for June and July 2021. In June 2022, almost a year later, right after we separated, she demanded I repay the funds from her father's estate to her. When I didn't, she accused me of stealing those funds and stealing them from the trust account. This is false.¹²⁵ Those funds were transferred, by her, to the operating account as a member contribution and commingled with our other marital funds. Lindsay was not working until November 2021 and I was paying all of the bills for both residences as well as her entire credit card balances, which were paid partially with those funds.

Relative Placement

165. My mother, Rebecca Walden ("Grammy"), and her husband, Dan Walden ("Papa"), have been extremely involved with the kids for their entire lives. Lindsay and I have routinely left the children with Grammy and Papa when we've traveled and they've been with the kids for at least four weeks every year the kids have been alive. If our children need to be with a family member instead of their parents, that person is my mother.

166. Lindsay has sent extremely harassing and abusive text messages to my mother and made threats directly to her as well.¹²⁶

Lindsay Intimidation and Threatening Behavior

167. As detailed herein, Lindsay is attempting to embarrass, threaten, and intimidate me in this case. She is impermissibly threatening and sustaining criminal prosecution with charges that are clearly inappropriate to gain an advantage in this case. Those charges also impact my ability to

¹²⁵ See text messages and Trust Statement for the Estate of Kenneth Foreback attached hereto as Exhibit TT. The firm's trust account is reconciled and being closed by the successor attorney and he is issuing a check for the remainder of those funds to the Estate of Kenneth Foreback in the amount of \$287.77 on or before June 16, 2023.

¹²⁶ See Affidavit of Rebecca Walden filed contemporaneously herewith at Ex. B, pg. 6:21-7:3.

practice law and earn an income to support our children and maintain the marital estate. Lindsay said she is filing something “that will guarantee that he is no longer a lawyer, guarantee it.”¹²⁷

168. Lindsay is lying – this is perjury. She lied to law enforcement – that is a crime. She is deleting evidence intentionally. She is purposefully trying to embarrass me. She is threatening and trying to destroy me unless I acquiesce to her demands in this case. She is bringing up allegations wholly irrelevant to our children and me as a parent. This is all grossly inappropriate, impermissible, and criminal. It is Family Court litigation at its worst and I’m asking the Court to do whatever it can within its power to stop it. Her conduct is hurting our children and both of us.

Conclusion

169. What Lindsay is doing in this case is another example of her poor judgment. She is not well – she hasn’t been well in a long time. I was patient and kind towards her. I hoped and trusted she would get better. I did everything I could to encourage that, but it didn’t happen.

170. I didn’t want to be here – in a contested custody case. I never wanted to say all of the things I’ve had to say about Lindsay in this affidavit. I care about her. I avoided this to the greatest extent of my ability, for years. She gave me no choice. Despite the repeated chances I gave her and her ongoing poor judgment, she seized upon four minutes of poor judgment on my part and sent our family’s world into chaos and potential collapse.

171. Just yesterday, I received Lindsay’s court ordered drug and alcohol test results. Lindsay tested positive for cannabinoids, specifically Carboxy-Delta-9-THC GC/MS, at a level higher than her original testing on October 18, 2022.¹²⁸ Clearly, based upon these most recent results, she is continuing to regularly use illicit drugs. Interestingly though, in her Affidavit in support of her emergency motion, Lindsay states that she “had not used cannabis since mi-September 2022,” only began using “very sporadically after the first of the year mostly related to a bad menstrual cycle or pain.”¹²⁹

¹²⁷ See Affidavit of Rebecca Walden filed contemporaneously herewith at Ex. B, pg. 8:2.

¹²⁸ See drug and alcohol test results attached hereto as Exhibit UU and Plaintiff’s Affidavit in Support of Request for Emergency/Expedited Hearing at Ex. C.

¹²⁹ See Affidavit of Lindsay McGee filed June 6, 2023 at Para. 2 and 5.

172. I am asking that the Family Court allow me to return to the primary role in our children's lives that I have always played. I am also asking that the Court take all necessary steps to ensure the safety of the children when with Lindsay.

JUSTIN MCGEE,

Plaintiff,

v.

LINDSAY FOREBACK MCGEE,

Defendant.

**NOTICE OF MOTION AND
MOTION FOR
EMERGENCY/EXPEDITED
RELIEF**

TO: THE DEFENDANT ABOVE-NAMED, LINDSAY FOREBACK MCGEE, BY AND THROUGH HER ATTORNEY OF RECORD, PETER G. CURRENCE:

YOU WILL PLEASE TAKE NOTICE that the Plaintiff, Justin McGee, by and through his undersigned counsel, will move before the Presiding Judge of the Family Court, Ninth Judicial Circuit, 100 Broad Street, Charleston, South Carolina on the 13th day of June, 2023, at 9:00 A.m., or as soon after as the matter may be heard, for an Order of the Court granting to Plaintiff expedited pendente lite relief as the parties' minor children may suffer irreparable harm should the relief not be granted.

The Motion shall be based upon the Complaint, pleadings, affidavits, and upon any testimony allowed at the hearing on this Motion.

YOU WILL PLEASE TAKE NOTICE that the Plaintiff moves the Court to have a pendente lite hearing in this matter in a shorter time than five (5) days' notice, or such other notice to the Defendant as may be required by law.

The Plaintiff is seeking an Emergency/Expedited Order of the Court ordering the following temporary relief:

- a. Modifying the existing Bond Order issued by the issued by the Charleston County Court of General Sessions, as is expressly permitted therein, to set forth the parameters of custody, contact, and visitation between the parties and their minor children;
- b. Setting forth a timesharing schedule for the parties and their minor children;
- c. Appointing a Guardian *ad Litem* to protect the best interests of the minor children and determine the proportionate financial responsibilities of the parties for the Guardian *ad Litem*'s fees and costs;

By signing this Agreement, You are buying the Device from Seller/Creditor (and, together with any Seller/Creditor assignees of the obligations under this Agreement following such assignment, "we", "us", or "our") on credit. You grant us a purchase money security interest in the Device, and all proceeds from the sale or other disposition of Device to secure performance of Your obligations under this Agreement (collectively, the "Secured Obligations"), which security interest continues until we are paid in full for the Secured Obligations, including reasonable and actual expenses of retaking, processing, and disposing Device upon Default (which shall include reasonable attorneys' fees). You and we agree this Agreement constitutes a security agreement and Your grant of a security interest to us is a "purchase money security interest" in the Device and the "proceeds" as defined in the Uniform Commercial Code in the state of Your billing address at the time of signing. You agree to pay us the Amount Financed and any related charges in U.S. funds.

IMPORTANT TERMS – PLEASE READ THIS

1. ASSIGNMENT.

- a. We may assign this Agreement or any of our rights hereunder without Your consent or notice. **From and after the date of any assignment of AT&T's rights and obligations under this Agreement to any non-affiliated third party, AT&T, AT&T Mobility (and its parent, affiliates, and subsidiaries) will have no further liability or obligation to You and Your recourse for any such liabilities or obligations shall be solely limited to such assignee.**
- b. **Seller/Creditor, and/or any other assignee of this Agreement do not agree to any sale, disposition, transfer, entrustment, loan, or surrender of possession of Device free and clear of such purchase money security interest or consent to the retention or possession of Device by a third party.**
- c. **Without our prior written consent, You may not: i) sell, offer to sell, pledge, mortgage, encumber, create a lien on, adverse claim on or security interest in the Device or allow such to exist; or ii) sell, offer to sell, or assign this Agreement or claims arising from or in connection with this Agreement; or iii) lease, sell, offer to sell, dispose of, transfer, entrust, loan, or surrender possession of the Device, while any Secured Obligation remains outstanding.**

2. SERVICE/SERVICE AGREEMENT. This Agreement requires that You maintain eligible voice and/or data wireless services ("Service(s)") on Your Device. **Service(s) are subject to Your Consumer Service Agreement, Wireless Customer Agreement, AT&T business or government agreement, or an agreement with another wireless service provider authorized by us in our sole discretion (in any case the "Service Agreement"). Your Service Agreement may require a deposit. Although Your Service Agreement is a separate document, except as prohibited by applicable law, the Dispute Resolution By Binding Arbitration and Arbitration Agreement provisions or other dispute resolution provisions of Your Service Agreement are incorporated by reference in this Agreement and will survive termination of Your Service Agreement.**

3. DISPUTE RESOLUTION BY BINDING ARBITRATION. Most customer concerns can be resolved quickly and to the customer's satisfaction by calling the customer service department at 1-800-331-0500 (or any alternative customer service number we may provide to you from time to time). In the unlikely event that we are unable to resolve a complaint You may have to Your satisfaction (or if we have not been able to resolve a dispute we have with You after attempting to do so informally), we each agree to resolve those disputes through the dispute resolution provisions in Your Service Agreement. **If Your Service Agreement includes an arbitration provision, we agree to resolve all disputes in binding arbitration or small claims court in accordance with that arbitration provision.**

Arbitration is more informal than a lawsuit in court. Arbitration uses a neutral arbitrator instead of a judge or jury, allows for more limited discovery than in court, and is subject to very limited review by courts. Arbitrators can award the same individual damages and individual relief that a court can award. **Any arbitration under this Agreement will take place on an individual basis, without class, representative, or private attorney general proceedings. See att.com/disputeresolution for more details.**

4. RESPONSIBLE PARTY. "You/you" or "Buyer" means a person or an entity that is the customer of record. You represent You are authorized to sign, and if later determined You are not authorized, You are personally responsible and guarantee payment for all sums due under this Agreement.
5. CREDIT QUALIFICATION. We may check Your credit with a credit reporting agency or use Your existing credit information on file with us or our affiliates. We may terminate this Agreement prior to Your receiving the Device if You fail to meet our credit requirements.
6. PAYMENTS. You are responsible for payments in full of Your Service(s) bill. Payments apply as follows : first to past due balances, and then to remaining balances due. If Service is suspended, terminated or cancelled, You are still responsible for all scheduled payments under this Agreement. Your obligations to make payments under this Agreement are not contingent upon the delivery of service(s). If You make installment payments before due, there are no changes in due dates or amounts of scheduled payments.
7. RISK OF LOSS: INSURANCE. You bear the risk of loss, theft or damage to the Device for any cause during the Agreement. If the Device is lost, stolen or damaged, You are obligated for the Total of Payments. We recommend You insure the Device from anyone You want..

8. INDEMNITY. You are responsible for all liabilities, losses and damages, whether imposed on You or us, that are attributable to You or any of Your acts or omissions related to the Device. This provision survives the termination of this Agreement. As permitted by law, You will reimburse us for all expenses we incur for the defense of any claim or action You are responsible for under this Agreement. This includes, but is not limited to, actual and reasonable attorney's fees not to exceed 15% of the amount of the loss, liability or damage, except that in NH and WI, we will pay attorney's fees incurred by You in any action in which You prevail.

 - a. You fail to make any required payment;
 - b. You breach any term, covenant, representation or warranty in this Agreement;
 - c. You fail to perform any other obligation in this Agreement, including timely Service(s) activation, and such failure continues for ten (10) days after we provide You with written notice of the Default;
 - d. **You or we cancel/terminate the Service required on Your Device under Your Service Agreement.**

 - c. If You provided Your credit or debit card information, You authorize us to charge Your card, in accordance with applicable law, to satisfy all amounts due, if You do not immediately pay all unpaid Amount Financed.
 - d. Require You to pay us actual and reasonable costs of collection, including attorney's fees, except in NH and WI, we will pay attorney's fees incurred by You in any action in which You prevail.
 - e. Take possession of the Device and sell, lease, license or otherwise dispose of the Device to satisfy any unpaid Secured Obligation.
 - f. Remedies of a secured party under the Uniform Commercial Code or other laws.
11. GOVERNING LAW. The law of the state of Your billing address when You sign this Agreement shall govern unless such law is preempted by or inconsistent with federal law.
12. ENGLISH LANGUAGE. The original version of this Agreement is in English. Any conflict between the English version and any other language version will be resolved by interpreting the English version.
13. DISCLAIMER OF WARRANTIES/RETURN POLICY. We make no express or implied warranties on the Device, including any implied warranties of merchantability or of fitness for a particular purpose. For details on our limited return policy and manufacturer's warranties, see Your Customer Service Summary.

 - b. To cancel Next Up at any time: visit an AT&T store (or other location we designate), use Your att.com/myATT account (or other applicable online account), or call customer service (611 from Device). You are responsible for Next Up charges billed before You cancel. **If You cancel, You lose the ability to Turn-In and cannot reenroll in Next Up.**

Hope you get some rest. Sweet dreams

Is this a test?

My apologies. Didn't think that'd go through. Was thinking of you and just made me feel better to try and let you know you were on my mind.

I dunno. Again, didn't think it would go through. You're on my mind

My apologies

Come over? We aren't having sex

Ok. Almost back to my house now so I can grab the civic and head your way

No sex is fine. Me texting wasn't about that anyways

I failed the test ... no this is a bad idea

Ok. I won't come over

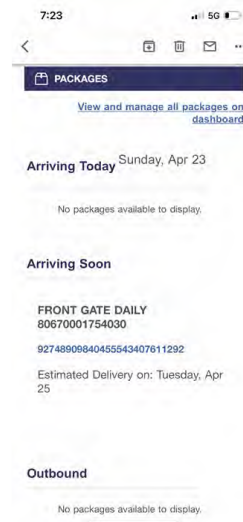

Again, my apologies. I didn't want to email, but this was my effort to at least acknowledge your sleepless nights and me caring about you. Didn't expect it to go through

I'm sorry

You don't have to be sorry. I'm kicking myself for not having more self restraint.

I don't get any of this. Wish we could talk. Maybe someday

4/23/2023 7:24:10 PM

Haha I was thinking these were the tickets (to be delivered Tues)
But not I'm not sure

I'll get check the tracking online and let you know.

No big deal. Just assumed previously if you weren't able to change the delivery address then they would've already been mailed. I haven't gotten physical tickets in so long no clue how long it takes to get them anymore

I couldn't change it bc they had already printed the shipping stuff.

Please rest assured that I'm not trying to f [redacted] you over. That's not me. Never done anything remotely like that and I don't plan on starting now.

And yes you are going to talk to me. Whether you want to or not... bc I am going to deliver the tickets to you. I'm more than willing to talk before then if you want.

Know what sucks? H [redacted] had baseball early Saturday am. It was a horrible crazy am bc Justin thought you were at my house. He thought you took an Uber. He looked stupid but it's so shitty that I'm damned if I do and damed if I don't. (Also this means there is a tracker on your Jeep) ●

I know. Told you this wouldn't stop even if we didn't see each other. Tomorrow makes a month.

And me asking this is the same as you assuming I canceled the hotel. It makes everyone's actions paranoid and anxious

I truly am sorry for all of this

And yes, despite all of this I still wish we were together

I have something to do tomorrow morning, but I will try to call you after

I get it. I'll look forward to talking to you tomorrow

Ok- but I have a serious important question and google isn't helping me.

A mega raid....

How do I know? I'm looking for that weird S symbol, right?

No, a mega raid is based off of which Pokémon are currently in the raid selection

<https://apps.apple.com/us/app/poke-genie-remote-raid-iv-pvp/id1143920524>

Right now it's slowpoke. And I think it's the one from the hoen region. He's got a crazy shell on his head

I miss you

Down load that app

Miss you so much

Also, once you mega evolve someone once I believe they are then put on a timer to mega evolve for free. It starts off at 7 days, but the amount of regen time lessens the more you mega evolve it. The evolution only lasts for 8 hours

And that app is good for making more friends, especially when that is part of a quests. You'll have to get remote raid passes though and I think you can only use 7-8 a day. Not quite sure what the number is exactly because I wasn't paying attention the other day when I reached the max

It's tricky to get the timing down for poke genie, but once you do it a few times it gets easier. The best thing I've found to do is to be on the friends screen and just go back and forth between screens to enter in the hosts number to send a friend invite

Or you can use the playground function, top right of your screen, to find a raid locally, but it'll take at least 4 players to take down a mega boss. Probably more like 5 or 6 in most cases unless you are just playing with bad asses. It's why poké genie is best because it does all that for you

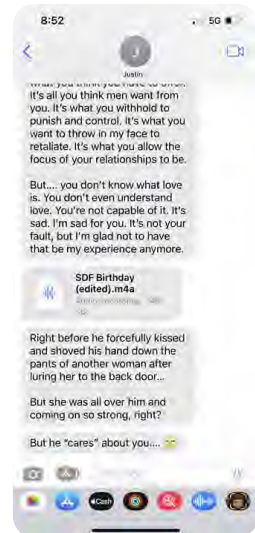

Hope that helps

If you have any other questions feel free to ask

It's slowbro not slow poke. Oopsie

That's also not classified as cheating so you don't have to worry about your account being flagged which is really nice

Thank you. Sorry... all hell broke loose the second we started texting

That's the paralegal with H [REDACTED]

I'm not listening to it, but I wanted you to know he's still going at me hard with shit

He sent that pic to you? I'm so sorry.

Also, and you don't have to answer this, but I've been dying to know for my own clarity

Is this what the video even remotely looked like?

No. It was from her iPhone

Her arms were around your neck and she was “accidentally recording” with one arm up. You could see the top of your head and face

Ok. Thank you for clarifying that for me

And her face

I was more so making sure that Richard wasn't involved and just for my own piece of mind

Sorry. I can imagine it's really invasive and f [REDACTED] creepy knowing you're basically being stalked

We're both being stalked. It's unnerving. Just like I know he's reading this conversation right now

You really are the aggressor here

Maybe let's not talk until I have your tickets

So we're never gonna talk. Got it.

Fine. We can talk tomorrow

No. Hell, we can meet at the gates the day of the show for me to get the ticket. That way we never have to talk again. This is so f [REDACTED] retarded.

Laughed at "No. Hell, we can meet at the gates the day of the ..."

Glad you think this is funny

I didn't mean to do that but I'm leaving it. Meant to !

I'm going to get you the tickets as soon as they arrive. I told you that.

And trust me I'm not in a laughing mood right now. I'm getting it from every angle tonight and not at all in a good way

I wasn't trying to harass you this evening or anything of the sort. My apologies

You weren't harassing me- Justin is. The pictures of Grace with my kids and then resending me all that shit about you

We don't have to talk tomorrow. I have a lot to do this week anyways. I guess when you are up for it and have the time we can talk. I'm sorry tonight has once again turned to a shit show

I had not heard that recording

Love how it's edited and I haven't even listened to it

All the same. My apologies.

4/24/2023 12:35:24 AM

So... can't sleep and had a question.

When did she send you the nudes?

That Thursday when they added me to the group chat. Before anything happened

Shockingly, I can't sleep either

She sent nudes in a group text? Were y'all going to have a 4-some? Serious question

Or did you have one? I just realized I never even asked if you had sex

Didn't have sex. I went home alone that night. They were just doing what Justin paid them to do

Dray may have had a 3-some with them, but I don't know

Did you text or call her once I confronted you?

I realize this is 20 questions and I appreciate you playing

Nope. Didn't speak to her after Saturday when I asked how much Justin paid them

Saturday? You asked her in person or via phone?

Text. Saturday after my birthday

Did she respond?

Nope, but most anyone else would have been offended about being called a whore/prostitute or a f[redacted] you of some sort. The silence pretty much solidified that it was Justin's doing in my mind

Oh, and Dray still was talking to them the next week when we worked on Thursday and he thought they would be there and they never showed

He obviously didn't know all that had transpired

Was your bday the first time you hooked up with her?

Yep. They had come in the Thursday prior and I barely spoke to them. Dray took care of them and at one point he poured us all shots and called me over and introduced me to them. That was the end of our interaction.

This is her, correct?

Yeah, fairly certain that's her

Thanks for playing 20 questions. I appreciate it

Hope it helps with whatever f[redacted] up game he's trying to play this week

4/24/2023 9:22:27 AM

Are we supposed to talk today? Kinda confused as to where things were left off

Up to you.... Not sure what to say

I think the Front gate thing is the tickets bc it's a package. It's showing that it will be delivered today

Good to hear your voice. This makes me so sad. Thanks for talking to me though. Hope you have a good day

I'm glad we talked. I'll keep you posted about the tickets

It's ok. I know this is difficult for both of us. I'm just sad and frustrated and I honestly know this is probably the last thing that we will ever talk about so I'm using it just to communicate with you. I'm being petty.

I can just buy another ticket so you won't have to deal with me. I just checked and there's one available. My apologies for using the tickets just to force you to talk to me. That's unfair of me to do.

Done

Please don't

That's dumb. You aren't forcing me to do anything

Again, I'm sorry for using the tickets as a reason for us to communicate. Guess I was just hoping to still go and have fun and see each other. My apologies for being petty

Let's just talk in person when I have the tickets. Please don't buy another

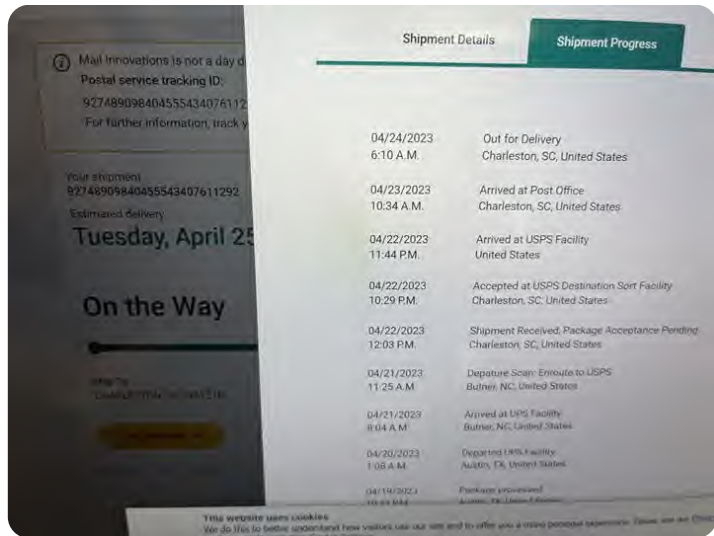

I already bought one. I don't want to force you to see me, especially over these tickets. I know things are complicated and I've done nothing but increase your burden.

I've been upset and sad since we got off the phone. This just seemed the easiest way

You're not doing anything ... I'm just tired and not 100 awake. I wish you didn't buy another ticket. I would still go with you - I just didn't want to go by myself. I'm a big girl and can say no. You're not manipulating me into anything

If you want to go together I'd really like that. You have other options now though if you choose. My apologies for getting started so early today. Went and helped Ila's school out for their book fair so my day was already underway. Figured I should try and make the most of my day.

4/24/2023 3:04:32 PM

Today or tomorrow they should be here. Let me know what your Wed/ Thursday looks like. I could meet you before work Thursday assuming you're closing O'Briens

Working Wednesday night beer works and back there Thursday morning. Off Thursday night

Off Wednesday morning

Sounds good... so maybe shooting for Wednesday am. I'll text when they arrive 🍷

Whatever works best for you

4/24/2023 11:07:33 PM

This app is like the cheat magazine for Nintendo... but a tiny bit more complex. 🍷🍷

Glad it helps. It usually changes over on Tuesdays around midday to whatever's new for that week. So, like tomorrow at midday it will switch to whatever is in the gyms for that week. It's also a great way to get more friends and those stupid scatterbug things

At some point you may have to take screenshots of your Pokémon and upload them into it to prove you have enough high level Pokémon to battle in certain events. Relatively easy to do, but annoying

Liked "Glad it helps. It usually changes over on Tuesdays..."

Get some sleep

Just left mortgage broker, heading to mechanic. On James island

What mechanic?

I'm at highfalutian coffee off Harborview

Brysons

Want me to meet you over there?

Need a ride back to your house?

I did what I needed to do already and just left. Have one more quick errand to run off camp

Liked "I did what I needed to do already and just left. H..."

I'm in the civic. Thank you though

Are you gonna be having coffee for a while?

Yes

Should have everything done in less than 20

Liked "Should have everything done in less than 20"

Ok. I can meet you there if that's what you prefer

Where am I meeting you?

I'm at highfalutin coffee off Harborview. Sitting outside.

4/25/2023 11:47:21 AM

Your passenger side rear tire needs air

Laughed at "Your passenger side rear tire needs air"

Thank you

Thank you

4/25/2023 1:07:33 PM

Did you ever get your logo situated?

Very ABQ. It just popped in my head. If you want I can draw something up if you point me in a direction

4/25/2023 2:11:30 PM

I'm working with a company who will also do my website. Not finalized yet. I'll show you before it's finalized for your feedback

Ok. It just crossed my mind so I was curious

<https://apps.apple.com/us/app/welcome-to-rockville/id984670105>

Whoop whoop

Apparently they just released the set times

Deftones -

<https://a.aloo.mp/d3qRGLN>

Tool -

<https://a.aloo.mp/R5OsGIF>

Sorry for the overload ... I just got excited

I just downloaded and checked it out. Super stoked, but kinda bummed. Looks like everyone I want to see is staggered. Do you watch an hour of one show and then onto the next? So many decisions

Yeah... start backing up getting ready to switch stages near the end. I always prioritized by my favorite, and I'd only leave early if I heard everything. But FYI (ICYWW) I'm more than fine doing my own thing inside the venue (if our schedules are competing)

Nah, I'm pretty fluid, plus, there's no map yet to see which stage is where

Laughed at "Nah, I'm pretty fluid, plus, there's no map yet to..."

Oh Dan. I've downloaded a copy from last year so I can go ahead and plot out the route

Laughed at "Oh Dan. I've downloaded a copy from last year so I..."

And here I was thinking this would be nonchalant and just kinda wherever our feet take us

Laughed at "And here I was thinking this would be nonchalant a..."

Glad we're both excited

Thank you again for today. It means a lot that I was able to talk to you in person. I really appreciate you for that

Legit question, what time is your first must see band playing?

Also, do you want me to look for a room? Any stipulations?

Want to see - Sueco
Must see-Deftones

No stipulations on the room.

I'm also really glad we got to talk. It was definitely hard to see you, but I'm also not feeling quite as sad so that's a positive.

Ok. Last relevant questions- go down Saturday, even if it's after baseball, or just a room for Sunday.
King bed or two dbl beds?

And last question, do we really care about amenities as long as the place is clean?

Definitely don't care about amenities ...
I'm cool for Saturday pm too

Maybe this will help with the other question, upstairs with a balcony and partial ocean view, or courtyard view, no balcony

Ok. I did it. We can cancel anytime before 24 hours prior.

Loved "Ok. I did it. We can cancel anytime before 24 hour..."

4/25/2023 6:45:22 PM

Ahhhhhhh so this is why you should pin the postcard

Maybe you told me that and I didn't get it

That does a way better job of explaining than I did

Also, that's what I was saying I rename them whatever region they are from and wish I would've done that sooner

May be a good call to do since you will get so many

4/26/2023 3:08:31 AM

Ok, so this has been on my mind all day.

You said that I was the first person that's expressed this little interest in you. By either calling/texting, pursuing, acting like you mattered to me.

I understand your point. I also want to make you aware...

You're the First Lady I've ever dated/wanted to date that was married with a psychotic husband that stalks both of us and is perpetually trying to make your life miserable.

In all honesty, you're phenomenal!!! Intelligent, beautiful, caring, fun and just a great human being in general. I truly don't have enough words to describe how I feel about you and who you are.

I didn't/don't know how to act in this scenario.

When I was going through my custody stuff I've never felt more isolated or alone and angry/frustrated in my entire life. I know I pissed people off. One of the only times I've ever been fired, because it effected my attitude that much. So many days I was on the verge of breaking and had no outlets or anyone to talk to to convey my feelings.

What you're going through is exponentially more detrimental than what I went through. I'm very cognizant of that.

This isn't to justify my actions. Please know that you're always on my mind and just seeing your face or hearing your voice is something that I treasure and makes my day/world better.

I know that Melissa harassed colleagues/coworkers and complete strangers during our custody battle. All of that just tore down my barriers and isolated me more.

I say all of this to let you know that I have the smallest inkling of coming where you're from.

So many times I wanted to say hi. See how your day was going. Let you know that you were on my mind. I didn't. Completely my fault. I also was/am very uncertain how to act in this scenario. However, it is truly one of those I'm grateful for not having experienced enough to have a better understanding of what to do.

This whole aspect of life is brutal and I don't wish this on my worst enemy. I hate that you're going through it. It is why I try to be there for you if you need me while not overstepping my boundaries. I feel like I failed in every aspect.

This is all rambling. My apologies. This is how I feel though. I don't know how to act. I tried to treat you in a similar fashion to my parenting perspective... time and effort. I don't think either were interpreted as the way that I truly feel about you. For that, I'm very sorry.

I guess in all honesty I'm just a floundering child trying to do the best that I can with what limited knowledge I have.

I know all of this is probably pointless, but I've been thinking about it all day. You're right; I wasn't there for you. I was doing what I thought was the best approach. Inevitably I let you down.

I think you're one of the best humans I know and I admire you so much for what you do.

4/26/2023 9:49:24 AM

Thank you so much for taking the time to put it all out there and tell me what you're thinking. I know that's not easy, and your vulnerability is really appreciated. It is not a waste at all.

I know this couldn't have been easy for you. I genuinely don't know if I would have stuck around if placed in a similar situation. Many of my good friends have backed away because they fear getting caught up in this toxic drama.

I remember questioning every day why you were still talking to me. I can't really express how thankful I am that you did stick around. Life can feel terribly lonely at times and your company helped me get through some of the hardest times in my life. I know I should be able to be "ok" on my own, but the truth is I wasn't.

When I said we were alike in a "bad" way I meant our attachment styles. I have an anxious-avoidant attachment and it seems like you have an avoidant attachment style.

If I didn't hear from you for a few days I'd assume you'd hooked up with someone (anxious). I'd force myself to "not care" and would try to make our interactions just about sex (avoidant). If I ever perceived that you were pulling back it made me want to pull back and avoid you even more. I didn't actually communicate what I was thinking. This is something I struggled with in my marriage and it's something I really need to work on. I can imagine that my behavior was confusing or inconsistent.

I want you to know I felt so loved and protected when you'd hold me. I wasn't a cuddle person until you. I felt like a leech the second you were around, and I'm not sorry.

More than just being an amazing cuddler, I really liked hanging out with you. I liked taking to you. I liked to hear your opinion on things. I liked when you would teach me about stuff that interests you.

In addition to all of that... you understood what I was going through, provided support, and continued to stand by me in the shit storm. That's not going to be easily forgotten.

I can't even hide that I'm hurt by what happened on your birthday. It still stings but it also doesn't negate what I just said.

In my ideal world we would remain friends for the distant future. I'd like to finalize my divorce and get some restraints in place. I need to work on myself more to "heal my inner child" so I can model a healthy secure attachment style for my kids. I wasn't doing that even before your birthday.

I understand being friends is hard for you. I promise it's hard for me too. I will respect whatever boundary you need as far as communication, etc.

4/26/2023 11:46:28 AM

I will always be your friend. Just know that sometimes I'm a shitty friend and don't communicate like I should. It's something I'm trying to work on.

It may be one of those things that we don't talk for a few days and then you end up with a text like last night because you were on my mind.

That being said, always know you can reach out to me; I know that's not your forte either, and I will be there to listen, to meet you for coffee that I don't drink, to grab tacos, and to tell you what new hot sauces I recently purchased, to go Pokémon hunting in the park, whatever is needed, I will make time for you.

Part of this is that I'm asking you to please let me know if I overstep any boundaries or if I annoy you or anything of that nature because I'm being too pushy to talk to you or to see you.

Through all this, I think it's evident that we both need more friends. To be there to support and encourage one another to keep going and to try to be better people. I'm perfectly ok trying to be one of those people for you.

And yes, it will be hard to just be friends. Yesterday summed that up fairly quickly. I was excited to see you. You make me nervous when you're around. It's jittery butterflies in a good way. You always have. I want to hold you and touch you just to make my life better and to try and convey how much you mean to me. I didn't want to let go when we hugged yesterday.

If/when I overstep these boundaries you have to say something to me. Please don't just distance yourself without acknowledging it. It's a learning process.

I'm not the most eloquent. I guess in summation I'm just saying that I would rather have you in my life, even if it's just as friends, then not at all.

4/26/2023 5:12:49 PM

I completely understand and will definitely communicate openly about any concerns.

I had a much longer response in mind but got distracted by a book C [REDACTED] got at the book fair. I've been studying [REDACTED]

Good morning

Good morning ☀️
Meant to ask yesterday what your must do shows were?

Hells paradise. Quasi, but think that's a movie. Kinda like super troopers from the Middle Ages. I'm way more into movies though. Can't tell you the last time I watched a series that wasn't anime

You around for a little bit?

Movie? I'm just now taking A [REDACTED] to school

I'm an idiot. Thought you were talking tv, as if you were looking for new recommendations. My apologies.

I'm still not completely functioning yet

you're a good mom.
Those kids are just bad.
They probably get it

Not implying your kids are bad. This made me laugh though

All done. If it's bad timing it's no big deal. I was just on this side of town and thought about it

I'm sorry! I'm just seeing this.

Hope your day goes well and you have fun tonight.

Thanks! You too. Kinda dying to know what you were going to drop off though

Should've answered your phone ●

You still having dinner with J and his lady friend?

Replying to Dan, 2023-04-27 10:50:37: « Should've answered your phone ● »

Breakfast and flowers

Hahaha I can't wait to tell you about Jay's reaction. ● short answer is no

I can only imagine

no. That's too much. Being serious. That's extremely thoughtful but it's confusing.

But it does look good

Your kinda flower

Laughed at "Your kinda flower"

Hahahahaha OMG I Fing love you

I'm dying bc ... oh wait that totally changes things

Come baccckkk

Jk.

And I'm already at work

Replying to Dan, 2023-04-27 10:56:47: « ... kinda sorta not really »

Meh... I think flowers 🌸 are more of a romantic/loving gesture ...whereas you just lookin out for your friend 🤔

What???

Well regardless I hope you have a wonderful day

What?!,, Not Jerry!!

Same thing that took our other American icons...

And I still feel like you're missing the flower reference. I'll explain later

And that may explain my tv response earlier

Had planned on going home and being low key. I'll gladly come meet you later if you'd like

I'll text you

Sounds good

What time are you off?

Ish

Now

I'm already back in mt p

What's up?

Home girl hasn't left Meggett yet ... and she's like me (us) so it will be a min.

Was going to try to catch you before you went back to Mt P

I don't have a change of clothes or anything with me anyways

If you need a raincheck that's perfectly fine

And I also have no clue how far Meggett is

You're fine.... Why you too good to drink in your beerworks shirt? Kidding

It's the same shirt and shorts from last night. No f [REDACTED] given

Laughed at "It's the same shirt and shorts from last night. No..."

What time are you thinking? 8ish-9ish?

These people next to me are talking about Rockville!!!!!!

Omg it's taking everything not to but into their convo

Where are you?

And jump in

Might be beneficial

Replying to Dan, 2023-04-27 17:36:30: « What time are you thinking? 8ish-9ish? »

Sounds about right. I could also text you and keep you posted. You can also just come when you are ready. She's good people. I'm pretty sure she is banned from O'Briens

Damn. That's impressive, especially if she's someone that memorable

At the bottle shop place. Odyssey

And again, I had just planned to clean the house tonight. Just want to make sure I'm showered whenever

Or I could still come and meet you. It probably wouldn't be that far behind your friend by the time I got there

Obviously easily swayed from cleaning

She's on her way and is picking me up so I don't have the PI team with me tonight. I think tattooed moose ... will confirm but come whenever

Oh and kudos to Dan.

Apparently you found your trackers but not before we were both in the Publix parking lot this am at the same time!!

Didn't find my tracker. Curious as to which car it was on. I was there getting the jeep situated

Interesting. That was according to Justin when I just saw him. He said both.

Oh your boy found both his trackers.... Yadda yadda

Unless the mechanics found the one on the jeep and the one on the civic died.

They were asked to document it if they found anything remotely close to where the leak was

GOOD!

Deftones and Tool are at opposite ends. I'd print you a copy but my power is out.

Your power is out at your house?

And I'll probably catch the first hour of Deftones and then head over for Tool. Not the end of the world, but kinda sucks

Soooooooooooo we're at tattooed moose on John's island

Ok. Just stepped into the shower. You want me to come meet you or would you like time with your friend?

Up to you ... I didn't realize John's island...

I figured

And not up to me. If you'd like my company I'll gladly come join for a drink. If not, that's ok too. It's your time with your friend. I'd love to see you wether it be there or somewhere else. Let me know

Yes please!

Ok. See you shortly

Drunk and not thinking clearly

I dunno. Still hate that it happened to you and in front of the kids

No, I don't think so at all. We were already sideways bc he had the kids' stuff and kept saying he would meet me. He would call and be drunker each time and kept putting me off. I asked him to leave stuff on the porch and he just came in. I definitely should have had it locked i know

So in addition to you being the first thought of my day... I get a beautiful visual reminder. Yes... these are going room to room with me. I'm walking around with a cheesy smile.

The boys were all "wooooooow" when I said they were from you. Justin only sent flowers when he did something wrong so I'm not sure the kids have even seen him send flowers.

I can't even tell you how special you made me feel and how desperately I wish I could hug and thank you properly.

I hope you have the best day. You've certainly put a smile on my face and a skip in my step.

Crazy but not at all surprising to me. I was corporate counsel for a company and had to review what they were doing for legality. 90% of this happened and there were less than 500 employees. The boss was way more concerned about what people thought about her vs productivity.

The camera thing is new to me. I bet they get sued for this eventually- even if just to flesh out whether it's legal. Definitely can't have cameras in bathrooms... but I guess they'd know how long you were in there. UGGHHhh I hate corporate.

Oh a brighter note.... Everyone LOVED Mario! It was so cute. The kids want to dress up as Mario, Luigi and PPeach for Halloween.

Have you decided about Rockville? I'll give you \$100 to find "camp no butt stuff" and send me a picture with you and the flag. Could be a nice new FB profile pic

More than likely I'll go. My other option didn't plan out like I was hoping. Also, I'm off Friday this week too since I had originally asked for it and didn't rescind my requests.

Hopefully that means I can have a productive week otherwise and not be as anxious as I have been recently

Truly saddened by this

GOOD!! You deserve it. I would have kicked you if you don't.

I would also kick you if you picked a game over Rockville. Just sayin

It's great for that

Sorry, being a dork

But it's still the open beta. Damn them for not having it on ps4

What!?! That's crazy. Ok I can for real see the whole ranked thing

Definitely an adhd/ low dopamine thing. It helps you get your concentration back. I do the same thing.... It's why I love Pokémon so much at the moment. Take a lil break... then back on track.

So how do you feel playing with an audience? I feel like this is weird but growing up I definitely preferred to watch people play. I used to make my very first BF play Diablo even when he didn't want to. Did the same thing with my sister and Mario 3.

Awww "will you play Mario 3 for me?" I miss her

I'm going to bed so we can discuss further when you deliver my hug

I'll gladly play Mario 3 for/with you

Sweet dreams

Welcome To Rockville: Tool, Deftones & Incubus - Sunday
Daytona International Speedway - Daytona Beach, FL

Plan B fantasy....
I'm going to be a Sueco groupie Saturday and hitch a ride with him on the tour bus to Daytona

But seriously I'm going to try to see him Saturday. It will lessen my FOMO.

Sorry... this is ALL I can think about this week

At least you'll get to see him

Loved "At least you'll get to see him"

That's my positive Pete

Silver lining

And the groupie part was a total joke.. unless he lets me bring the kids

Also been meaning to ask ... did you need wrist band... or are you confident that it's a non-issue? Hope you were able to sell it. Is James going with you?

You free for lunch one day soon?

Depends on the kind of lunch

James is going with. Selling yours if that's ok? Able to pick up another one at will call if all else fails or they can sell for me

Haha sorry I'm in a weird mood ... yes. Wednesday is weird bc I take kids to therapy.

And I'm always up for any amount of time I can spend with you

Loved "James is going with. Selling yours if that's ok? A..."

GOOD!!! Y'all will have so much fun. Please expect a list of songs for you to record for me. (Only kidding if you say no)

This isn't a what can I do for you situation, it's a what can you do for ME situation? 🤔🤔

Loved "This isn't a what can I do for you situation, it's..."

Pick your poison and I'll deliver

And I make no promises, but I will try my best to do what I can for you

Did you want me to get pennywise shirts for the boys?

Haha no I think they are good ... got those other shirts. Also- should have FWD you the email but you can buy Rockville merchandise online.... But thank you!!

And wonderful news.... Justin is entering into a consent order (with everything I want) so I don't have to go to court. That opens up my week. I won't have the kids this weekend so maybe Friday lunch?

It'll have to be a little later for lunch. I have cypress gardens that morning, but should be free around 1

And congratulations. I'm glad you received good news

Oh yeah, fun!! Maybe Thursday? We can also play it by ear

I'm fine with either day. Only working Tuesday and Thursday night this week. No day shifts and my only other obligation is the field trip Friday morning which is also an early out day.

But closing Friday, right?

Is that equivalent to tappin that ass?

Off Friday

Laughed at "Is that equivalent to tappin that ass?"

I took off the weekend for the initial plan. Forgot to mark out that I couldn't work Friday so I'm off all day

Hmmm well Friday it may be. I'll keep you posted. Gotta finalize the order first.

And Bc I'm not going to be happy (read: satisfied) with a 1-5 lunch. I'll also need you to hydrate sufficiently that morning. Not sure we'll have time for water breaks. 🤔

Laughed at "Hmmm well Friday it may be. I'll keep you posted. ..."

I'll start today

5/15/2023 1:10:44 PM

So I have to ask (and I normally wouldn't) but when did I get uninvited to Rockville? Last thing I recall was I was not going to change my custody schedule so that I could still go.

For me, I didn't realize I wasn't going until I saw you at work last week. I'm only trying to figure out how I missed this ... not trying to go. I'm super happy James is going with you.

I guess I'm wondering if you said this the Saturday after widespread?

Saying I'd rather go with my friend and 3 is a crowd is absolutely acceptable ... provided you communicated that to me.

You were never uninvited. Your bracelet is yours. I haven't tried to get your bracelet back. Only the number so if you aren't at the gates on Sunday I can possibly grab and resale it or in the off chance mine doesn't arrive in the mail like it should I have one.

When you were being fickle about attending I asked James. It's also when I bought a 3rd bracelet so no matter what happened there was one for James if he decided to go

You've said that you couldn't make it happen and that we were endangering your kids if you went and Justin found out

Your invitation is still there. We leave Saturday by noon if you're interested

You're more than welcome. You and James are both awesome people and probably have more mutual friends in common than I do with both of you combined.

And nothing was said after widespread about this

We barely spoke that evening

You're definitely right on all of this ... I guess I just needed confirmation we had not discussed something that I couldn't remember

And honestly I have no idea what I would have done when the time came. One of those I know I shouldn't but I reeeeeeeeeeeeeeeeeeeaaally want to things

I agree. I'm being selfish. I want you to go. More than likely a horrible idea all things considered, but I want you there with me and it would be fun to get out of town and see a show. WITH YOU!!!

And not with me; I want us there together. You're not a tote for me to carry around or anything of that nature. As equals having a good time and enjoying music

Sorry, I reread that and didn't like the way it came across so I corrected it. You're not a possession

Just got out of therapy with C [REDACTED]. Will respond in a few

You are so adorable.... And for whatever reason I REALLY want to be your possession.

I'm a little in shock at the moment. This day has been wonderful.

Justin is turning himself in tonight (can't wait for that mugshot)

We negotiated a settlement that resolves our Motions and really everything for the moment. Still not final and I'm ok with that bc I think he deserves more time.

Right now he will only get every other weekend. He'll get them Friday after school to Monday am.

But (and I almost feel guilty) drug/alcohol issues taken out for both of us so that's no longer an issue. We are also putting specific language about delta 8 and 10 being legal.

So conflicted about feeling like this is the best thing that could have happened.

Is he turning himself in for Friday?

Yes. They issued a warrant Friday. He was positive he could get out of it.... But NOPE. Well sorta... warrant was already issued so he still needs to be taken into custody and booked. He'll be released immediately. Jerry Theos is actually a very good criminal attorney so he was in good hands

I'm glad things are progressing for you

My attorney did ask if you preferred to go criminal or civil with the tracker issue

Civil: takes forever but you'll get a \$award

Criminal: quick and extra painful for Justin but no 🧑 for you

It's still whatever helps you best

Let me think and we can discuss prior to you ravaging me later this week

Ok

Does your friend Zach have a BF? Does he want one? Not sure how old he is though

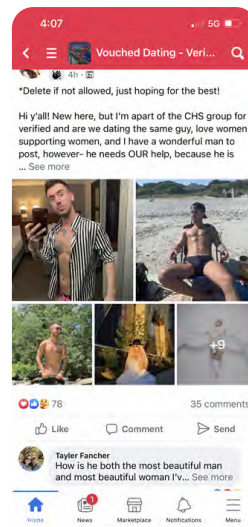

Zach is our age. His situation is precarious. I actually know Zach via Edson. Edson used to date the GM of Madra rua and worked down the street when I was working at Madra. Zach and Edson live together, but aren't really together anymore. I try not to pry, but occasionally ask how Edson is doing. I can definitely pass it along to Zach if you'd like or if you can discreetly tell whoever posted to go have drinks at hanks on occasion maybe something will happen naturally

Cool good to know. I'll just say go drink at hanks (a fun time regardless)

True

I did send that message to Zach. He is a good friend and it would be nice to see him be happy

Loved "I did send that message to Zach. He is a good frie..."

Some days I wish our kids could just play together. Ugh

Loved "Some days I wish our kids could just play together..."

One day

Bhahaha

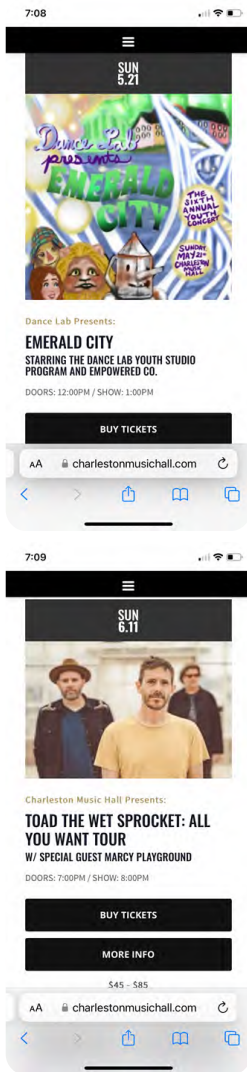

Hahahaha

Barring something crazy, I plan to be pregaming for Rockville at noon on the 21st. 🍷

Replying to Dan, 2023-05-16 07:10:09: (Image)
This looks fun and ironically sex and candy are 2 of my favorite things

So confused. Are you able/trying to go this weekend?

And ironically Ila will be at sea world the weekend of 6/11

Replying to Dan, 2023-05-16 08:35:11: « So confused. Are you able/ trying to go this weekend? »

I like to keep you on your toes. (Definitely kidding)

Right now... yes I'm trying/planning and my odds of attending have never been this high. 🙄

hope that's ok

Of course. Just trying to figure out the logistics. Obviously it would be more ideal to have at least one night to ourselves.

I'm confident we can get things out of our system on Friday... This is also a perfect way to get me out of my comfort zone. We can be amazing friends and offer to pickup food and bring it back or something to that effect

Not sure what you mean by get you out of your comfort zone

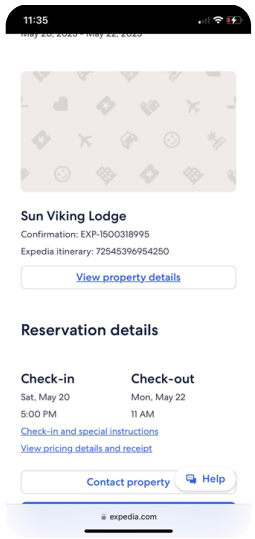

But just to clarify, should I get James to stay with his aunt and uncle vs having the second bed in our hotel room? There's no walls or anything of that sort

Nah... he should stay at the hotel. That would be stupid and inconvenient for him to try to get a ride or for us to extra drive.
What would you think about me lining up an Uber to take us there and back?
My comfort zone is in a bed that's in a room closed off to the public.

Ok

And your call on the Uber. I should be fine to drive either way if necessary

What hotel is it?

What's that for???

You don't owe me

You're rates have gotten really high

Your

I'm just gonna send it back to ya

Disliked "I'm just gonna send it back to ya"

Seriously don't.

Im weird about this stuff.

The money is already spent. It's negligible at this point nor is it a factor

Me too

Please

Laughed at "Me too"

Talk about a good bday gift for you

Just having a weird day

And money is never a good bday gift btw

I'm sorry. I'm not trying to make this a thing. I was actually was going to send you the \$350 (and hotel) but expected backlash. I figured this was a compromise

Haha agreed but tickets were supposed to be for your bday. I feel really gross coming and not paying.

Again, it's all paid for and money isn't the issue. I just wanna go and have fun

Wtf?

I dunno. I'll try and get out of my own way. Just need to clear my head. We can figure out money at some other point. Just not today

Replying to Dan, 2023-05-16 12:11:34: (Image)

Woooooooooaaah that's crazy but I guess it makes sense. I can already see the lawsuits

The wrongfully accused? Oh, we can say that you were at the scene of the murder...

So many horrible implications

Yes. My first thought was insurance companies using it to increase rates based on someone's genetic mutation ... your example is much worse.

The article said "privacy breaches, location tracking, data harvesting, and genetic surveillance of individuals or groups."

Sure will make ethnic cleanses more efficient

They should let the AI donut

Replying to Dan, 2023-05-16 12:11:20: « Again, it's all paid for and money isn't the issue. I just wanna go and have fun »

I'll defer to you. I'm excited. Want me to rent a car or you drive the Jeep?

Ummmm donuts

I'm fine driving the jeep. Going to wash and clean it out as we speak

● have fun.

At least it's some sunshine and it's right next to Juanita's so I may grab lunch as well

Loved "At least it's some sunshine and it's right next to..."

Want some company?

Sure. You in mt p?

About to be

Ok. Running to my house for fresh shirt. Meet you there

Aww sorry... you didn't need to do that

I did. My other shirt was drenched and I didn't think to bring an extra

5/16/2023 2:50:45 PM

Thank you

I appreciate you

Want to know something sexy? You help me regulate my nervous system. ● Seriously. I took an Ativan this morning and it was doing nothing for my heart rate or the knots in my stomach.
Couple hugs from you and voila... good as new. I'm the one who should be thanking you.

5/16/2023 10:19:35 PM

What does a near sighted gynecologist and a puppy have in common?

... a wet nose

5/17/2023 5:20:45 AM

Laughed at "What does a near sighted gynecologist and a puppy ..."

That made me laugh ... hope you had a good night

Meant to share those gems with you too

Damn... seems like his birthday might be indicative of his next career

Laughed at an image

That was a good one

Have time to cuddle with me tomorrow?

Yes. Anytime before 5

What works best for you?

Anytime after I drop the kids off?

Ok. You want me to head your way? It'll force me to be up and moving which is probably a good thing

What about 9? A [redacted] and I have been running a little behind this week

Sounds great

Loved "Sounds great"

5/18/2023 7:06:39 AM

Would you like breakfast?

Sure. Want to meet somewhere?

Either way. I can stop by vicious biscuit and pick something up if that's easier or we can go grab lost dog or whatever you prefer

What's lost dog?
Or Dunkin' Donuts bc A [REDACTED] needed a bribe this morning to get moving. We're in line

Lost dog cafe on folly? You've honestly never been?

Dunkin Donuts works too

Let's do lost dog. The donut selection was

I can meet you in the fam bros parking lot if you don't want to drive down HV

Either way. About to shower and I have to swing by Ila's school. Still shooting for 9?

Around then. I'm flexible. I have Hudson's conference at 8 and that's it. Later is fine too if you need to do stuff.

Nah. I can be there relatively close to 9

Showering now

5/18/2023 8:37:04 AM

Bring some stuff to crack the whip. I may need to be on the phone with my attorney. I'm a huuuuuuuge fan of multi/tasking and want to boss you around and make you do your stuff.

God that just got me all hot and bothered

Laughed at "God that just got me all hot and bothered"

On crosstown

You here?

5/18/2023 2:12:57 PM

Have you checked out Wisconsin meat and cheese on dolly?

Folly*

I've had it but have not been there. It was delicious. I actually planned to pick something up if you have any requests

Just saw it for the first time. Curiosity. It's meats and cheeses so definitely my style

Jacqueline had it one day and it was amazing

Sweet. I'll definitely check it out

5/18/2023 4:45:47 PM

If you want a new bracelet I'll have to stop by and get one too. My clasp was broken in the mail and I just realized it

Sounds good!

So ... I need a criminal attorney to represent me at Justin's hearing ... guess who?

Steve Schmutz. This is so ironic.

He actually represented me before when I got arrested going to Bonaroo.

Such a small world

I hope Kate tells Melissa. She won't but one can still hope

I'll tell her to watch the news

You know which channel?

Laughed at "You know which channel?"

I don't but news 2 is always my fave

Didn't see it on the news yet, but it made their webpage

In hindsight I really do hope it's not on the news

Damn. He worked hard to get that taken down so quickly

Shut up

<https://www.live5news.com/2023/05/18/lowcountry-lawyer-facing-felony-domestic-violence-burglary-charges/>

Ahhh... I was looking on 2

Didn't mean to say shut up... just that I better save that shit

Man I wish I saw that one

I'm a little but hurt it doesn't say I'm a lawyer

If I can I will send it to you

I'm sure it was skewed that way

And how is you having Schmutz not a conflict of interest considering his wife gave Justin inside information?

Well that's a nice lil complicated professional responsibility issue but... different areas of law/issue and it would be my conflict that I can waive.

Really I'm going to him bc he is friends with Robert (my old boss) and I weirdly don't have many crim law friends.

And as a bonus to me... Kate will feel super shitty for helping him

Touché

5/19/2023 5:50:33 AM

Hope y'all have a wonderful time at Cypress Gardens today.

Thank you. Keep thinking about today and how enjoyable it was to spend time with you.

Hope you had fun with the kiddos.

You're not the only one. I'm still sporting a perma-smile 🐶

5/19/2023 1:41:20 PM

How's your day?

That great huh?

I hope you're going to tell me you came home with a tortoise 🐢

No. We barely even saw the place. It's like a greeting center and a playground and a boat ride and some class rooms up front that we stayed around, then there's 3.5 miles of trails and all other sorts of stuff to do out there

Can we just light a match and watch it all burn?

Felt timely. I'm so sad. I hesitated to text you bc I don't want you to think of this shit. I want you to have so much fun.

I don't wanna go. Can I just come and hangout with you and the kids? The jeep has a leak in the radiator. F [redacted] f [redacted] me. When it rains it pours. I feel so defeated

Sorry. I'm not having a good day. I know you aren't either.

Just wanna hug you and make it all better

I wish you could hug me

I'm really really sorry about the Jeep

Not your fault. Shit timing for sure, but the jeep was supposed to be the savior of the go kart. Not vice versa

Assuming you still haven't received a response?

File the burglary charges and get it over with. We can have hot dogs and s'mores as we watch everything burn

5/19/2023 7:18:09 PM

Replying to Dan, 2023-05-19 16:10:58: « Assuming you still haven't received a response? »

5/20/2023 8:19:57 AM

I need a huge favor from you.

I need you to wake up and be excited and in a good mood. You are about to go see some amazing shows with one of your really good friends who you don't get to see often.

You already have time off work and have made childcare arrangements. You deserve this and should try your damn hardest to feel that inside.

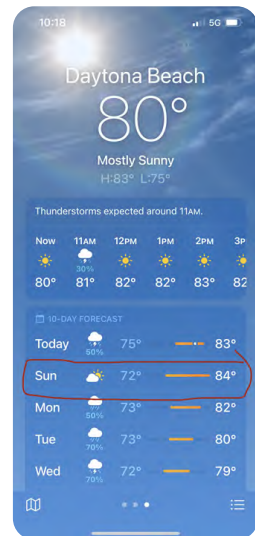

I'm very good at living vicariously through people. Your assignment is to return knowing I'm going to ask a million questions. Do the water slide, find camp no butt stuff, swallow your pride and take a pic of Deftones for me. If you don't go have a good time I'm going to be SO F [REDACTED] . PISSED.

It was always a possibility it would turn out this way. Everything happens for a reason. I really believe that cheesy saying.

We will chat when you get back.

A big ask. I only want you to Apple drop them to me

And you're extra amazing bc the more I listened to the set list the closer I was to devastation.

I'll get them to you when I can

Only if you're next to me so you can air drop them

Yes ma'am

I can wait for a special delivery

5/22/2023 1:56:24 PM

Are you working/obligated tomorrow morning?

Haircut at 10 and then quick call with the kids' therapist at 11.

5/23/2023 2:15:22 PM

How'd the haircut go?

10/10. She's amazing. She's very professional. Full of lots of good info. I'm definitely taking both boys to her.

Erica's pretty awesome. Glad you like her

Questions for you.

Xbox. Do you even need the gaming system? What's the deal with Microsoft? Can I tell him you can play all the same games on a computer?

Replying to Dan, 2023-05-23 14:34:28: « Erica's pretty awesome. Glad you like her »

She will be giving Charlie "The Dan" haircut

Can you expand a little more on the Xbox? Is it for mine craft? Is he looking for specific games? Does he want an S or a 1? I'm

And if you're thinking a gaming computer is less you're mistaken. Xbox1 roughly \$500, solid gaming pc anywhere from \$1500-6000

If you're trying with one of your existing computers and specs are up you might be able to entice him with an Xbox controller on the pc for a happy compromise

Woah that was way more complex than I was expecting. It's for Roblox. I'll look into the computer specs. Thank you for the controller recommendation!!

Ahhh... Ila plays on her chrome book and her iPad. Both are acceptable and way cheaper. I got her chrome book for \$250 ish

Chromebook is a 17" touch screen. Not many advantages over the iPad other than size and she uses iPad more often because it's versatile

She can do her homework on both. Went with a Chromebook though so it could totally be hers and my iMac is outdated

Your computer specs will predominantly be your video card and your memory.

5/23/2023 4:55:37 PM

Hope the rest of your day goes well. Miss you

5/23/2023 6:13:56 PM

Good. I have an extra surface pro I'm letting him make his. Thank you for the info/advice!!

Today was weird. I had to speak with the SC bar about Justin and didn't have any notice. I can't wait until this is over.

I'm assuming you're slammed after taking time off, but I'd love to see you if you happen to have some time W-F daytime.

Hope you have a great night back to work.

We can do tomorrow or Friday. Have to drop the jeep off at Brysons tomorrow. Friday I'm completely free

Want me to pick you up and take you back to Mt P tomorrow?

You can take me anywhere you'd like

Loved "You can take me anywhere you'd like"

What time works best for you?

Dammit. I mixed up their class picnic day. I need to be at their school at 9:50 and then again at 11:20. I could still give you a ride early am or around lunch but wouldn't have time to play

After lunch?

I can Uber back in the morning

And for you to go back and forth in the morning I feel like is asking to much of you. Thank you for offering though

And there's always Friday

5/23/2023 9:55:34 PM

I'm game for Friday. If you change your mind about a ride tomorrow let me know. I do have to pick up C [redacted] in the car line bc he has therapy at 3. It's enough time for a ride and some lunch if it pans out

Ok. I'll drop the jeep off in the morning and then I'll have the go kart to meet you wherever for lunch

Ha you don't have to do that. The whole point was to help you out

Twist my arm though. I can meet you somewhere too. Start thinking about what you're craving

YOU!!!

5/24/2023 5:05:06 AM

Alright...

Not really sure where to start

I f[REDACTED] missed you so much this weekend. I completely understand; I still missed you something fierce.

Please note, I appreciate you and any time we can see each other I'm all in. Wether it be 5 minutes or 5 days, I'll take the opportunity to see you.

I really do appreciate the fact that you're willing to put forth such effort and please know I'll do everything in my power to reciprocate and see you at any possible opportunity.

I dunno. I guess I really miss you. I was sad this weekend and my thoughts turned to you so many times and how I wished you were there so we could experience things together.

I know life isn't easy for you. I have mad admiration and respect for you being the bad ass human/mother that you are and doing what you do.

All the same, I guess this message is just to let you know I really f[REDACTED] miss you.

Thanks for reading this retarded DanTalks

Now ya know

5/24/2023 8:35:34 AM

This really made my morning. I've been walking around with my perma smile.

It feels good to know I'm no longer just your stalker. Seriously though... I think about you so frequently during the day that I've wondered how much is unhealthy. Getting to see you gives my brain a reprieve from fantasizing about your role in my "future life." More than any other time, I can just be in the moment (and happy) when I'm with you.

Please know that I feel the same about getting to see you. I've hesitated in the past because I was worried about coming off as too needy. Now, I just don't care. Needy is better than indifferent.

As much as I wish I was with you last weekend, it still feels like I get a prize bc you were able to go with your friend. I honestly thought it was about the music at first. As much as I would have LOVED those shows, it was the idea of spending so much time and getting out of town with you. Missing that was the real disappointment.

I think we've already conquered our share of disappointments. I feel good about the way we both handled the disappointment (not mean or destructive). It makes me feel secure in a world that has never felt safe.

So whether you like it or not ... you're my person. You are who I want to talk to first when anything good or bad happens. I trust and value your opinions and advice. I still can't believe (but feel very fortunate) you've stuck by me during some of the most crazy shit. I can't even think of something that i could do to make it up to you.

I'll have my phone on if you change your mind about a ride. I've also reeeeeeeaaaaally been craving those things I had from door dash on your bday. Say the word and I'll go and and get the same order and we can do lunch ... I can send to your house or bring with me to pick you up.

5/24/2023 10:34:07 AM

About to head to Brysons. If you wouldn't mind picking me up after your luncheon it'd be greatly appreciated. If something has come up, that's ok too. Just let me know if it's feasible

Definitely. I'm on a break until 11:20. Would you mind hanging at my house for 30 min while I go to C's picnic?

I probably won't be there and done until you're done with C's picnic. At this rate it should be about perfect timing for me and you both to be done around the same time

I haven't left my house yet and still need to get gas and run by the bank

Sounds good. I'll text when it's over

Good morning 🌞

Hope you have a great day

5/25/2023 11:48:23 AM

Hi!!!

I'm just getting up (again) after dropping off the kids. I've been exhausted. 🌚

Hope you have a wonderful day!! Are you at Beerworks and then OB?

Yep yep

And I know the feeling. I've been exhausted too

We still on for tomorrow morning?

Replying to Dan, 2023-05-25 11:48:50: « And I know the feeling. I've been exhausted too »

I know you do.... We need a sleep day

Replying to Dan, 2023-05-25 11:49:00: « We still on for tomorrow morning? »

Heck yes. Even if you just come over and we sleep

We'll at least get the trampoline done first so it can be enjoyed

Hope you're having a good night. Remind me to tell you what C [REDACTED] said about your Pokémon avatar

Lol... can't wait

What works best for you in the morning? Should I Uber to you and we can go grab the jeep at some point or go grab the jeep and then head your way? Just trying to have a game plan in mind

Oh that's a good idea. I can also pick you up and then we can get breakfast?

And can I just tell you how badly I'm jonesing to just curl up with you??? And I mean for days, not just a few hours.

I completely understand.

I also want you to know how I'm feeling

That's a lot of travel for you. I appreciate the gesture. I can just grab an Uber and either meet you for breakfast, at your place, or grab the jeep and then do whatever.

My apologies. Just missing you and grateful for Wednesday; it just leaves me wanting more

I don't know why you're apologizing. I feel the exact same. I'm trying to maximize the time. I genuinely think it's smarter to pick you up we could set a time so you could sleep in and not worry about it.

And the whole time I'll say I'm thinking of somewhere to eat, but I still won't know so keep that in mind.

Hopefully that conversation was beneficial

Wasn't trying to be facetious. Genuinely meant that about the phone call with your lawyer

Sorry I was going to respond but got upset by my report that no it wasn't very beneficial.

Just bc I'm spinning at the moment.... Remind me...

Did you find something different that made you think Justin hard wired something?

Yes and no. Josh had downloaded an app and even after searching for an hour we finally seemed to have focused it down somewhere under the hood near the air box. It was getting dark to see and I don't know the jeep as well as I do the civic. We had to stop because we couldn't see anymore and it was time to get home.

Obviously the app could be faulty and I haven't gone back to take the intake apart to see what's in that area.

I'm sorry that you're spinning. If you need/want to talk I'm heading into work or I can call you after if you'd like

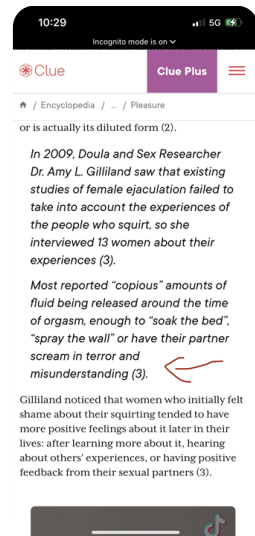

Thank you. I'll text you later. Hope you have a good night

Ok I'm dumb ... I thought it was Thursday.... Thinking you are working a double

But it's Friday I have O'Quinn open house at 2:30. Would you want to get lunch before or after?

Either works

After would push you close to work time.... That cool? Anything you craving?

Can you eat at the meat and cheese place or is it more of a deli?

No preference. 3:15/3:30?

Yeah can't eat there ... like a deli

Liked "No preference. 3:15/3:30?"

What about the noodle place in WA? We could meet at OB and drive together. O'Quinn is right next door to that shopping center

Ok. What time?

I could be there by 3? I may be over sensitive but are you all good? I sense a bad mood

Don't get me wrong ... I'll fuck that bad mood right out of yah. I just was curious

So OB's at 3?

Not in a bad mood. Long day yesterday and need to get some wood working and one or two other things done today before lunch and work

Hope your night went well. Miss you

6/3/2023 4:24:04 AM

Really miss you.

Rough night.

Wish we could talk, but I completely understand.

Today wasn't enough. I want more of you. I'm being petty and I'm well aware of all the stipulations. Doesn't change the fact that you're phenomenal and I want more of you in my life. Anytime, anywhere, always.

You make my life better.

Good/bad/indifferent, you're always the first I wanna chat with and confide in.

You really are phenomenal and I adore you.

Thank you for being in my life and letting me be a part of your life.

6/3/2023 7:59:57 AM

I wish you could have called. I can't guarantee it would have woken me up but it's still worth a try. I would have loved talking. I'm sorry it was a shit night.

I wish so badly we could be together more. I agree that yesterday wasn't enough - just a tease.

I hope you know how thankful I am to have you in my life. If I haven't made it perfectly clear... I'd be floundering without you. You're the calm in my storm.

I miss you and wish I could hug you. So much. Please do call me when you're up if you want to talk. ●

6/3/2023 9:16:02 AM

Thank you so much. It's nice to wake up and read this.

Please know I'm very grateful for the time we get to spend together. It's amazing how much it makes my day better when I get to see you and hug you.

Was just having a rough moment last night. Nothing major just a lot of little things compiled together.

I can't adequately express how much I appreciate you.

I know it's not feasible; all the same, we're going swimming tomorrow and there's a cookout. Wish you guys would join. Not really sure why I'm asking other than to let you know that I want you in my life, no matter the situation.

Hope all of you have a great day today.

Miss you 

6/3/2023 10:58:57 AM

I know exactly what you mean bc it's the same for me. I could be having a horrible day and feel so hopeless and then just one hug from you turns it all around. I feel more grounded. I don't feel so alone.

I'm glad it wasn't major (and relieved not Justin related) but still wish I could be there to chat even if it's just to vent.

Today sucks and is hard. I'm trying to get affidavits and talk to people, draft my stuff ... all while trying to entertain the kids.

It feels good just knowing you are there. I wish so badly circumstances were different. I hope they will change soon.

I miss you. I loved sleeping in your shirt last night. Only probably is now I'm fighting C  for it... he keeps saying "I want one!!"

Thinking of our time together helps add some sunshine when it feels really dark. I am so thankful to have you in my life.

Yep... it's why I don't do it as often as I should/would like. It's all clean and put away and I'm all clean now and it's time to head to work.

And to clarify, the frame is all purchased lumber, I know I know, it was supposed to be a complete job of repurposed lumber and initially that was the case.

The only few pieces that are straight from log to plank are the ones from my great grandmothers barn.

Emphasized "Yep... it's why I don't do it as often as I should/w..."

Justin's parents showed up to church

Also I'm at smoky yolk eating breakfast and Shelly is here. Does she have kids?

Wtf?

Tyler does, her boyfriend.

Did his parents speak to you?

no. They spoke to the kids. The y say right across the aisle.

She's here with other people so I'm sure they belong to them. No Tyler

Probably heather then. A toddler? That's Kayden if so

That's the whole crew. Del, Shane, Heather, Kayden, Dekeland and London too probably

We're all supposed to go to the pool in a little while

Aww

Please don't tell them I stalked

Your secret is safe with me

And I LOVE Del. He's awesome

Hope you have a great day! I wish we could join

You're more than welcome to

6/5/2023 11:00:34 AM

How are you today?

Good. A renewed sense of I will kick your ass you fucking bastard (Justin).

What about you? Did y'all have fun yesterday?

Trying to find motivation. Just drained in general. And we didn't go yesterday. Heather said it was too cold for her kids to be in the pool and with it being overcast and all we just had a lazy day around the house

And glad you're feeling better

I bet. Don't be afraid to sleep and catch up. That is "doing something" too. Seriously.

Very glad you're having a better day

Oh, very random thought, and I took this concept and twisted it a little bit, but might be a lot of fun for you and the kiddos.

This may take days or weeks by the way.

Setup a piece of paper, size of your choice, and whenever someone is bored, they take 10 minutes to draw/color/paint on said paper. One item at a time. And it becomes a collective masterpiece over time.

Ila and I are going to do it too. It'll be interesting to see the final piece/pieces.

Just thought with summer coming up that it might be a good idea and a fun activity for everyone.

Hey, sorry. I took a shower and was reading and fell asleep. Riveting night this way. And the concept sounds awesome, sorry it was a scam

I need to end this. I was going to just ignore your messages but that's immature.

This is just not really what I need or want in my life. I know this may seem out of nowhere, but it's really a culmination of a lot of things.

Hoping we can both be mature adults and have respect for one another.

Yep. I get it. You're stressed and pushing me away per usual.

I'm always at the end of your frustrations.

Good luck

Just know I'll still be here caring about you and wishing the best for you no matter what

6/6/2023 3:14:12 AM

I'm floundering...

Yes, I should've been more productive today, but I didn't take my adderall for the last two days because I know it stifles creativity.

I know that you think I was out running around on you. Not the case. Nice jab bringing up Jay though. He truly is an outstanding character that's dependable and should be a huge portion of your life.

My apologies for being stressed and overwhelmed lately. I had every intention of going to the lawyers and the police today to attack Justin to hopefully alleviate some of the stress that's on your plate.

My body just didn't want to move and my spirit wasn't far behind that. Feeling awful for being a piece of shit dad on Sunday, but when Ila was dropped off at my place I was sleeping sitting straight up still fully clothed.

I'm trying. Not saying my efforts are successful, but I'm trying to put forth the effort. On multiple facets.

I know life isn't easy, for either of us. I'm trying. May be an epic fail, but all I can do is time and effort.

I really do think the world of you and you are phenomenal.

I feel like I've let you down some how. My apologies. Honestly the last thing that I was trying to do.

I dunno. I'm rambling. I'm trying. This disparity isn't from lack of effort. I genuinely wish you would acknowledge that. Not claiming to be perfect. I'm fucking trying to do what's right though.

I hope tomorrow and the following days are better for you.

By the end of the week I will hopefully have filed a civil and legal suit against Justin to alleviate some of the pressure he's putting you under.

Not really sure if it'll help, but I need to do this as much for me as I want to do this for you.

Hope all is well.

Even if you hate/despise me; please know that I care for your well being and I the well being of your kids.

All of you deserve better

Babysitter

6/7/2023 11:06:28 AM

Really didn't want to answer but of course the babysitter text is really a music reference and you know I'll respond to that.

Been 90's jammin ever since. It has me laughing. Pretty sure it was TTWS or Big Head Todd that I tried to use a fake id at the windjammer for when I was like 16. Good times. 🎸

Seriously though thank you for babysitter info. What's the last name? How do you know her? Is she going to be caught off guard if I text her?

Hahah like for real this has put me in the best mood 🎸 I haven't listened to this in so long. And it instantly reminds me of a much easier time in life. I have a stupid smile on my face

6/7/2023 11:23:34 PM

All I know about the baby sitter is that she has a sister that works at rio and she's a nanny. I dunno. I secured her services for Sunday nights show. I haven't done a deep dive or anything of the sort. Was just trying to find answers and solutions so we could actually go see a show together

Absolutely fine if you don't want to use her, but figured another weapon in the repertoire couldn't hurt

I can get a babysitter, but I definitely appreciate lead. I just would want to be the one to talk with her. My uncle is going to be in town now. The issue is not finding a babysitter

Look at my instagram message. I'm not trying to blow you off but I'm exhausted and need to go to bed.

Again, it's a lead that may or may not have potential. I tried.

I read it. You are blowing me off. For whatever reason this time.

I hate the fact you don't talk to me.

Glad you go to everyone else when there is an issue and wonder why I don't confide in you.

6/8/2023 8:34:33 AM

Yes. You tried. Your efforts are appreciated. Any disappointment you may sense is your own. I am grateful and thankful. It is not unreasonable to ask for additional information about someone who would be watching my kids.

Dan, you have not experienced me arguing with you or really sticking up for myself (or pointing out your gaslighting, deflection, blame shifting and covert insults meant to devalue me). The benefits have

outweighed the negatives.

You told me once that a relationship had ended bc it was "too toxic." I immediately knew that was something the person had likely said to you.

Let me show you using our recent little tiff:

Gaslighting: I was impatient and frustrated that you would not respond to me. That was never even communicated to you. Based on our communication history, your sudden silence was felt. You were missed. It was a very real (an uncharacteristic silence) that resulted in some upset. I  stand by my perception and feelings.

Deflection: you immediately made it out to be my stress and said I always dump on you. (While you do hear be vent you are by no means someone I "dump" my problems onto. That is actually very uncharacteristic of me- I'm the one usually trying to take on and fix for others.

Blame shifting: any upset is caused by anyone or anything else besides you. It's my stress. It's your lack of sleep. It's my unreasonable expectation for someone with an opposite schedule, etc. (psssst... it was a lack of communication)

I was upset and you made it about anything and everything other than the actual issue.

I've learned to really listen when people talk (especially my romantic partners).

A couple weeks ago I felt a similar silence.

You immediately accused Justin and me of stalking/tracking you. Justin yes. Me absolutely not. He was unable to communicate anything to me about you not going home that night which is what YOU revealed.

Calling a spade and spade: it does not take you 1+ hours to defeat a Pokémon gym but keep trying to convince me that's what you do late night in Mira Vista.

The other night you said "you probably think I'm f  around on you." Actually I had not even thought that far, but yes now that you mention it ...

You tell on yourself.

I'm actually really struggling right now with your lack of empathy. I'd really like to believe that some of the feelings I felt were real. Every single word I said to you was real and the truth. I tried to be so vulnerable with you and know I seemed foolish being so open and honest about my feelings.

I'm hurt. If I haven't said that... now you know. I'm hurt because anytime I try to express disappointment you employ the emotionally abusive tactics above.

You can't grow or have a real relationship if you can't express and communicate concerns with your partner.

I think I've given you a lot of leeway. I've tried multiple times to move this back to where we (YOU) are free to see other people. I genuinely don't know why you resisted that. You don't realize I can't and absolutely wouldn't do anything with anyone (else) until I'm divorce. That at least buys you some time. It was about me not wanting to be hurt by you... repeatedly.

For once in my life I can so clearly see that what's happening isn't ok. When things get hard you throw a lot of shit (your long text apologizing for a number of things that were not remotely considered) to see what sticks.

That message genuinely read like a series of texts to different people who were upset about different things. Recall, I was the one earlier who very genuinely said you needed to rest and sleep. Why on earth would you then need to defend being tired?

I concede that your excuse (I'll be bold and say your lie) was that you fell back asleep. It was the text that raised a flag. It didn't seem like you. It was not how we communicated. It felt like that time back in October when I frantically tried to get you and you weren't answering. I eventually walked out of the bar to talk but my perception was you were rushed and could not talk - like when you are out with another female. That's rude and would be noticed.

I'm just tired. I really really gave this my all. I just can't continue to look the other way and ignore all of these behaviors that I think are unhealthy. I need more than that. I owe it to my children to demand more than that bc they are the ones who feel a mood shift bc of anxiety or sadness. I feel that a lot with you.

6/8/2023 10:24:35 AM

Thank you for the message.

I'll leave you alone now.

Last thing, please send me those files. It went to your iCloud email.

I genuinely don't know how to check that email. Would you mind resending to the gmail?

Also I swear to give you anything you are asking for. I will get it to you asap but I'm trying to get so much done for my hearing Tues while watching the kids. I will get it to you asap

It's the files from where Justin was tracking the gps. Something to tie the trackers to him

Good luck at your hearing.

I hope it all goes well.

6/8/2023 3:05:18 PM

Sending you stuff via email too

Thank you

Good luck next week.

Hope the best for you

Which email did you send it to? Not seeing anything

Haven't sent yet.

Days is full of bombshells. Justin apparent hit a kid with his car in 2021

They are also trying to evict him from his office

I wish I could hug you and you could help me sooth my nervous system. You really were a soft spot for me to land.

I want to make sure you know that. I send the email now

Loved "I wish I could hug you and you could help me sooth..."

And I did go over to Keith and Kristy's last night and chatted with them for a few hours

Sorry. Long day for me too. Thank you again for doing that.

Not enough time between shifts. I'll have to take care of it later. Promise I won't bother you anymore.

That's actually A-ok bc I forgot to leave it out, and I went to get the kids. I'll put in the mailbox for you to get tonight?

If you don't make it by please let me know. My mail guy has taken things I left in their for people (no address or postage ●)

I'll be by tonight. I have an appointment in the morning where it's needed.

Ok- well instead I'll leave it on the porch and you can grab that basket.

Let this be lesson to take a gift when initially offered ... you're down a few items bc I was mad a you.

Could have bought a looooooooooooooot of remote raid passes

Keep the basket. I appreciate the gesture, but I don't want the things and stuff.

I know but I don't want a bottle of tequila

Your uncle will enjoy the tequila

No. Dan will enjoy the tequila.

I'm going to open it and put the USB drive inside so it's a package deal

Putting that in tequila just f[REDACTED]s up the USB and the tequila. Please don't

Laughed at "Putting that in tequila just f[REDACTED] up the USB and ..."

Well it will still be hidden in the basket. Got to take it if you want your USB

Why are you doing this?

Sorry. Do what you want. Just in a funk today

6/8/2023 11:34:47 PM

Replying to Dan, 2023-06-08 17:55:36: « Why are you doing this? »

A break up parting gift? It contains gender specific items? Because it wasn't all bad?

Your basket is on the porch and the USB is in the envelope.

I hope your night got better.

I'm bitter. I'll survive the same as you will.

I don't want your pity gifts.

Just more things to remind me of you

I'm sorry. I was trying to be funny

Also, when did you hook up with Jay?
And I'm very aware he didn't just "finger you"
The truth

What is happening? Please I'm begging you not to do this. To type all this out again.

Type what out again?

Emphasized "Also, when did you hook up with Jay?
And I'm very..."

This is not the first time you've said that same stuff and I responded

And you know what is going on

I'm going to have to turn these over

I'm about to block you

No more needs to be said

Thank you

Grab that basket. I'm gone

6/9/2023 12:56:19 AM

Thanks for the card

6/9/2023 6:47:44 AM

Pretty sure it's bad karma or bad manners to reject a gift

I accepted both the card and the USB drive.
Trying desperately to leave you alone.
You don't trust me and I have my doubts with you.
We can't speak for the time being to clear anything up.
I felt guilty for accepting the rest. It was too much and unnecessary.
Plus, when gifts aren't given in person it drastically takes away from the significance

6/9/2023 1:28:55 PM

Well I'm still needing tons of favors from you sooo

If possible can you send a picture of all your trackers together? I want to use as an exhibit in my affidavit about you.

If a pain no worries.

What else do you need?

Thank you.

Hello? Do I need to call you? What's up?

My apologies. Thought when you said you needed a ton of help you meant numerous things. I misunderstood

Sorry I'm in overwhelm adhd mode so I'm not communicating very clearly

I more meant.... It's always something from me

And you know I spent several minutes writing out exactly what you COULD do for me ... but decided that distraction probably wasn't good for either of us

I could use the distraction, but I get it.

Hope you get your stuff accomplished

My attorney keeps saying..... everything is riding on your (MY) affidavit so that's what I've been working on

I'll stop bothering you. Get back to work. Good luck

Then got lost in the weeds when I stumbled upon an entire page of traffic/civil issues Justin has that I didn't know about.

Homeboy is getting evicted from the office! and that was in the works prior to his little shit show

He also has a shiiiiit ton of pending traffic issues. A reckless and then an accident - 2 days apart.

He hit a little kid with his car in 2021

All drunk driving I'm sure

He produced all clean drug and alcohol tests... they would make it appear he wasn't drinking that night

Know any female bartenders at Rutledge Cab Co? (Bc i envision this bartender club where you are all best buds)

But seriously asking for a specific reason ... that I'll explain if you want

Currently or previously?

Why would go and take alcohol test after being in accidents?

And all that is is time to let it be out of your system.

I haven't been to Rutledge in a while, but I usually know someone working there every time I've stopped in

He took the tests in anticipation of our hearing. He's going to say he wasn't drinking

No worries. He kept calling me while he was there ... made friendly with the bartenders bc they were letting him know which professionals they were sleeping with. Justin called bc some are people I know from HS.

I'll just subpoena them for their CC records

Was this today? How is he able to call you? None of this makes sense

So, between blood, urine, hair, and nails he had no alcohol in his system?

No

Replying to Dan, 2023-06-09 14:59:46: « Was this today? How is he able to call you? None of this makes sense »
The day of the incident

Replying to Dan, 2023-06-09 15:00:15: « So, between blood, urine, hair, and nails he had no alcohol in his system? »

AND cleared the liver enzyme tests to show if he's been drinking the last 6 no

This is who Justin used

And a liver enzyme test just shows if your liver is functioning properly. Not if you've been drinking or not

https://www.postandcourier.com/archives/2-accused-of-conspiring-to-get-drug-records-illegally/article_e8ddaca1-21b5-55a4-97e5-16bb33715aa4.html

Replying to Dan, 2023-06-09 15:02:52: « And a liver enzyme test just shows if your liver is functioning properly. Not if you've been drinkin... »

No these are CDT and PETH tests specifically designed (and FDA approved) to measure alcohol metabolites in order to assess alcohol use over 6mo and then 2-3 week period

Again, proves nothing. Just that his liver is functioning properly. Not that he had/hadn't been drinking at time of incident. And more than likely that doesn't account for any prescription drugs he was taking and mixing with drinking

What time did the incident occur?

And before 5 or after 5

6/10/2023 11:03:51 AM

Know anywhere in Mt P that has the little kid pedicure chairs?

Found one! Told you I wasn't done with favors

The one by my fathers mustache does for sure

We were in Mt P (boys are doing mini golf)

There's a my fathers mustache in mt p. And the nail place is in the same parking lot

Replying to Dan, 2023-06-10 11:52:57: « The one by my fathers mustache does for sure »

I called that Fowlers mustache for way longer than I care to admit

Where is that place

Replying to Dan, 2023-06-10 11:52:57: « The one by my fathers mustache does for sure »

Freudian slip probably

Ooooo! Im at 843 nails next to Aldi

Gotcha. Looks like you ladies are having fun

6/10/2023 5:25:51 PM

Random ? Do you know anything about property laws and translating what they mean to common language for the masses?

Haha yes

Is that something you'd be willing to look over for me?

Yes ... do you have it with you by chance? What am I look at? Land contract? Lease?

I'll send it to you. Have to get it from my realtor, but info about a property I looked at today. My realtor said she could have her paralegal look at it as well, but figured it was worth asking you as well

Yeah, definitely 🤔 an easement perhaps?

Haha sorry I'm "excited" to see what it is

I don't have any documents to send her. She will just have to look up tax records and go from there.

7017 Orvin St

Anderson Carlotta is the owner.
Jessica@chucktownhomes.com

That's what Jess sent me. Guess if I were more savvy and weren't working I could give you more info. If you can't make heads or tails of it that's fine too

Thank you all the same

Yeah I'm not really sure what you are needing/looking for?

Looks like it was just listed and it's not a tax sale?

Do you need to know how much the property taxes are?

Nah... we figured that out. Not really sure. Something about it raised red flags to jess. I thought maybe it would make more sense to you

Thank you for looking at it

Awwww I called you my paramour in my affidavit but my attorney changed it to Dan Fowler.

You are forever memorialized. I like the personal touch 🤔

So one day when my kids find this stuff (bc they always do) 🤔🤔

Hopefully they will never know your hardships with this

🤔 I miss our sexual banter

Man I do love a good emoji

Me too

6/10/2023 9:43:23 PM

Just to clarify:

No way no how of you going tomorrow?

Just trying to figure out what I'm doing

I really really wish I could but no... I can't

I figured you couldn't/don't want to go.

Asked all the same.

Trying to figure out my own plans

6/11/2023 1:02:44 AM

I'm still glad you asked... and I'm really sad I cannot go.

Me too. Third show that hasn't happened

6/12/2023 10:57:52 AM

Did you mean to call?

Guess not. Hope you have a good day

Sorry... I think that was a butt dial? I'm a bit delirious.

But... there are no accidents in life. I want to know.... How was the concert? Hope you had fun.... Super jealous of all the live shows you've been getting to see lately.

All the ones you were supposed to go with me?

And I didn't go. Spent hours cleaning my house yesterday so I could have some peace of mind.

Was exhausted so gave the tickets away and slept.

So is life

Aww well damn. That makes me sad. I am sorry I wasn't able to go. I'm also really sad that I couldn't go.... Got really angry last night thinking of all the things.

Well I guess the bright side is that you were super productive and got something done.

Yep

Enjoy your day. Hope everything goes well tomorrow!

Thank you. I figure you'll probably hear either way.

I'm either going to be f [REDACTED] devastated and will need a distraction OR I'll be elated and want to celebrate. Both of those scenarios involve sex

"I'm just kidding" of course

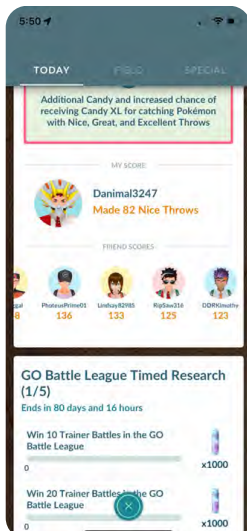

I know. That would involve us seeing each other

What time is court tomorrow

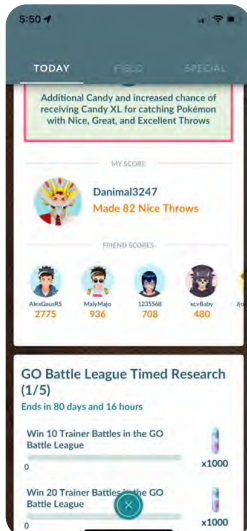

9:00

So early

6/12/2023 5:51:53 PM

Me and you...

Those guys

6/12/2023 7:47:43 PM

Hahah I'm winning

6/12/2023 9:33:58 PM

Thinking of you. Hope tomorrow goes in your favor

Loved "Thinking of you. Hope tomorrow goes in your favor ..."

Thank you. I'm terrified

I know. It's petrifying. Good or bad, you're still a great mom and you'll do what you have to, to keep being a good mom.

Wish there was more I could do for you

I'm here if you need/want to talk

Don't have a ruling.... We are encouraged to come to an agreement. Judge will rule by Friday if no agreement. Drug and alcohol testing every 2 weeks

That seems like a plus

Both of you drug and alcohol testing every 2 weeks?

I guess not a plus, that seems fair I should say

Hopefully that takes a little stress off your plate

Liked "Both of you drug and alcohol testing every 2 weeks..."

Feeling pretty irate with everything that Justin submitted.

Do you wanna call? Come over?

Sorry if I overstepped. Enjoy your day

I can't bc Hu [REDACTED] is at home.

Not at all. Sorry I was driving

I want to ... you have no idea.

I'm pretty positive he will have the kids this weekend ...

I have Ila still. It was literally to talk or vent if needed.

Oh hahahahah

I knew that it feels like Friday

Thank you though for texting. I'm not feeling so alone.

6/13/2023 1:46:27 PM

Go get this. Our \$500 concert back and forth was an exhibit. I'm raising hell bc of course the only way he could know that .

Wow!!! And yeah, the only real way to know that is because Zelle sends a text notification, or he has access to your financial records still

That wasn't something we really talked about and I don't think we mentioned the price, but not 100% certain

Meaning, talking about the price. It would've only been stated in the Zelle confirmation

And did you retort that you weren't able to go because he assaulted you and burglarized your property?

My apologies... not trying to add fuel to the fire.

Also, I wouldn't bank on him coming around by Friday. He's got schemes on schemes

Yes. Completely agree.

The ball is in my court. He wants equal time again. I'm not exactly opposed but it feels like I'm agreeing to all the things he said about me if I do. I know that's not necessarily rational.

I'm thinking about it.

Is this just about childcare or the whole divorce?

Also, change the schedule to where it best suits you.

And, a practical exchange place

The kids need their dad.

Just make it on your terms and keep the burglary charges in place.
He's not doing shit for you

Loved "The kids need their dad.

Just make it on your ter..."

In all honesty, I'm glad the judge seems fair from what you've told me

Just child care on a temp
Basis (but we know that is a huge precedent if we went to trial.
Something really crazy new would have to happen for him to get less)

If you're anxious, give him every weekend with the stipulation that if
no other events happen, you can go to 50/50 in 6 months

He won't make it with every weekend. He'll disappear and fuck
himself

Enjoy your day

Dan.

This Zelle thing.... It will be his undoing.

Someone added my old law firm email to the account on 3/23/23.

I haven't had access to that in years. In may he sent me PW info to
get in if I wanted

Definitely federal wiretapping stuff and bank fraud

Funny that was my birthday. The day he intended to send you videos.

He probably had his clerks send it to you not realizing you didn't have
access to it, hoping you would see it in the morning as you were
doing work

Or you mean he added your old law account to Zelle?

Sorry, reread and was confused about what the email is relevant to

He added my email to my BOA accounts. All of them.

My old MLF email I couldn't access

So he has access to all of your banking info

I would change that real quick. Also means he can drain or freeze
your accounta

Accounts*

Good point.

And if he can add emails, means he knows your passwords to be able to make those changes

Liked "And if he can add emails, means he knows your pass..."

Also, if it's your email from the law firm, that IP address should be fairly simple to trace and all you have to do is prove you weren't at the firm anywhere near those days

And his little trackers should be sufficient to prove you weren't there

I can prove I had no email access to the account and that someone confirmed it via conf email the same day

No access to the new email address (where confirmation email was sent)

I'm assuming he's the moderator of all the email accounts for the firm?

Yeah, I'd keep him to just weekends for now and he should report for alcohol and drug testing within 1hr of exchange every week. He can't be trusted

Those test will prove what/if anything he's been doing while the kids are in his care

Hell, I had to report by 10am every Wednesday when I dropped Ila off by 5. It can be required

Liked "I'm assuming he's the moderator of all the email a..."

To clarify, dropped Ila off at 5pm Tuesday, had to report for drug testing every Wednesday morning before 10

And had there been a testing facility open late enough for me to go on Tuesday I'm sure I would've been subjected to that

6/13/2023 9:08:19 PM

Somethings sketch. Please focus on Friday and doing what's best before you go down other avenues. Just a weird feeling

You mean don't settle with him?

I mean settle.

Figure out what you want and go after it.

Also, expect something from left field since he likes to throw curveballs.

Feel like he threw out the Zelle, money thing to distract you.

That can be taken care of next week.

Just a weird hunch... I dunno

I'm still processing all the bad things I read about myself

We are limited to 16 pages at a 30 min hearing. He submitted 64

But I appreciate the pep talk... I have a lot to process. I have a meeting with an ethics attorney tomorrow

That sounded shitty and I didn't mean it like that.

I'm that kind of emotionally dead exhausted tired... crying inside

I get it. I'm sorry. Something just seems sketch. Just focus on the kids and what's best for them. If you need a hug or just some peace and quiet without me around just say so and it's done. A few more days. You got this!

Thank you.

Anytime

What does a pizza delivery driver and a gynecologist have in common?

It did. But now I want pizza

I wanna be your gynecologist

Laughed at "I wanna be your gynecologist"

Wish I could see that beautiful smile of yours

Oopsie... my apologies

Soon my friend... sooon

6/14/2023 2:23:41 PM

He won.

What?

You ok?

To elaborate. I still have kids 1/2 time.

Finding that I'm not acting in their best interest ... specifically bc of You, Jay and Karen. You are all specifically mentioned and I'm restrained from having my kids around y'all. He submitted your entire family court file, Jay's criminal record (20 yrs ago) and apparently "Karen is my lover"

Justin is allowed to have the kids around his girlfriend.

He did get everything he asked for. Everything.

How did this happen? I thought you had until Friday?

No she said it may take her until Friday to rule

We told her we couldn't come to an agreement

F██. I'm so sorry.

6/14/2023 4:53:10 PM

I know it wasn't the outcome you were wanting.

It's not a loss though. You still get to be actively involved in your kids lives and you still have the opportunity to be a great mom.

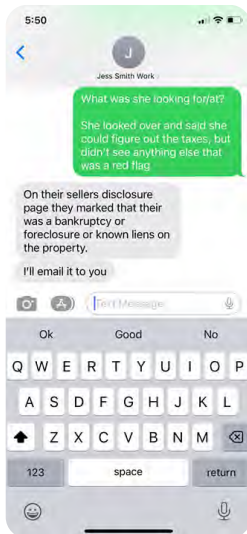

Make the most of this shitty situation.

You're 100 right. I have a much different/better perspective now. He's going to lose his law license. Doesn't matter about the CDV. That feels good. (He doesn't know yet... his whole defense is that I fabricated the CDV to gain an advantage)

It hurt a lot that you were named specifically.

Thank you very VERY much for your support. It means so much ... and more than I can really even say.

I've been on the phone all afternoon but I definitely intended to call you back. Currently on hold with Pisanos bc I need some comfort food.

On a different note...

I guess that's what was up with the house

I just emailed you the sellers disclosure

Oooo well I didn't see a foreclosure or tax lien. That is what I was thinking. I'll look again though

Bankruptcy... not sure about that. This would be the easier route ... what do you care if they are in bankruptcy?

There are a lot of rules and issues with foreclosure or a lien.

Just trying to figure out what's going on with it before putting in an offer

And I think the wording is vague as to wether it's bankruptcy or a lien against the house. Not really sure

Getting David to look at it too. He's a reality attorney.

David? I like to play the name game

If you can send me that language

David and Julie. They come into O'Brions

I emailed you

David Bevon

or other land use restrictions affecting the real property
16. Easements (access, conservation, utility, other), party walls, shared private driveway, private roads, released mineral rights, or encroachments from or to adjacent real property
17. Legal actions, claims, foreclosures, bankruptcies, tenancies, judgments, tax liens, other liens, insurance issues, or governmental actions that could affect title to the property
18. Room additions or structural changes to the property during your ownership

I didn't see any liens or foreclosure stuff on first look

Could definitely be a tenancy issue (it a rental and you have to let them finish their lease)

Or even a divorce ...

A judgement would be against the owner and they attach the property to secure the judgment.

There is a way to address all of this stuff ... but yeah ... better to know before you spend time.

I saw they raised the sale price recently. That feels like a divorce issue to me

The good news is SC requires title insurance. Whoever does the paperwork would have a duty to find all issues affecting title (all these issues listed)

Yeah, they raised it 5k on the third day. Peculiar.

I sent it over to David too

That screams divorce to me

Thank you for looking at it for me

Do you know the owners name
Off hand? I can find but it will take a min.

If so I can check into divorce or other judgments

Anderson Carlotta

OMG I dumb. I didn't see that attachment until just now

You absolutely need another seller's disclosure. That's a first. He was supposed to explain that specifically.

P6- he was supposed to identify possible issues with title (bankruptcy, tenants, etc). None are checked - so if that's true... first right of refusal (not likely) and Gov. Actions?!?

First thing I thought of is 526 and imminent domain.

*****for every property you look at you MUST consider the plans for 526***** people are Getting screwed by this left and right but it's their fault for not doing the research (when we see a yes question like this)

It's already feels a lil yuck (complicated)

That's awfully close to the Air Force base. Like a block and a half

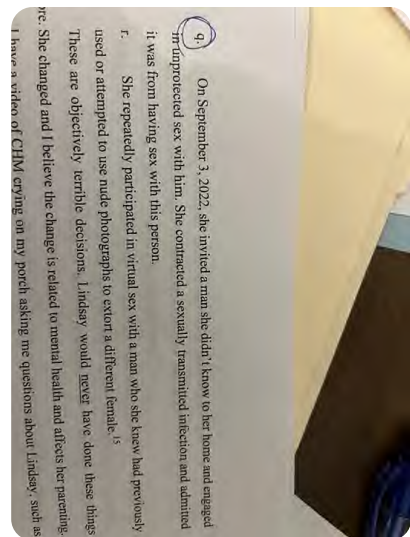

I'll look into it more after work. Thank you

<https://www.denix.osd.mil/sri/tools/sismrs/epzr/>

Ta da!

Didn't read it all but there are enhanced restrictions near the AFB. I bet that's it

That would certainly apply

This is the kind of shit I'm having to "disprove"

Uhh you got an std? I don't

Also the virtual sex thing is also not true.

Wtf? How did any judge let this happen?

And isn't his rap sheet longer than mine and Jay's put together

Yep.

Do I need to go get an std test to show its negative?

He put a whole page about my sexual abuse and that I'm having a psychological break down

Will you have the same judge again?

Please tell me you put his sexual abuse stuff in there too

Probably not.

No i didn't. You know ... I'm ok and sorta proud of my submissions. I focused on my kids and my parenting. Didn't throw mud. Kept it factual.

Really trying to believe in karma

We have a review hearing in 90 days. That gives me to disprove everything.

I did tell you I got an std test at one point. Definitely after we hooked up. So it's easy to prove ... just crappy.

Pretty positive I told you that it was after I found out about Maggie and peeps ...
A precaution bc I'm paranoid as fuck

You told me. Was just offering in case it helped prove how much of a liar he is

Awww I actually didn't see that. I want to say I love you and that's weird but thank you. Makes me feel good that you'd be willing.

I have almost everything I need .. and the rest I can subpoena.

Honestly ... the biggest loss for me was the Grace and You decision. I've talked to a few other lawyers and all have said WTF. It should be the same
For both

Somethings off about this judge

And it is pouring outside

He had like 13 EXTREMELY PROMINENT attorneys do affidavit's saying he is the epitome of truth and ethics. I can actually completely understand why she took everything he said as fact.

He told everyone I'm keeping the kids from him and lied about the CDV to get an advantage. They felt bad for him.

Honestly.... I'm satisfied knowing those lawyers will be reading a Supreme Court opinion soon for stealing money from a client. The client is me (he took 20K from my Dads estate)

He also a LOT of other trust account issues but I confirmed with an ethics attorney ... he will be disbarred. That feels good.

The 90'day review hearing isn't usual at all. That's the Judge giving space to disprove or prove the things we put in our affidavits.

I've talked with the police and a lawyer so all that has been initiated as well

Thank you. I miss you.

Miss you too

Tax liens. Not a big issue. They will be paid by the seller from out of the cost of the house.

What?!? I wonder why I couldn't see that (or find that)

Glad you talked to the guy who does this

Good morning ●

Headed to work.

Hope your day goes well!

Good morning ●

Eweee a double?

The children go with Justin Fri am. My uncle leaves Fri night jussss saying.

Yes ma'am. I work Friday night, but I can come over after or we can do something Saturday morning

Do you know what's up with these ultra wormholes in Pokémon go?

No clue. I haven't seen that

Did we ever determine if Melissa told Kate she could give Justin your file?

Maybe I'll just subpoena Kate....
Would Melissa even care about it being used in my case (or against your)?

Sorry - I forgot you are working!! Hope your day is great.... No need to respond.

Melissa did not give permission. That's something that Kate did on her own. I also have written proof of Melissa saying she didn't give Kate permission.

Let me know what files or messages you need.

Loved "Melissa did not give permission. That's something ..."

OMFG. Please if you can send that to me.

Emailed it to you. My apologies, but it's a lot. Obviously most of that can be exempt, but I sent you the entire email thread. If you know when Kate called Justin there's also mention of Melissa calling Kate, so that can be timed and dated adequately.

Email is titled somethings not right

Hope that helps

I. LOVE. YOU.

Thank you so much

You're welcome

How's your day going?

Oh, and I guess that house is in bankruptcy. No Bueno. Try, try again.

Hahahaha

Wtf

Not sure if that's in response to how your day is going or the house that I was looking at

Or there is a trustee and they need that much to cover everything

Completely agree with this. Don't force yourself to do something. The right thing will come along.

Yes, it did. I wish it would get Justin in trouble though but it's really Kate.

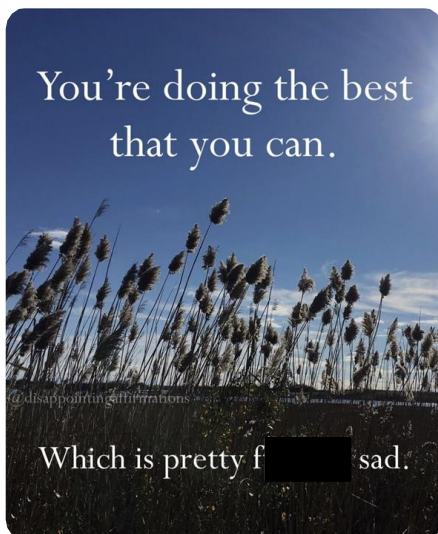

I know, but the more you can prove that people referenced him and did that kinda stuff discredits him and the people that wrote affidavits for him.

It's all for the cause

I want a hug btw.

Miss you

Me too. Imminent. Trust me.... Laying with you is about the only thing that is going to make me feel better.

My morning jacket is playing tomorrow night at firefly. I know I can't go, but thought you may enjoy

Are you going?

No. There's no one to cover my shift.

If you want to go and it's feasible I might be able to move hell and high water to make it work, but it's a slim chance.

I dunno. Know you love music and maybe that's what your soul needs for tomorrow night.

Also, our track records with shows isn't all that spectacular due to numerous outside factors, but maybe this time since it's last minute may work out

Lemme know

You're awesome but I'm good. I'm taking my uncle to the train at 9:30. Mind if we come eat before?

What outlet would you like to be unblocked?

Your still available on Instagram

None. Just made me think it all

And if you want my fb say so

Nope. I was just making an observation.

And you are unblocked on fb now

My apologies. With all the ups and downs and you blocking me and vice versa I don't always remember to open up all the channels

Ironically, can't even find you on fb now

Found you via messenger. Sent friend request

Feel like something happened and you're in a dark spot right now

Ok. I'm still here for you if you wanna talk

Door is locked. Going to bed

Ok.
My apologies.
Enjoy your weekend.

Not sure why it's to late.
All you had to do was sleep and I would've curled up with you when I was off.

Yeah no thanks. Im not your drunk crash pad.

I don't sleep when you are coming over. Probably should have said that before but now you know.

Yeah, I'm not your emotional punching bag either.

Again, you've pushed me away for so long

You're good.

Don't know what I'm saying. I hope you're asleep at home. I don't anticipate getting anymore updates on your whereabouts. I never wanted them in the first place. I hope I won't get them bc I won't ask you about them. You weren't honest with me one time about that so I'm not foolish enough to play that game again.

6/17/2023 2:52:07 PM

Would you want to meet before work so I could give you that basket?

If you say no you will still see me because I'll be making a special delivery to O'Briens. I may get some helium balloons that say happy Father's Day....
Something that will really attract some attention. Possibly a mariachi band to lead me inside.

Maybe a cake too with some candles.

I can swing by your place before work

Haha was it the threats that got you to respond?

No, it's the fact that I just woke up

I do want company

Ok. I will try to be out as quickly as possible and Kristy seems to be in the same mood

Envious you're eating at Edison

I owe you for this. Such a blast from the past and soooo good.

I've spent the afternoon working on my SLED complaint against John Clayton re: PI stuff. Just want to make sure you're ok with me mentioning your stalker stuff. I'd need to put your name and number and SLED could reach out.

Oh he is f .

That's fine.

I'm calling tomorrow to have someone come out.

Trying to do this officially with a paper trail.

Heeeeeeeeeeyyyy. So I need a favor. 🤔
My attorney does want any std tests you may have (or had)
Not a rush or important. We can discuss next time we see each other

Ok. I'll go get one. May be next week before I can make it since I'm either going out of town this week or my dad is coming in town

Also, where did you go to get yours?

Don't go get one. Let's talk first. I got my first at a doc in the box.
I had my annual OBGYN appt in April and asked for another.
Both all clear 🤔

I just don't have one that's current for our time frame. I don't care.
It's just ass hat trying to embarrass and belittle everyone.
Hopefully he's going to get them too

Also, if you want the testing to stop on all fronts, make it al clause where he pays for all negative tests.

Seemed to work in my case

Jesus I cannot even believe this. Yes you are 🤔 correct.
You don't need to do anything. If you had older test already is what I'd be interested in.
I get to truthfully say:
Justin retained the following gifts For his own use and pleasure:
-12 in glass dildo
- 14 in rubber dildo (tan)
-14 in rubber dildo (black)
-sex machine

Replying to Dan, 2023-06-19 18:32:29: « Also, if you want the testing to stop on all fronts, make it a clause where he pays for all negative ... »

Definitely on a final basis. Right now we're at the mercy of what the Judge ordered.

I feel it's a win he has to keep getting testing despite providing clean tests from 2 different facilities

Replying to Dan, 2023-06-19 18:30:54: « I just don't have one that's current for our time frame. I don't care.

It's just a hat try... »

This was me trying to prove he lied when he said you gave me an STD. I'll give my records but it would have been a bonus if you had one too. If I'm going to clear my name, I wanted to clear yours at the same time. They'll just have to be ok with the inference (if you had one ... you would have given it to me)

I don't have any older test that are relevant.

Again, I'll go get a new test done.

Not something that I do that often since my life is usually a thing of being with someone for years and then having spurts of randomness in between relationships.

Ok. I'm sorry

NO- don't worry about getting a new test

NO IM SORRY!!!!!!

It's ok. You know I'll do what I can to help you

I know and I appreciate you more than you know. Even being able to vent to you about this is helpful (but no doubt annoying/taxing for you)

All good.

Humorous to know that he's even lame in his dildo colors. It's a f█████ dildo, you're already exploring, might as well make them vibrant and colorful and take it to the extremity instead of being vanilla in your choices.

Handheld rubber penis is what I'm calling it so far

Double ended dildo, but not your typical. One side butt plug, other side penis.

Am I the only one that finds this psychotic? Did y'all have a sex room in the Meggett house?

And why is he keeping dildos?

He really does f [REDACTED] his own ass fixated on his childhood trauma.

I can see him ramming dildos up his ass in front of the mirror as he chants his mantra of "I am in control"

OMG NO. These were all given to me AFTER our separation. It was all his attempt to keep me "satisfied." And 🤢 this is disturbing. I got so mad but this stuff would show up at my door daily

Laughed at "And why is he keeping dildos?"

Again, if they were returned, why would he keep them?

Well, wherever, if he ever gets a new office, maybe a subscription to the dollar dildo club is warranted

This is a question I'll answer in person. Still have to turn over texts

And I don't know of any straight man that would need of 24+ dildos that isn't ramming himself.

Highly twisted

If you want to curl up for a few hours tonight I can make that happen too. If not I'll drive to the burg after work

I'll show you tomorrow. It is really pretty and not too shabby for my first lathe project

I can't even with you and that picture. Laughing so hard

I'm glad my uncle is gone....
He'd want to talk your ear off about that

Now go shower so I can picture it.

Yes ma'am

Goodnight. Sweet dreams

6/22/2023 12:12:26 AM

Loved "Goodnight. Sweet dreams"

6/22/2023 11:31:17 AM

Are you busy today? May be back in town sooner than expected and wasn't sure your agenda?

Hey!! I'm working on my discovery response ... nothing scheduled though. Making progress on the hacking stuff so I expect I'll be on the phone with my attorney off and on. Definitely come over whenever ... Bring some dirty laundry and will tackle that load....

Haha I really want that to be a euphemism.... But for real... laundry is sorta my jam. It's like the opposite of how I feel about cooking

My laundry is actually pretty much caught up for once. Shocking I know. And I'll head straight to you when I get back in town. Should be between 4-5

Loved "My laundry is actually pretty much caught up for o..."

Have you had/do you like these?

Mom fail- C [REDACTED] asked me to get prime drinks. I got these home and realized they have caffeine - and that there is a Prime drink with electrolytes only. [REDACTED]

I really don't like and they are taking up valuable real estate in my refrigerator

Never had them. I'll take them off your hands though

Awesome. Drive safe and see you soon [REDACTED]

6/23/2023 4:56:24 PM

Even MORE thankful for my time with you to reset. I swear just hugging you brings my heart rate down. Justin pulled some crazy shit and took the kids out of school early just to F-with me. He's seriously unraveling.

Been thinking about you and hoping the appointment went well. Hope you have a good night at work. [REDACTED]

Thank you. I really needed yesterday and last night with you.
Appointment went well. At Ila's discretion how and when she cares to proceed. Nothing life threatening.
Enjoy the time with your kids.
Miss you already

6/24/2023 12:39:59 PM

Hope you and the kids have a good day

Thank you! Hope your day/night is good as well

6/24/2023 2:48:03 PM

Do you take beta blockers? Ha- that would be another way we were polar opposites (I have bradycardia)

Didn't mean to be nosy or intrusive. I'll tell you why I ask another day

I don't know what those are.

And all I can think of is those sunglasses from back in the day. I think they were called blue blockers

Should I be taking them?

Just read over what they are. Now I'm kinda curious

And is that why you felt lightheaded the other day?

Liked "And is that why you felt lightheaded the other day..."

Oh- annnnd the bed settings/sides were switched the other day. Your side was set to my warm lever and I was fucking freezing over there at -8

I actually woke up freezing and made it warmer (on your side!) hahah technology fail.

Opsie

Serious question for you...

Do you ever entertain friendship with someone after being sexually/romantically involved?

Or is it like a cut and run?

I guess Shellie is like that... it was just a question

Really depends on how things start.

Usually cut and run because I'm not good at restraining myself.

Although in general, I come back around to being friends with them usually.

It just takes time to diminish the physical attraction.

What makes you ask?

Liked "It just takes time to diminish the physical attrac..."

Nice avoiding my last question.

Headed to work.

Enjoy your evening

Sorry I was responding to something. I also told you I'd never ask again. I'm not trying to start a fight. Maybe just trying to understand my place in everything.

Not accusing you of anything last night. I just realized you won't tell me the truth ... even though everything I've said to you has been genuine and true. I care a lot about you so I'm feeling sad and confused.

But I also have to "meet you where you are." You can't love someone into loving you.

6/24/2023 8:26:36 PM

Replying to you, 2023-06-24 14:48:03: « Do you take beta blockers? Ha- that would be another way we were polar opposites (I have bradycardia) »

It was my uncle's. Duh. 🙄

Replying to you, 2023-06-24 14:48:03: « Do you take beta blockers? Ha- that would be another way we were polar opposites (I have bradycardia) »

Laughed at "It was my uncle's. Duh. 🙄"

Didn't realize you were implying someone had left something there

Haha sorry ... been a hectic day. I found it on my dresser. I bet you he put it there to take (but forgot) or didn't see it (it's small). Seriously feel dumb that I thought it was yours. 🙄

6/25/2023 4:40:13 AM

So...

Very many things. I say this after working with Kristy who I have very much respect for her and her opinions and it's also why I've encouraged you to befriend her. She's a phenomenal human being and I hold her in a very high regard for her thoughts, ethics and being of a quality human.

So, I may not have been the most fair in asking certain things of you. It's not an adequate time or place in your life to answer with so many circumstances.

Also, I may have been offended based off my own past experiences and putting unfair stipulations on you.

I whole heartedly apologize. These are my insecurities from the way

I've been treated in the past and aren't adequate to be carried over to how things are currently.

In summation, I have my own faults and inadequacies. I just want to know that I'm wanted.

It's not fair of me to ask that of you when you have so much on your plate. I honestly should be the last of your worries when so many other troublesome endeavors surround you.

That being said, you're pretty f [REDACTED] phenomenal. I hold you in the highest admiration for being spectacular and someone that I want in my life.

Not really fair for me to hold you to those standards when you have so much else going on right now. I still feel that way about you, but it's me being selfish and asking you to want to be with me and then being hurt because you can't provide that for me.

That's a me issue, not on you. My apologies for projecting that upon you and then being offended because I don't know how to deal with that.

I should be patient and wait til you're ready and I should also be cognizant of the fact that you may never want to be with me. My pride and self esteem gets in the way of that and I've also been in relationships where I've woken up and questioned where the fuck did the last five years of my life go. That's a me thing that I'm trying to work through and I've unjustly placed that on you.

You really are phenomenal and deserve a better life. Not saying that I can provide that for you, but I would love nothing more than to be part of your life when everything comes to fruition and you can be the rockstar human/parent that you actually are.

I dunno, rambling as usual. I just try to let you know how I feel about you. Words aren't my strong suit and more often than not I don't adequately portray how I feel about you.

You really are special. Intelligent, caring, unique and inspiring from everything you've endured and you're outlook on life. A true aspiration.

Not really sure where I'm heading with this other than to let you know all these things. You are unique and magnificent. A phenomenal mother and someone that I appreciate in my life. Now may not be the opportune time, but I still wholeheartedly appreciate the fact that you've come in to my life and for having the opportunity to get to know you.

Much love 

6/25/2023 8:37:18 AM

I guess to answer your question, yes, we can just be friends.

I won't be able to see you for a while, but I'll always be here to listen or to chat whenever you need.

The jeep was left there intentionally to stir the pot. It lets me know where everything stands.

Enjoy your week with the kids.

I haven't been able to read your entire message yet... I will and I will respond.

Kids woke up on fire (not literally 🤔)

No rush. My morning has been similar

6/25/2023 9:52:21 AM

I'd be open to having a conversation in person if you want. I know we can both be easily distracted so if that's not a good idea I understand.

No matter what goes on now or in the future I'll always want to continue being your friend. For all of our ups and downs, you've stuck by me and been a tremendous support in my life. I genuinely like and care a lot about you. I don't feel judged or like I need to pretend I'm anything I'm not. I feel liked for who I am.

For whatever reason I feel like I can really see you. It's not a pass on anything, but I have compassion and can see why you do things that hurt other people.

I also have compassion for myself and the other ladies who are hurt by this. I'm sure many are willing participants, but I know some of us believe we have exclusivity.

Even when I'm divorced I won't always be accessible or available. That's what happened with Justin. I was there physically but mentally I was struggling with postpartum depression and taking care of an infant and my grandmother in hospice. I was there but may as well have been in China. I wasn't accessible to him so he found attention and comfort elsewhere.

You have to want to heal yourself and do the work otherwise you will do this until the day you die. I don't think this makes you happy or satisfied. It fills a hole. It is a distraction from loneliness. It is also a bomb that you are setting off in other peoples' lives.

I'm struggling to know that I am the "other woman" to some of these ladies. You've been with them longer than you've known me... I'm the home wrecker. It makes me furious.

It also makes me feel bad about myself to know I'm acting just like Grace did with Justin (prioritizing my own needs and wants over what I know is right and decent). Their relationship is built on lies and

cheating. I don't see how our relationship is any different.

I told you Justin wouldn't be sharing any more GPS stuff. I don't know where your Jeep was or anything. I'm telling you that so you don't go trying to find something that may not be there.

We won't ever have anything serious without some radical honesty. I need that going back to day one. I need you to admit that you lied in order to forgive. Right now this is just like a horrible fog. I know I can't see what's in front of me ... but that doesn't mean it's not right there.

Radical honesty takes vulnerability. You're going to have to trust that I'll love you through the ups and downs. You'll have to be secure enough with yourself (and me) to let yourself feel disappointed or alone.

Ila only has one Dad. There are times when she will need you to prioritize her over all else because YOU are the only person who can give her what she needs. The exact same applies for my kids but I have 3! Anyone who chooses to be with either one of us will have to be secure enough when we need to be there for our children (and can't be there 🙄 for our partner).

I care a lot about you and always will... regardless of where we go from here.

You speak of honesty. It's a two way street.

I don't really enjoy who I am and I do things in relationships to cover those things up. It would be nice to be completely honest and throw everything on the table.

I understand that kids take precedence over all other things.

Not really sure what an in person conversation would accomplish at this point. I'm up for it, but that means we both have to be honest with each other no matter how painful it may be.

Sometimes it's easier to be vulnerable when you're not alone. I certainly want to give you complete honesty. I would not demand it if I wasn't willing to do the same.

Also... I have NO poker face. It's very hard for me to look at someone and lie to them. My face and body give away everything.

If there is anything on your mind that you want to ask of me please do. I can't think of anything I'd want to lie to you about.

It's not lies. You just shut down. I guess you could call it truth by omission.

If you wanna talk in person that's fine. You say when and where. I know you have the kids this week.

6/25/2023 1:15:57 PM

Yes, I definitely do shut down. It's going to be on you to press me if I don't fully answer your question.

The kids have camp this week so any day you want to grab breakfast or lunch.

We can do Monday or Tuesday.

You choose.

Just got to the pool with Kristy and also just found out a good friend of mine passed away this morning.

Shutting down for a while.

I'm so so sorry to hear that. I'll be thinking of you. Please let me know if I can do anything.

6/25/2023 5:30:56 PM

You have to go see Elemental. 🎬🎬🎬🎬 so good.

I'm bawling crying and my kids are laughing at me. Soo good.

6/26/2023 2:54:54 PM

How are you? I know you have stuff going on, but I am thinking about you.

6/26/2023 4:55:04 PM

Thank you. One of only a handful of times you've reached out to me without some preface.

Sad otherwise. For lots of reasons.

Enjoy your week.

What do you mean? ● I do my best to stay in touch, see how you are doing, try to get together... I just made a very specific point to bring my uncle up there to meet you. I ask about your schedule weekly which absolutely dictates when and how I reach out.

I admit (and every friend, relative, Justin, etc.) have complained that sometimes

I don't answer texts... or it takes me awhile to answer.

I blame life, ADHD and being the only one in my entire life that I can consistently rely on. I'm proud to say I'm juggling a lot but still surviving. A delayed response isn't indicative of anything except the above.

I can't think of a time (except the very beginning in October) when I took more than a day to respond. I was being passive-aggressive, but I did explain why I didn't respond.

Honestly, there are a lot of times I'd be game to just hang out. I realize our relationship is primarily based on sex. I do acknowledge playing a big part in that dynamic. I'm 37 and with every boyfriend I've ever had - including Justin - sex was my commodity. It's what they liked about me. I've tried very hard to explain that to you bc it's something I'm trying to change for ME.

I don't reach out when I'm feeling insecure or unwanted. I still respond if you text me when I'm feeling like that. I have big emotions. It wouldn't be good for me to approach you after discovering something that really hurts me - which is quite frequently. Sometimes I'm feeling insecure and then you tell in yourself which makes me want to retreat even more.

I'm genuinely glad you can talk to Kristy about this stuff. I've got no one but myself.

I texted you yesterday and didn't hear back. You said you were going through stuff so I thought that meant you needed space. I actually felt bad for texting you about the movie.

I'm pissed right now. This feels a lot like you are deflecting. It feels like you are playing games which I've told you is not what I want in my life. More than anything I don't like how this relationship makes me feel.

No, not at all. You said you wanted to meet to talk.

There was silence.

It's the things you don't say that are more damning.

Also, I wasn't talking about responding.

At one point you said you've never felt so indifferent from how I was acting towards you and not reaching out. I've tried to be better.

When was the last time you took the initiative to tell me good morning or something similar? That's why my response was what it was today.

I'm sad, I'm scared. I've tried to talk to you about this kinda stuff before and you've blown me off or gone silent and now you say I'm trying to deflect stuff on you. Not the case.

I understand you have your ways of putting up barriers and I do as well. Both of which can be detrimental. Thought this week was maybe/hopefully an opportunity to talk about that and see how to proceed.

Not deflecting. Was actually excited to have an unrestrained on the table open conversation with you.

Taking your advice and Ila and I are going to see elementals

I've had a very difficult day and I can see that I'm having a big reaction to your text.

I do acknowledge and appreciate that you have increased communication. It does make me feel more secure. I will certainly make an effort to do the same.

Today I'm really feeling like nothing I do is good enough for anyone. I need to process that but can't really until the kids are asleep.

I'm exhausted in a way that you're usually exhausted - except that if I don't get 8+ hours of sleep ... I feel it a lot and need to make that up... or it is compounded.

Because I'm so exhausted I know that I'm not in a great place to talk about things and put it all out there. I'm certainly open to napping together.

Replying to Dan, 2023-06-26 17:42:15: « Taking your advice and Ila and I are going to see elementals »

Spoiler alert...

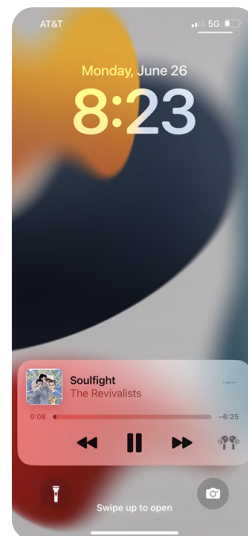

Fire and Water ... against all the odds I literally am tearing up just thinking about it.

I'm sorry that you're so exhausted and not trying to further add to what's going on. We can talk and or nap whenever you would like.

My apologies for being exhausted and emotional as well. Yesterday hit hard and it just seems like the hits haven't stopped lately

You don't need to apologize. I feel like I overreacted. I'll text you in the morning about a daytime slumber party. Hope y'all enjoy the movies

6/26/2023 8:24:44 PM

Awww this showed up on my daily mix. I had to stop listening to them bc it made me sad. Time to bring it back into the mix.

One day...

This one's better

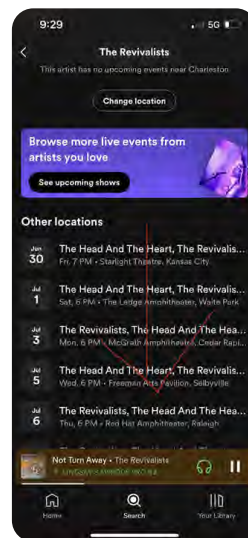

City of sound is a better album in my opinion, but it was just as they were coming around and definitely didn't get as much air play

And yes, soul flight is the album before that one

Cute movie btw

Loved an image

Awww this is putting me in such a good mood

Sooooooooooooooooo

Clear your schedule don't feel like calling in a bomb threat on the 8th when they are in Cola

Jokes

I saw them as the opening act for Avett Bros and liked them
Soooooo much more.

I like to daydream

You probably have to work on the 6th also but I feel like I could get
away with a bomb threat on a Thursday... Saturday not so much

***** ML and Jerry***** this is a joke ... the bomb threat... not
the concert

6/26/2023 11:17:18 PM

ML and Jerry???

I can do the 6th.

Can this actually happen for the first time?

Haha sorry that was me making myself laugh. Those are Justin's
attorneys (2/3 anyway). I'm about to turn everything (texts, etc) over
(Friday deadline).

You say the word, sir. We have a court order and his Mom is still here
watching the kids for him. It's literally the best chance we've had so
far. Honestly though he's still being a tad crazy so I'll check ticket
prices before we discuss further.

Might as well. Hopefully third time will be the charm

6/27/2023 12:43:04 AM

We're going to angry f [redacted] tomorrow. You either need to channel your
best acting or allow me to fucking piss you off.

I just received MORE discovery requests about the concerts we've
gone to....
I put all of this in my discovery that is about to be submitted.

AAhggghhhhhhhgh?!?!?! seriously he is making life even more
difficult than it was before.

●●●●● thanks for coming to my Ted talk.

6/27/2023 7:43:54 AM

Revived by the revivalists. My ear buds died last night hence the
breakdown ●

I'll be home by 8:30 ish... come over whenever.

Tickets are cheap!!!! ●

I have things to do today. It's why I asked you Sunday.

My apologies.

No problem. Hope you have a good day.

You too

And you and I have never gone to any concerts so that makes that discovery very easy

6/28/2023 12:26:54 AM

What's the difference between a dirty bus terminal and a crab with a boob job???

One's a dirty bus station and the other is a busty crustacean.

... you're welcome

6/28/2023 6:29:07 AM

Laughed at "What's the difference between a dirty bus terminal..."

That took me longer than I care to admit. 🙄 durrr

You want breakfast or anything?

Probably but I wouldn't even know what to ask for ... what/where are you thinking

Flying biscuit?
Vicious biscuit?
Chick fila?

Pages okra grill?

Haha anything serious. Can't go wrong with a chicken biscuit from anywhere

C [redacted] and H [redacted] are playing "Jeff bezos and Elon Musk" arguing over who is "richer" 😏

No more you tube

6/28/2023 9:00:06 AM

Just got out of shower. Swinging by chick fila. Anything in particular or just a chicken biscuit combo? What to drink?

Coke ... and thank you!!

See you shortly

6/28/2023 3:51:53 PM

Legit question, know I asked earlier, but feel like we got sidetracked.

Next Thursday, yes or no???

Yes. Super nervous but YES.

Ok. I'm excited!

Me too.

6/28/2023 5:14:31 PM

Should I wait to get tickets or you're good if you ask off?

We can seriously do this under \$200 for tickets and a hotel ... which blows my mind after what we've been looking at

I'm good if I ask off. Already did from obrions last night and I'll take off from beerworks when I get there tonight

And that's crazy considering what's been paid for tickets previously

Although I've never been to this venue before

And 10/21 which is what I realized today, that it's the same week as Tool in Oregon. Of course that's my luck in life

Replying to Dan, 2023-06-28 17:17:27: « And 10/21 which is what I realized today, that it's the same week as Tool in Oregon. Of course that... »

Daaaaamn. I'm sorry. Did you get your invitation yet? Feign ignorance? Jk I know you have to go ... family and all. That was the same time as my Greece wedding... that I have been priced out of.

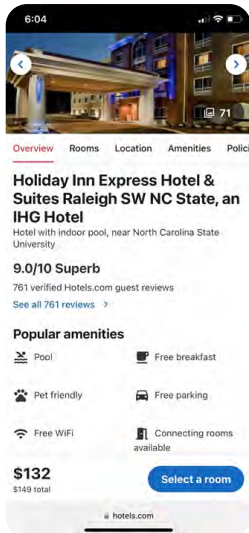

I got tickets!!

Will you do the hotel? I saw one for like \$80 5 miles away

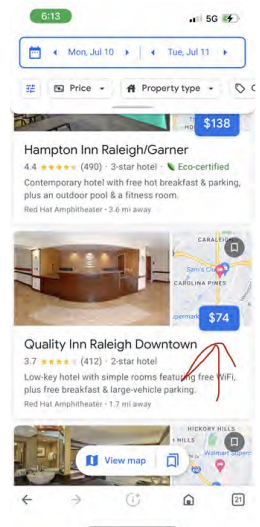

Yeah. I'll look at hotels before

At hotels when I'm done tonight

Did you see a specific hotel that struck your fancy?

I dunno. Trying to figure it out. Apparently one of the runners is from there and goes back frequently so I'll check with her tonight to see what part of town is safe/fun

This is the one I saw ... something cheap. We will literally just be sleeping there. I also like how close it is

Ok. I saw ones as close as a quarter mile and all that too. I'll ask marge just to make sure we aren't missing some hidden treasure and I'll make something happen tonight and let you know

I'm really excited

Loved "Ok. I saw ones as close as a quarter mile and all ..."

And I'm officially off that Thursday

6/28/2023 8:23:42 PM

Sooo I literally just watched Hudson stick his finger in his butt "to check"

THAT is how it happens ●

So gross

Checking his oil. Lol

Liked "So gross"

6/29/2023 12:33:56 AM

Reaching out because I'm upset and need to vent. You do NOT need to do or say anything. Nothing has changed between us. I probably need a diary.

Today I saw your phone keep lighting up/the multiple texts from different people. It made me feel really insecure. When we didn't hang out on Tuesday, I told myself you double booked yourself/or you just wanted to be with someone else. It's like 1/2 of me feels so loved and secure with you - the other 1/2 is as bad of a pain as I've ever felt.

All night I've been going through pictures i need to produce as evidence. I'm reliving all of the horrible crap. The text messages after your birthday. The nudes. You being so mean to me when we were "off." I just feel so shitty about myself.

If I didn't get this out I'd be distant towards you tomorrow or until something little happened and I'd call it all off. It would be right there at the surface and you wouldn't know why/what was going on.

I need a therapist. Or a diary that talks back. ●

I lied up there. I probably do need you to acknowledge that you got this and your dick isn't in someone else right now.

Or don't.

I deserve better than this. I don't think I've ever said that, and for once I feel it with every fiber of my being.

No hard feelings on my end. We all have stuff and that stuff usually affects those closest to us. You can hate me and say whatever you want trying to attack me. It won't hurt me or change anything.

I hope you enjoy the rest of your life, Dan. I no longer want to be apart of it.

6/29/2023 6:43:52 PM

Whelp. Here we are again. I just screamed in a pillow. F [REDACTED] loud.

Is ATT your phone provider?

3. Detailed and itemized cellular telephone records in regard to phone number (843) 814-7131 and/or any other telephone number listed in the name of Stephen Daniel Fowler (DOB: 3/23/1983) or for which Stephen Daniel Fowler is an authorized user, including, but not limited to, usage details for any and all incoming and outgoing telephone calls, for all SMS or other text messages sent or received, for all cellular data usage, and of all application usage from January 1, 2022, to the present. The Plaintiff requests that such production include Excel spreadsheets setting forth the requested information and documentation.
4. Any and all itemized statements, monthly statements, and all correspondence and documents related to any and all AT&T Wireless account(s) of Stephen Daniel Fowler from January 1, 2022, to present in regard to the number listed above.

Yep, and cool, let him send that to me. I'm not giving you my account info. He's already hacked my phone too as of a week or so ago. It's been acting sluggish and freezing up just like yours.

I'll be waiting patiently for the process server to deliver said papers.

You have no rights to my account info neither does he.

Also, you're reporting all your text and hopefully emails as well tomorrow so that should supply all the information he needs.

If you're not reporting your emails tomorrow please let me know

No that's going straight to ATT

So I need to file a cease and desist for that in other words

Let's talk on the phone if/when you can

And f [REDACTED] trust me. I don't want to see this

I'm losing my mind right now [REDACTED]

And I'm sorry. I know this is so [REDACTED] invasive. It's invasive for me and it's my case.

I'm going to ask my attorney to object.... But we need to talk on the phone.

The only thing he is going to gain is showing me who/how many other people/the proximity to me.

Like yeah this [REDACTED] hurts. A lot.

This would be a good time to check for trackers. [REDACTED]

I'm sorry. I know I'm blowing you up. I'm so upset right now.

This is for my deposition ...

Give me a few minutes

Talked to my friend. A buddy from the NSA might be able to help us out

I wouldn't hold your breath. I don't say that to be mean. Phone records are pretty much standard practice. You aren't a party but you're still my paramour. We'll object but I don't see that going anywhere.

But this is why I don't want to ramp shit up with him. He's fucking evil and won't stop. I don't have the support he has- family and financial. He's not going to stop until I'm obliterated.

This just hurts so much... and I know it's about to hurt a lot more.

Sorry. Tonight was really bad even before I saw the subpoena.

I feel bad for throwing all this on you while you are at work. I was just [REDACTED] praying that you didn't have ATT and that it was a fishing expedition.

Let's just say the worst happens. I'm going to beg you to sit with me a tell me first. That would be ideal for me... so I'm not sitting there bawling in front of all these attorneys like a [REDACTED] idiot. It would take the wind out of his sails if I wasn't a [REDACTED] mess.

Your call records really don't matter at all to the merits of my case. It's just about him making me look stupid and getting me upset.

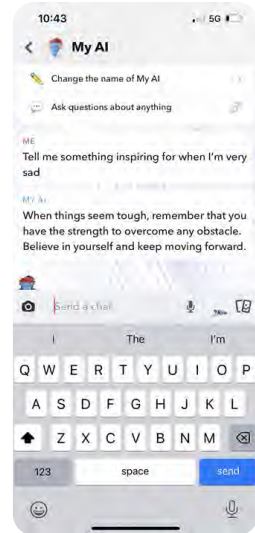

Can you talk yet?

Give me 5

Ok

All clear. Call when you can

6/29/2023 10:44:31 PM

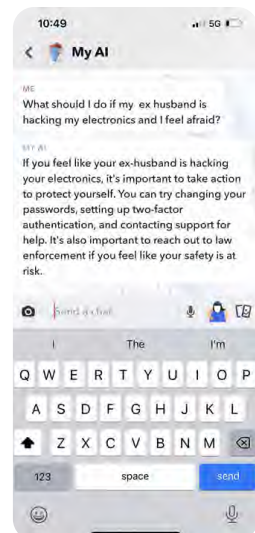

HahHahahaha I found a diary that talks back

This is actually pretty fucking amazing.

Laughed at an image

Those things are fantastic. 3 ultimate outcomes

Good news. My diary says we are doing the right thing. I can't believe how much this cheered me up

Thanks for talking earlier. I do appreciate everything you've done to help/support me. It makes me feel less alone. Seriously... it's why I care so much about at least being your friend.

And an extra sorry for blowing up your night. Hope it turns around for you.

Those AI things are awesome. They ultimately come to 3 conclusions...

- 1- nuke the entire world
- 2- mass genocide
- 3- they just want to be loved

And you say that as you tell me to fuck off and I'm left wondering why the f [REDACTED] I'm doing any of this.

My nights just chipper!!!

And good talk the other day. Glad it was so sincere and then you wonder why I try to protect myself.

Enjoy your endeavors.

And in all honesty, you've blown up the last year of my life. Why should tonight be any different.

We're not friends, yet I've been the one that's constantly by your side and trying to be in your corner.

Woohoo... f [REDACTED] me I'm an idiot

6/30/2023 6:28:04 AM

You don't need to do anything for me. I'll get through this the exact same way I've gotten through everything else - alone and by powering through.

Seriously. You don't have to waste your time. Call the cops to get the tracker. Everything else was about me trying to prevent more hurt to myself. That was selfish.

You should still be notified by ATT so I'm not sorry I at least gave you a heads up.

All good.

Check your email.

I do what I want.

And I know you're not sorry.

No f [REDACTED] given

And despite all the bullshit, you're not alone. I will still stand by you and encourage however I can. Wether you want me there or not, I will always be by your side in spirit and in caring and also be there physically if you wish.

None of this is easy and no one should be alone. My personal opinion.

Again, I do what I want

Great way to start this lovely Friday with some heart felt TedTalks

I wish I could hug you. I wish I could make it go away.

I'm not sure if you want me to be in touch or let you know what my attorney says about the subpoena.

You tell me what you want and I'll do everything in my power to respect and accommodate that for you.

Thank you. I can't remember anyone sticking up for me like you have. Just know I'm sorry and will be for quite a long time.

If I type anymore I'm going to cry and my kids are about to be up.

Go to bed and know I wish I was there with you.

All good. I've got my shit covered. I spent some time last night talking with my attorney and getting things situated on my end. I know what I have to do today, and even though it's daunting, I shall get it done.

I'll be visiting ole JT at some point today so if there's any heart felt well wishes you wish for me to convey then please let me know.

Not sleeping tonight. To agitated for that to happen and to much shit to accomplish today.

I'll sleep when I'm dead

Enjoy your time with the kiddos ●

This made me laugh so so hard. I wanted you to see it. I hope it doesn't wake you up.

I swear I tried to send that in insta and couldn't find you

Still awake. About to go look at houses before phone company, lawyer (s) and other bullshit before work today.

Told you I wasn't sleeping

Yeah, you blocked me. That's why

I can see our past messages, but I'm unable to send you anything

Also, we should just stop talking.

I'm obviously not in a good mood and most anything you'll have to say at this point is irrelevant to me.

Maybe it's just today. Maybe it's indefinitely. Who knows?

I'm sorry and I'll definitely respect your request. I'm sincerely so very sorry.

6/30/2023 12:08:54 PM

Anything beneficial from your lawyer before I walk into AT&T?

No we haven't even talked yet today.

ATT should be able to pull the records for you (maybe just my number too)

Also - bc they did this to Karen
Get records for

843-478-3367
843-276-2168

That first one was my old number

If they can't I'll even pull all the records with us from my phone tonight and send to you.

I'll do this anyway if you want.

AT&T should be able to do it. I'll also let you know what they say about the FCC and checking your phone for tampering

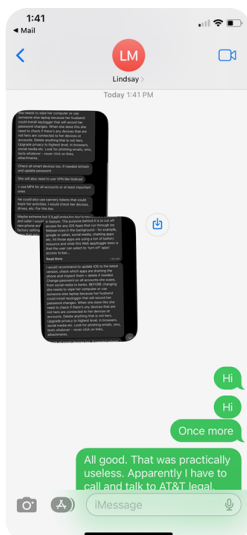

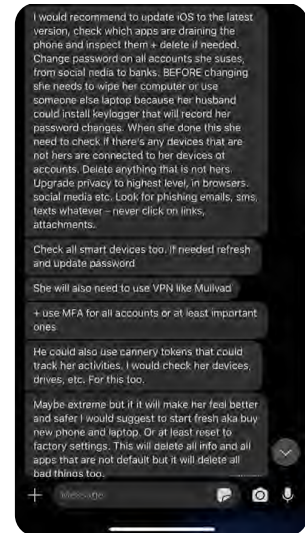

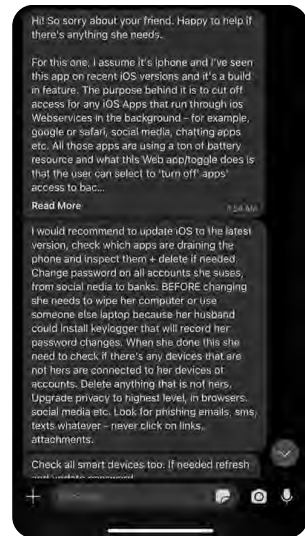

Also FYI- ATT will not have the actual text messages for anyone. Even if they answer the subpoena... they don't keep that info

I called ATT and was completely brushed off. "Nothing on our end/not OUR router"

" it's an iPhone issue"

Thank you and please tell me if I can do anything on my end to make it easier for you

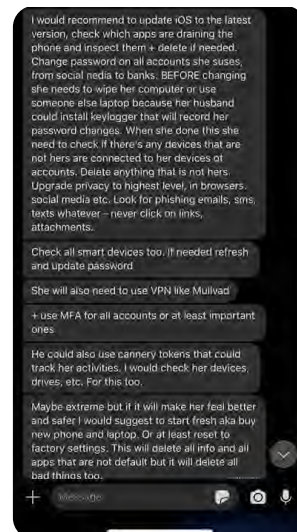

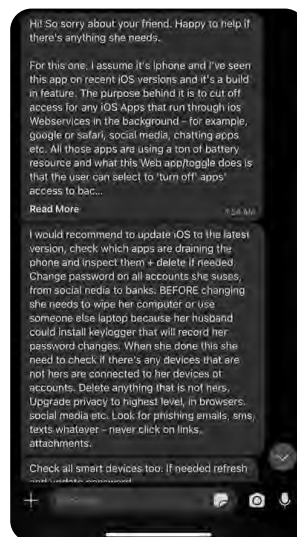

6/30/2023 1:41:06 PM

I got that picture. None of the texts

I know

Peculiar it corrected after we said something

Sorry didn't mean to double send that

6/30/2023 7:20:05 PM

You left your card at my house - I'm about to leave it on your windshield. Are you able step out and get it? Not to see each other. I just don't want it to sit out there.

I'm using Waze to drive to O'Brion's Pub & Grille, 520 Folly Rd, Charleston, South Carolina, arriving at 7:23 PM. Watch my drive in real-time on the Waze map!

https://waze.com/ul?a=share_drive&locale=en&sd=xgoG700BBIVwAHPEpw-sd&env=am&utm_source=waze_app&utm_campaign=share_drive

I'm waiting till you text me. Once you confirm I'll leave and you can come out.

PS- why the F do you park so far away?

Just seeing this

Start recording the exchanges... for everyone's safety

6/30/2023 8:41:10 PM

Liked "Start recording the exchanges... for everyone's safe..."

I'm really glad I got that hug.

When I got home the cul-de-sac was buzzing. He sent everyone his affidavit (with all of the lies and horrible shit about me)

So he's slandering you

Why would he mail everyone your affidavit?

He's desperate. I cried a little but everyone was so so nice. It definitely backfired on him. I feel humiliated.

On the bright side my 70 yr old neighbor thinks you're a cutie 🍷

She basically said get it girl

Loved "He's desperate. I cried a little but everyone was ..."

Liked "She basically said get it girl "

Sorry this is so shitty lately

For you too

Nah... may have found a house this morning

Sometimes there's a little sunshine amongst the rain

Hope your night/weekend gets better

7/1/2023 4:35:06 AM

Damn. Just for once I wished that I was certain that you wanted me.

Whatever; f [REDACTED] it all. I'll always be lackluster and the fucking whipping boy.

7/1/2023 6:52:50 AM

Wanna go do dumb shit as a new day arises?

7/1/2023 9:13:04 AM

I took an Ativan and was dead to the world. I would have loved to. I hope you never stop reaching out or late texting.

I'm genuinely not sure what I could have done show you I wanted you more. Sometimes my words weren't consistent. It's bc I was scared or had already experienced hurt and didn't want to hurt more.

I wanted you. I wanted you to be in my life. I still want you. I just can take that risk with you anymore.

You're only lackluster in your own eyes.

You were/are wanted and desired by so many. People saw it in the goofy way I stared at you. I saw it in the way other people stared at you. You are wanted.

I believe you may not feel wanted, but that's a you thing. I've been told similar about myself. Like I'm incapable of believing that someone genuinely loves and wants to be with me. I can't feel it inside bc I don't really believe I'm worthy of love. That personal experience is what helps me see your innocence.

It's also how I know that no one (myself or another) will be able to say or do anything that will make you feel secure and loved. You can't feel it if you don't believe you're worth it.

You are worth it, Dan.

Despite all of your relationships ... a post about you with an audience of 25k women ...still all was positive.

You're worth it and so much more. You need to work on believing it. Until you truly know your worth, you will continue seeking it out from other people. You'll never find it from another person.

If you know your value, you will know you are lovable and worthy of love. I also struggle with this so don't think you're alone.

You're an amazing guy, Dan. You owe it to yourself to work on truly believing it.

7/1/2023 10:59:12 AM

Came back to specify that I'm not just talking looks when I say you are desired. That may be what makes women look initially... but it's not what keeps them looking if you get what I mean.

There are plenty of sexy men that I'd love to kick in the balls.

You're much more than a handsome face (with adorable dimples)

7/1/2023 9:58:28 PM

Want to come over tonight?

I know I'm not being consistent with anything. I been drinking and want you.

I've*

You drive me crazy

And yes

I respect your decision either way and already feel like I crossed your boundary about reaching out. I'm sorry.

If you change your mind I completely understand. Just text me.

Otherwise door will be open

My car won't be there. I Ubered and had too much to drink

I'll be there.

Obviously have to be up in the morning for Ila

I know. I'm sorry for being confusing. I still want you to come over. Door will be unlocked

7/2/2023 8:02:15 AM

F*** you. I'm so pathetic. All you have to do is say the word and I'm there. This is why I despise myself. I can't even begin to explain myself. I hate all of this

And yes, I'm projecting my self hatred towards you on this. My own trauma redirected as a coping mechanism

7/4/2023 10:51:16 AM

Happy Independence Day!!!

7/5/2023 8:46:08 AM

I still have 2 tickets for tomorrow. I'm still going to go. I still want you to go.

7/5/2023 9:55:22 AM

What??? You never wanted me to go. That was clear a long time ago. I have to work. Enjoy the show with whomever you take.

Also, I just read your letter. Thank you

What game are you playing at here?

I'm not sure why you think I didn't want you to go? We discussed it together.. I bought the tickets thinking we'd go together.

All things considered you could be a little nicer. You said some shit that I'll never be able to unhear. Still, I needed to hear that so I guess thank you. There is a way to say that to a person without making it so traumatic.

I get you are working now. That's fine. Hope you have a good night at work.

You asked me last week if I wanted both tickets. Far enough in advance that I retracted my request off.

I haven't looked up hotels or anything and you haven't mentioned it either.

Also, we haven't talked since Saturday, which we obviously need to talk instead of acting like there's an elephant in the room no one can see.

In all honesty, being polite or open with you doesn't work. You shrug it off and think I have nefarious reasons for being like that with you, and that everything I say is a lie.

I don't want to start my day like this. You're welcome to meet me to talk in person, but I have stuff to do otherwise and don't care to continue this via text.

Replying to Dan, 2023-07-05 10:16:40: « In all honesty, being polite or open with you doesn't work. You shrug it off and think I have nefari... »

Well the less polite way worked. I heard you loud and clear - message received. Hope you have a good productive day. I won't bother you anymore.

So you're just turtling up now? What would you have said if I went to the show with you?

And despite all this, I'm still contemplating giving up my shift so I can go with you?

What the f [REDACTED] is wrong with me?

Yes.

Good. I'm excited. Nothing of substance until we were in the car.

Yes.

What the f [REDACTED] is wrong with ME?

What are you excited for? I missed something

That's what I would have said if you said yea you were going with me.

In the car I would have said ...

There are better ways to do/say that. It felt like you planned that in order to inflict maximum damage.

We don't have to talk about this anymore. I know you have stuff you need to get done.

The ticket is still yours if you want it. Just let me know.

The stuff I have to get done is for you.

You don't want to talk in person. That's fine. I'm not going out of my way to get off work at such a late date when you've already tried to ditch me for this show and now you don't want to talk.

That's unhealthy for both of us.

I'm not saying I don't want to talk in person. I don't know what else to say about this. Come over if you want to talk, but I genuinely don't know what else to say.

If you want to say stuff and get whatever off your chest that's fair and I'll listen.

I'm not coming to you. It's always like that as of late.

If you're too busy then I understand.

Do you have something you want to say or get off your chest? I'm not meaning an apology. I do not understand why we are meeting.

I would understand better if things were different. Not trying to be naive.

I picture me driving to Mt P. Crying some. Coming home and crying some more.

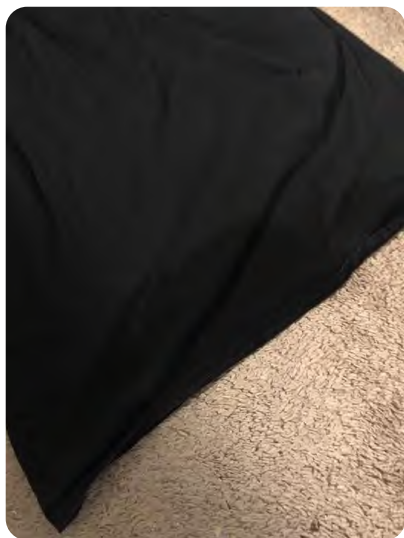

The second I come there my kids are going to FT. I've been trying to FT them the entire time and Justin is being a shit.

Just know that. The second I get there I'm going back out to my car.

What's more fucked up is that I'm coming now whether I'm invited or not. This was an ... I just need to drive to your parking lot if I want to FT my kids.

Ok. I understand. I'll be here and the door will be unlocked. Take your time and do as you must

7/5/2023 4:46:50 PM

When you go to put on a shirt and realize it's still half drenched from earlier 🤦

Was that you at the gas station?

And I think it's 4810 attaway drive if you have a moment to check

Disliked "Was that you at the gas station?"

Liked "And I think it's 4810 attaway drive if you have a ..."

Wasn't sure. Thought Ila was in the car with her mom and I was gonna surprise her and as I walked up to her car saw a similar car to yours leaving

7/5/2023 7:12:54 PM

Wasn't me. I have that basic bitch Lexus

7/5/2023 10:09:04 PM

Sorry I was distracted when you called. I was literally watching something weird happen on my old phone

Also- Justin takes propecia and is the worst person I've ever slept with. EVER. Just wanted to put that out into the world.

Propecia??? That's for chlamydia correct?

Hahaha.... balding/ hair regrowth.

No wonder I don't know anything about it

Taco Bartina???

Questioned "Taco Bartina???"

If that's an offer for food I'm good

Laughed at "No wonder I don't know anything about it"

Meant it as a spot to take note of potentially/hopefully go

Loved "Meant it as a spot to take note of potentially/hop..."

7/6/2023 3:58:34 PM

Have you tried the iMazing software for checking your phone? Saw there were options

I have. I also have a program called Certo. That's how I found something. The issue is you have to do the scan while the thing is doing its upload. I've done it so many times and never found anything. I happen to be up at like 2am one time working on this. I ran it and found it. Took pictures, etc. the next day/next scan it's not there.

Gotcha

Hahaha apparently I've used the pw "Danisahot1" too many times in the past year.

Don't hack me

Trying to reset everything and I'm not creative

Dimpl3sDoltB3tt3r

Just throwing out suggestions here

Hahaha way too hard for my simple mind

Just replace numbers with letters and capitalize letters at the start of a new syllable and throw in pointless numbers somewhere

7/6/2023 6:33:30 PM

Obrions is now a gym. Whoop whoop

Whhhhhat?!? How do you get that honor?

Either you have a tracker or he's monitoring real time. He sent everything to my HS friends. As embarrassing (humiliating) as it is... they see what a little dick douche bag he is.

Came to grumpy goat to eat with Karen. Revivalists were playing when I walked in 🙄

What did he send to your HS friends?

I'm gonna start printing pamphlets with his arrest records and everything else of his and just mass mailing them all over JI and downtown

All of our pleadings... stuff saying orgies ... I know they know the truth. It's just people are reaching out ... are you ok? Just humiliating. I need to get over my pride.

Oh, we'll see how he feels when the shoe is on the other foot.

It'll be just like registering pedophiles in new neighborhoods

7/6/2023 9:54:31 PM

If I was more tech saavy I would have put our faces on their bodies.

I'm glad someone got to use them. I don't actually know them... friend of a friend. Makes my heart happy to know how happy/ thankful she was.

Glad they got to go.

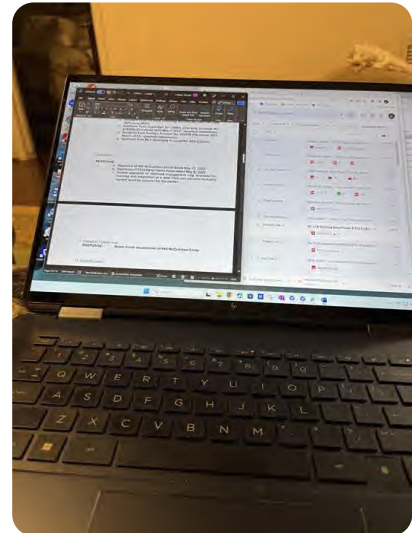

And I'll pull out the old photoshop and do my mediocre face swap so we can be there in spirit and post shit on FB

Also, remind me to clarify something with you when I see you please

Laughed at "Glad they got to go.
And I'll pull out the old p..."

Also didn't realize red hat was an outdoor venue

7/7/2023 1:49:34 AM

We're finally on the same work schedule

Should be done hopefully soon. Slow night and in a good spot if alee will shut up and do some work

Loved "Should be done hopefully soon. Slow night and in a..."

7/7/2023 5:03:44 PM

About to puke from anxiety. He tried to switch the drop off location because of the rain.

Also... be nice and give me some time in the gym

Make the drop off at obrions and I'll give you all the time in the gym you'd like

Seriously, good luck. I hope it goes well

Also, see if the fire department has a safe drop off location

Still a shit show but not as bad.

Hope you have a great night

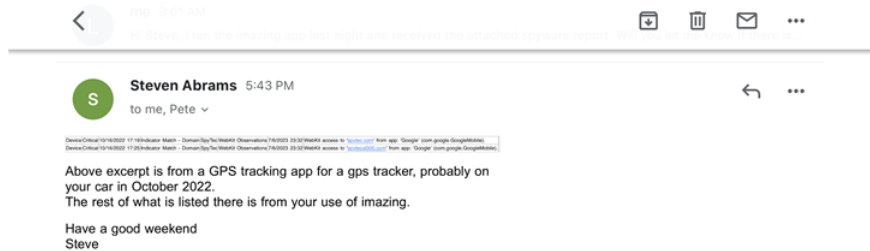

Glad all of you are ok.

You too

Do you have to reset your phone regularly

Questioned "Do you have to reset your phone regularly"

Like a factory reset? No never. I will once I back up my phone.... To do list this weekend.

This is from my forensics guy. Damn.

Not really sure of the significance of that

No, just a soft reset of your phone. It's like mine isn't working or the SIM card isn't registering

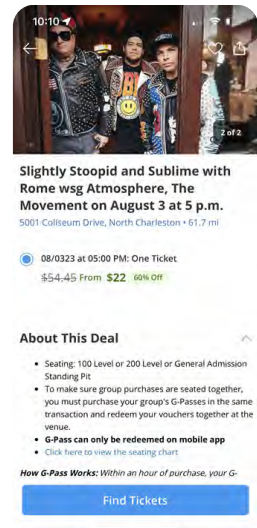

7/7/2023 9:16:12 PM

Replying to Dan, 2023-07-07 18:28:50: « No, just a soft reset of your phone. It's like mine isn't working or the SIM card isn't registering »

Had to google that. I don't.

I hope ATT didn't F-up your phone when you got a new sim.

It was happening before. Just another month til the new one comes out

Bc I'm a glutton for punishment

So we're staying in town for a show?

Or are we coming back early?

Don't forget to plug your phone in tonight around the same time to see if you get similar results

Laughed at "So we're staying in town for a show?"

I was looking and got distracted... by a concert... weird.

But no... I'm still looking at options.

7/8/2023 12:38:39 AM

Good night ... can't make it until 2 am to check my phone. I don't have the motivation of you walking in the door. I hope the rest of your night goes well

Sweet dreams

7/8/2023 7:13:05 AM

Just not the same waking up with no late night Dan text

Just not the same not waking up next to you

I was spoiled having two consecutive nights/mornings

Loved "Just not the same not waking up next to you"

7/8/2023 1:07:27 PM

Will you call me when you have a second

OTW to work is cool... I hope you are sleeping

7/8/2023 5:12:26 PM

Just hearing your voice made my day better.

I'm glad we get to see each other Monday now

Me too
