SC Court of Appeals

Please grant me Leave or Suspend my Direct Appeal So that I can file my Rule 29 (b) Motion For After Discovered Evidence at this time. I am still awaiting my Arraignment Hearing transcripts from the Court reporter in Florence SC. Those Arraignment Hearing transcripts will play a vital part in my Anders's Brief Amendment and they will play a very important part in my Rule 29 (B) motion as well. Right now our Dorm is Locked Down again because of some type of work their doing to this Prison and they will not allow me to go to the Law Library to finish researching my Anders's Brief Amendment. I desperately need to file this Rule 29 (B) motion at this time and after that is done with I would ask you to please allow me to finish my Anders's Brief Amendment. A large amount of the information (if not all of it) in my Rule 29 (B) motion will be put into the Anders's Brief Amendment and I was told to contact you about this and ask you to postpone the Anders's Brief or my Direct Appeal rather so that I could proceed with my Rule 29 (b) motion. I have filed a motion requesting leave of the Appeal in order to pursue the Rule 29 (b) motion on After Discovered Evidence, but I have not gotten a response on it yet. Please contact me back. Thank you for your help and your time.

Respectfully Submitted
Scott Lee
