Re: Request for Written Statements Regarding Transcripts and Case Dockets

Dear Court of Appeal,

I am writing to bring to your attention a matter of concern regarding the proceedings in Greenville County Court. Specifically, we kindly request two written statements from the Court of Greenville County to be submitted to the Court of Appeal.

Firstly, we seek a written statement from the Court of Greenville County requesting an allowance of two months for the preparation of transcripts. This request is based on an email communication received from the Greenville County Court reporter, wherein they expressed that can or have an equivalent of two months to prepare the transcripts. Obtaining an official written statement from the Court of Greenville County would help ensure that the necessary time is granted for the accurate preparation of the transcripts, which is crucial for the fair administration of justice.

Secondly, we request a written statement from the Court of Greenville County explaining the presence of two Case Dockets with identical Case Captions but different actions and orders. This discrepancy has resulted in a state of ex parte communication, which raises concerns about the transparency and fairness of the case proceedings. Obtaining a written statement from the Court of Greenville County clarifying the reasons behind this situation would aid in addressing any potential procedural irregularities and ensure that the case is handled appropriately.

We believe that securing these written statements will contribute to a more transparent and just legal process, promoting the integrity of the judicial system as a whole. It is our sincere hope that the Court of Appeal will consider our request and take appropriate action to address these matters.

Take Notice: Any and all times of misrepresentations, omissions, admissions, concealment, obstruction, from any governmental agency and or party will not be tolerated. Any and all who offends and have offended will be asked to post their Oaths and Judicial Bonds with Mr. Shelton Andra Kirksey. Please do not abridge this Notice.

Thank you for your attention to this important issue. We eagerly await your response and trust that the Court of Appeal will take the necessary steps to ensure a fair and equitable resolution.

Yours faithfully,

/s/
